RISK IN RELATION TO THE FIRST ISSUE

This being the first public Issue of the Equity Shares of our Company, there has been no formal market for the Equity Shares. The face value of each Equity Share is ₹ 10/-. The Floor Price, Cap Price and Issue Price were determined by our Company, in consultation with the Book Running Lead Manager, on the basis of the assessment of market demand for the Equity Shares by way of the Book Building process, as stated under “Basis for Issue Price” on page 96 should not be considered to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active or sustained trading in the Equity Shares nor regarding the price at which the Equity Shares will be traded after Listing.

GENERAL RISKS

Investments in equity and equity-related securities involve a degree of risk and investors should not invest any funds in this Issue unless they can afford to take the risk of losing their entire investment. Investors are advised to read the risk factors carefully before taking an investment decision in the Issue. For taking an investment decision, investors must rely on their own examination of our Company and the Issue including the risks involved. The Equity Shares issued in the Issue have not been recommended or approved by the Securities and Exchange Board of India (“SEBI”), nor does SEBI guarantee the accuracy or adequacy of this Prospectus. Specific attention of the investors is invited of the section titled “Risk Factors” beginning on Page 28 of this Prospectus.

ISSUER’S ABSOLUTE RESPONSIBILITY

Our Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Prospectus contains all information with regard to our Company and this Issue, which is material in the context of this Issue, that the information contained in this Prospectus is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Prospectus as a whole or any of such information or the expression of any such opinions or intentions, misleading in any material respect.

LISTING

The Equity Shares offered through the Red Herring Prospectus and this Prospectus are proposed to be listed on the Emerge Platform of National Stock Exchange of India Limited (“NSE”) in terms of the Chapter IX of the SEBI (ICDR) Regulations, 2018 as amended from time to time. Our Company has received an ‘in-principle’ approval letter dated October 30, 2024 from NSE for using its name in this offer document for listing our shares on the Emerge Platform of National Stock Exchange of India Limited. CERTAIN CONVENTIONS, USE OF FINANCIAL INFORMATION AND MARKET DATA AND CURRENCY OF PRESENTATION

Certain Conventions

All references to “India” contained in this Prospectus are to the Republic of India and its territories and possessions and all references herein to the “Government”, “Indian Government”, “GoI”, “Central Government” or the “State Government” are to the Government of India, central or state, as applicable.

Unless otherwise specified, any time mentioned in this Prospectus is in Indian Standard Time (“IST”). Unless indicated otherwise, all references to a year in this Prospectus are to a calendar year.

Unless stated otherwise, all references to page numbers in this Prospectus are to the page numbers of this Prospectus.

In this Prospectus, the terms “we”, “us”, “our”, the “Company”, “our Company”, “ATGL” and “ATGIL”, unless the context otherwise indicates or implies, refers to Agarwal Toughened Glass India Limited. In this Prospectus, unless the context otherwise requires, all references to one gender also refers to another gender and the word “Lac / Lakh” means “one hundred thousand”, the word “million (mn)” means “Ten Lac / Lakh”, the word “Crore” means “ten million” and the word “billion (bn)” means “one hundred crore”. In this Prospectus, any discrepancies in any table between total and the sum of the amounts listed are due to rounding-off.

Financial Data

Unless stated otherwise or the context otherwise requires, the financial information and financial ratios in this Prospectus has been derived from our Restated Financial Information. For further information, please see the section titled “*Financial Information*” on Page 174 of this Prospectus.

Our Company’s financial year commences on April 1 and ends on March 31 of the next year. Accordingly, all references to a particular financial year, unless stated otherwise, are to the twelve (12) month period ended on March 31 of that year.

The Restated Financial Information of our Company, which comprises the Restated Statement of Assets and Liabilities of our Company as at September 30, 2024, March 31, 2024, March 31, 2023 and March 31, 2022, the Restated Statement of Profit & Loss and the Restated Cash Flow Statement for the six months period ended September 30, 2024, and the financial year ended March 31, 2024, March 31, 2023 and March 31, 2022, along with the summary statement of significant accounting policies read together with the annexures and notes thereto prepared in terms of the requirements of Section 32 of the Companies Act, the SEBI ICDR Regulations and the Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the ICAI, as amended from time to time.

There are significant differences between Ind AS, Indian GAAP, U.S. GAAP and IFRS. Our Company does not provide reconciliation of its financial information to IFRS or U.S. GAAP. Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Prospectus and it is urged that you consult your own advisors regarding such differences and their impact on our financial data. Accordingly, the degree to which the financial information included in this Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting policies and practices, the Companies Act, Ind AS, the Indian GAAP and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting policies and practices on the financial disclosures presented in this Prospectus should, accordingly, be limited.

Unless the context otherwise indicates, any percentage amounts, as set forth in “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Position and Results of Operations*” on Pages 28, 114 and 180 respectively, of this Prospectus, and elsewhere in this Prospectus have been calculated on the basis of the Restated Financial Statements of our Company, prepared in accordance with IGAAP, and the Companies Act and restated in accordance with the SEBI ICDR Regulations.

In this Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures in decimals have been rounded off to the second decimal and all the percentage figures have been rounded off to two decimal places including percentage figures in “*Risk Factors*”, “*Industry Overview*” and “*Our Business*” on Pages 28, 107 and 114 respectively, this Prospectus.

Currency and Units of Presentation

All references to:

- “Rupees” or “₹” or “INR” or “₹” are to Indian Rupee, the official currency of the Republic of India; and
- “USD” or “US\$” or “\$” are to United States Dollar, the official currency of the United States of America.

Our Company has presented all numerical information in this Prospectus in “lacs” units or in whole numbers where the numbers have been too small to represent in lacs. One lac represents 1,00,000 and one million represents 10,00,000.

Exchange rates

This Prospectus contains conversions of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Indian Rupee and other foreign currencies:

Currency	Exchange rate as on (in ₹)			
	September 30, 2024	March 31, 2024 [^]	March 31, 2023	March 31, 2022
1 USD	83.78	83.38	82.22	75.91

(Source: www.rbi.org.in and www.fbil.org.in)

[^]The reference rate has been taken as at March 28, 2024 as March 31, 2024 was a Sunday.

Industry and Market Data

Unless stated otherwise, the industry and market data and forecasts used throughout this Prospectus has been obtained from industry sources as well as Government Publications. Industry sources as well as Government Publications generally state that the information contained in those publications has been obtained from sources believed to be reliable. The extent to which the market and industry data used in this Prospectus is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which the business of our Company is conducted, and methodologies and assumptions may vary widely among different industry sources. Accordingly, investment decisions should not be based solely on such information.

In accordance with the SEBI ICDR Regulations, "Basis for Issue Price" on Page 96 of this Prospectus includes information relating to our peer group entities. Such information has been derived from publicly available sources, and neither we, nor the BRLM have independently verified such information. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in "Risk Factors" on Page 28 of this Prospectus.

FORWARD - LOOKING STATEMENTS

This Prospectus contains certain “forward-looking statements”. These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “objective”, “plan”, “propose”, “project”, “will”, “will continue”, “will pursue” or other words or phrases of similar import. Similarly, statements that describe our strategies, objectives, plans or goals are also forward-looking statements. All forward-looking statements are subject to risks, uncertainties, expectations and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. These forward-looking statements, whether made by us or a third party, are based on our current plans, estimates and expectations and actual results may differ materially from those suggested by such forward-looking statements.

Actual results may differ materially from those suggested by forward-looking statements due to risks or uncertainties associated with expectations relating to and including, regulatory changes pertaining to the industries in India in which we operate and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India which have an impact on its business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes and changes in competition in the industries in which we operate.

Certain important factors that could cause actual results to differ materially from our Company’s expectations include, but are not limited to, the following:

- We depend on a few customers of our products, for a significant portion of our revenue, and any decrease in revenues or sales from any one of our key customers may adversely affect our business and results of operations.
- We generally do business with our customers on purchase order basis and do not enter into long term contracts with them. Our inability to maintain relationships with our customers could have an adverse effect on our business, prospects, results of operations and financial condition.
- If we are unable to attract new clients or retain our existing clients or default in payments, the growth of our business and cash flows will be adversely affected.
- We are dependent upon few suppliers for the material requirements of our business. Further, we do not have definitive agreements or fixed terms of trade with most of our suppliers. Failure to successfully leverage our relationships with existing suppliers or to identify new suppliers could adversely affect our business operations.
- The commercial success of our products depends to a large extent on the success of the products of our end use customers. If the demand for the end use products in which our products are used as a raw materials declines, it could have a material adverse effect on our business, financial condition and results of operations.

For further discussion of factors that could cause the actual results to differ from our estimates and expectations, see “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Position and Results of Operations*” beginning on Pages 28, 114 and 180, respectively, of this Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

We cannot assure investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements as a guarantee of future performance.

Forward-looking statements reflect current views as on the date of this Prospectus and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Neither our Company, our Directors, the Promoters, the Syndicate nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition.

In accordance with the SEBI ICDR Regulations, our Company, the Promoters and the Book Running Lead Manager will ensure that the Bidders in India are informed of material developments until the time of the grant of listing and trading permission by the Stock Exchange for the Issue.

SECTION- II - ISSUE DOCUMENT SUMMARY

The following is a general summary of the terms of the Issue. This summary should be read in conjunction with and is qualified in its entirety by, the more detailed information appearing elsewhere in this Prospectus, including the sections entitled “Risk Factors”, “Industry Overview”, “Outstanding Litigation and Material Developments”, “Our Promoters and Promoter Group”, “Financial Information”, “Objects of the Issue”, “Our Business”, “Issue Procedure” and “Description of Equity Shares and Terms of Articles of Association” beginning on Pages 28, 107, 190, 166, 174, 83, 114, 218 and 248, respectively of this Prospectus.

1. Summary of Industry in which the Company is operating

Due to the COVID-19 pandemic, the global Float Glass market size is estimated to be worth US\$ 24180 million in 2022 and is forecast to a readjusted size of US\$ 32780 million by 2028 with a CAGR of 5.2% during the review period. Fully considering the economic change by this health crisis. Float glass is produced in wide-ranging dimensions, and is available in sizes of 4 mm to 25 mm thickness. Apart from aesthetic utility, it serves functional utility such as privacy, energy conservation, safety, protection against fire, and noise insulation. Float glass is largely being used as a material in building and construction industry. It directly or indirectly competes with other building materials such as paints, plywood and laminates and ceramic tiles. Float glass is expected to be amongst the fastest growing building materials in India.

For further details, please refer to the chapter titled “Industry Overview” beginning on Page 107 of this Prospectus.

2. Summary of Business

We are a company that produces toughened glass by processing several types of glass. We provide a range of thickness and size options for our hardened value-added glasses. Processing the float glass yields the toughened value addition glasses. Following the manufacturing of toughened glass, various types of glasses are produced, including laminated, frosted, tinted, reflecting, clear, and double-glazed toughened glass. Toughened glass is used in many demanding applications because of its strength and safety, such as shower doors, refrigerator trays, mobile screen protectors, bulletproof glass for diving masks, and a variety of plates and cookware. It is also used in architectural glass doors and tables. Toughened glass is also frequently utilized as dividers in buildings housing residential and commercial apartments, hospitals, airports, shopping centers, stairwells, balustrades, and other architectural elements.

For further details, please refer to chapter titled “Our Business” beginning on Page 114 of this Prospectus.

SECTION III – RISK FACTORS

An investment in the Equity Shares involves a high degree of risk. You should carefully consider all the information in this Prospectus, including the risks and uncertainties summarised below, before making an investment in our Equity Shares. The risks described below are relevant to, the industries our Company is engaged in, our Company and our Equity Shares. To obtain a complete understanding of our Company, you should read this section in conjunction with ‘Our Business’ and ‘Management’s Discussion and Analysis of Financial Condition and Results of Operations’ on pages 114 and 180 respectively, of this Prospectus as well as the other financial and statistical information contained in this Prospectus. Prior to making an investment decision, prospective investors should carefully consider all of the information contained in ‘Financial Information’ on page 174 of this Prospectus. Unless stated otherwise, the financial data in this section is as per our financial statements prepared in accordance with Indian GAAP, as restated.

If any one or more of the following risks as well as other risks and uncertainties discussed in this Prospectus were to occur, our business, financial condition and results of our operation could suffer material adverse effects, and could cause the trading price of our Equity Shares and the value of investment in the Equity Shares to materially decline which could result in the loss of all or part of your investment.

This Prospectus also contains forward looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of many factors, including the considerations described below and elsewhere in this Prospectus.

These risks are not the only ones that our Company face. Our business operations could also be affected by additional factors that are not presently known to us or that we currently consider to be immaterial to our operations. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify financial or other implication of any risks mentioned herein.

Materiality

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

- 1. Some events may not be material individually but may be material when considered collectively.*
- 2. Some events may have an impact which is qualitative though not quantitative.*
- 3. Some events may not be material at present but may have a material impact in the future.*

The financial and other related implications of risks concerned, whether quantifiable have been disclosed in the risk factors mentioned below. However, there are risk factors where the impact may not be quantifiable and hence, the same has not been disclosed in such risk factors. The numbering of the risk factors has been done to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk over another.

In this Prospectus, any discrepancies in any table between total and sums of the amount listed are due to rounding off.

In this section, unless the context requires otherwise, any reference to “we”, “us” or “our” refers to Agarwal Toughened Glass India Limited.

The risk factors are classified as under for the sake of better clarity and increased understanding.

INTERNAL RISK FACTORS

- 1. We depend on a few customers of our products, for a significant portion of our revenue, and any decrease in revenues or sales from any one of our key customers may adversely affect our business and results of operations.*

Our business operations are highly dependent on our customers and the loss of any of our customers may adversely affect our sales and consequently on our business and results of operations. While we typically have long term relationships with our customers, we have not entered into long terms agreements with our customers and the success of our business is accordingly significantly dependent on us maintaining good relationships with our customers and suppliers. The top 10 customers of our Company during the stub period ending September 30, 2024 and preceding three

years, aggregated to 40.46%, 34.31%, 36.84% and 40.43%, of our total customers, for the stub period ending September 30, 2024, FY 2024, 2023 and 2022 respectively. The actual sales by our Company may differ from the estimates of our management due to the absence of long term agreements. The loss of one or more of these significant or key customers or a reduction in the amount of business we obtain from them could have an adverse effect on our business, results of operations, financial condition and cash flows. We cannot assure you that we will be able to maintain historic levels of business and/or negotiate and execute long term contracts on terms that are commercially viable with our significant customers or that we will be able to significantly reduce customer concentration in the future. If there occurs any change in the market conditions, requirements of our customers, or if we fail to identify and understand evolving industry trends, preferences or fail to meet our customers' demands, it might have a direct impact on our revenue and customer base. The inability to procure new orders or expand our customer base on a regular basis or at all may adversely affect our business, revenues, cash flows and operations.

- 2. We generally do business with our customers on purchase order basis and do not enter into long term contracts with them. Our inability to maintain relationships with our customers could have an adverse effect on our business, prospects, results of operations and financial condition.***

Our business is dependent on our continuing relationships with our customers. Our Company neither has any long term contract with any of customers nor has any marketing tie up for our products. Any change in the buying pattern of our customers can adversely affect the business of our Company. The loss of or interruption of work by, a significant customer or a number of significant customers or the inability to procure new orders on a regular basis or at all may have an adverse effect on our revenues, cash flows and operations.

Our business depends on the continuity of our relationship with our customers. There can be no assurance that we will be successful in maintaining such relationships or increasing the number of such relationships. If we are not able to maintain existing relationships with our current customers or if we are not able to develop new relationships, including if we are not able to provide services on a timely basis or offer services that meet the needs of the customers, the number of customers could decline in the future and as a result, our business, prospects, results of operations and financial condition could be adversely affected in the future.

While we negotiate product prices and payment terms with our customers, in the event our customers alter their requirements, it could have a material adverse effect on our business growth and prospects, financial condition, results of operations, and cash flows. In addition, our customers may also cancel purchase orders at short notice or without notice, which could have an impact on our inventory management. Termination of any of the above-mentioned arrangements or frequent cancellation of purchase orders could have a material adverse effect on our business, financial condition, results of operations, and cash flows. Our inability to maintain our existing customer network could have a material adverse effect on our sales, business growth and prospects, results of operation, financial condition, and cash flows.

- 3. If we are unable to attract new clients or retain our existing clients or default in payments, the growth of our business and cash flows will be adversely affected.***

Default or delays in payments by a significant portion of our customers may have an adverse effect on cash flows, results of operations and financial condition. Default or delays in payments by a significant portion of our customers may have an adverse effect on cash flows, results of operations and financial condition. However, our top 10 customers of our Company during the stub period ended September 30, 2024 and the preceding three years, aggregated to 40.46%, 34.31%, 36.84% and 40.43%, of our total customers, for the stub period ending September 30, 2024, FY 2024, 2023 and 2022 respectively. To increase our revenue and cash flows, we must regularly add new clients. If we are unable to generate sufficient sales or if our existing or new clients do not perceive our services to be of sufficiently high value and quality, we may not be able to increase sales and our operating results would be adversely affected. In addition, our existing clients have no obligation to repeat contracts and/ or place new orders with us due to various factors including client service satisfaction, quality of product sold, meet the client's deliverable timeline, our pricing as compared to that of our competitors etc. If we fail to achieve repetitive orders from existing clients or to add new clients, our operating results will suffer, and our revenue growth, cash flows and profitability may be materially and adversely affected.

- 4. We are dependent upon few suppliers for the material requirements of our business. Further, we do not have definitive agreements or fixed terms of trade with most of our suppliers. Failure to successfully leverage our relationships with existing suppliers or to identify new suppliers could adversely affect our business operations.***

Our top 10 suppliers contributed 99.33%, 99.96%, 99.87% and 98.46%, of our total expenses for the six months period ended September 30, 2024 and financial year ended March 31, 2024, 2023 and 2022, respectively. In our industry, generally there are no definitive agreements with the suppliers of the products we sell. We also do not have any long-term supply agreements with a majority of our suppliers or distributors and we procure our products on a purchase order basis. However, we have entered into a propel project Participation Agreement was executed in Chennai on January 1, 2024, between Saint-Gobin India Private Limited and our Company, where Saint-Gobin India Private Limited shall provide necessary training and guidance to our Company to improve its production efficiency, technical and marketing capability and work methods, and our Company shall accordingly render its service to ensure that the product is supplied (after being processed) as per the cus'omer's requirements.

Owing to the absence of formal agreements, the success of our business is significantly dependent on maintaining good relationships with our raw material suppliers. Absence of long-term supply contracts subject us to risks such as price volatility caused by various factors such as commodity market fluctuations, currency fluctuations, production and transportation cost, changes in domestic as well as international government policies, and regulatory and trade sanctions. As a result, we are susceptible to the risks arising out of raw material price fluctuations, which could result in a decline in our operating margins. Further, our operations and performance are directly related to and affected by the cost of various inputs including raw materials such as clear float glass, tinted float glass, reflective float glass, low-e float glass, and acid-etched float glass. If we cannot fully offset increases in raw material prices with increases in the prices for our products, we will experience lower margins, which will have a material adverse effect on our results of operations, financial condition, and cash flows. In the absence of such contracts we are also exposed to the risk of unavailability of certain raw materials in desired quantities and qualities, in a timely manner or at all. In the last three Fiscals, we have not faced any issues with our suppliers leading to unavailability of raw materials. However, there can be no assurance that such instances will not occur in future which may have an adverse impact on our business, results of operations and financial condition.

5. ***The commercial success of our products depends to a large extent on the success of the products of our end use customers. If the demand for the end use products in which our products are used as a raw materials declines, it could have a material adverse effect on our business, financial condition and results of operations.***

The products manufactured and supplied by us are primarily utilized in various industries for the purposes of decoration, bathrooms, commercial spaces and on front doors as it is well-known for promoting privacy. For further details, please refer to the chapter titled “*Our Business – Details of our product portfolio*” at page 118 of this Prospectus.

The demand of our products is directly proportional to the demand of the products of our customers who use our products. Therefore the commercial success of our business is highly dependent on the commercial viability, demand and success of the end use products of our customers. Any downturn in the demand of such products could have a direct impact on the demand of our products and our business operations. Any disturbance in the industry in which our customers supply their end use products could adversely impact our business due to our high dependence on our customers. A reduction in the demand, development and production activities in the industries in which the end use products of our customers are supplied to, may correspondingly cause a decline in the demand for our products due to a slump in the business activities of our customers. Alternatively, in the event our customers are able to find a cheaper alternative for our products, it may adversely result in a reduction in the demand of our products and have a material adverse effect on our business, financial condition and results of operations. We cannot assure you that we will be able to devise an end use application of our products or diversify the application of our products to such an extent that failure of one industry will not hamper the business operations of our products. We also cannot assure you that we will be able to manufacture such products which would be irreplaceable. Our failure to effectively react to these situations or to successfully introduce new products or new applications for our existing products could adversely affect our business, prospects, results of operations and financial condition.

6. ***Our manufacturing units and our operations are geographically concentrated in Rajasthan. Consequently, we are exposed to risks from economic, regulatory and other developments in the region which could have an adverse effect on our business, results of operations and financial condition. Further, our continued operations are critical to our business and any shutdown of our manufacturing units may adversely affect our business, results of operations and financial condition.***

Our manufacturing units and our business operations are located in Rajasthan. Our products find extensive application in the general households and commercial industries of Rajasthan. The economic and regulatory condition in Rajasthan may be affected by various factors outside our control, including prevailing local, social and economic conditions, changes in the applicable governmental regulations, demographic trends, changes in regulations governing employment of labourers, fluctuation in the income levels and interest rates, among other factors. Further, since our manufacturing

units are concentrated in Rajasthan any political disruption, natural calamities or civil disruptions, opposition and protests, particularly in locations where we operate in Rajasthan, could adversely affect our business operations or strategy. There is no assurance that such disruption in business operations would not bring any hindrance in the functioning of our manufacturing units. Consequently, our business, results of operations, cash flows and financial condition have been and will continue to be heavily dependent on the performance of, and the prevailing conditions affecting the glass industry in Rajasthan.

Further, as a result, any local social unrest, natural disaster or breakdown of services and utilities in Rajasthan, could have material adverse effect on the business, financial position and results of our operations. Our current manufacturing units are subject to operating risks, such as breakdown or failure of equipment, power supply or processes, reduction or stoppage of water supply, performance below expected levels of efficiency, obsolescence, natural disasters, industrial accidents and the need to comply with the directives of relevant government authorities. In the event, we are forced to shut down our manufacturing units for a prolonged period; it would adversely affect our earnings, our other results of operations and financial condition as a whole. Spiralling cost of living around our unit may push our manpower costs in the upward direction, which may reduce our margin and cost competitiveness.

In addition to the above if our manufacturing units suffers losses as a result of any industrial accident, we may be forced to shut down our manufacturing units which could result in us being unable to meet with our commitments, which will have an adverse effect on our business, results of operation and financial condition. Further, any contravention of or non-compliance with the terms of various regulatory approvals applicable to our manufacturing units may also require us to cease or limit production until such non-compliance is remedied to the satisfaction of relevant regulatory authorities. We cannot assure you that we will not experience work disruptions in the future resulting from any dispute with our employees or other problems associated with our employees and the labor involved in our manufacturing units, which may hinder our regular operating activities and lead to disruptions in our operations, which could adversely affect our business, prospects, financial condition, cash flows and results of operations.

7. *We are dependent on our manufacturing units, and any loss, or shutdown, or under-utilization of the production capacities of our manufacturing units may have an adverse effect on our business, financial condition and results of operations.*

Our manufacturing units are subject to operational risks such as the breakdown or failure of equipment, power supply or processes, lack of raw materials performance below expected levels of output or efficiency, obsolescence, production outages, natural disasters, industrial accidents and the need to comply with new directives of the relevant government authorities. We may be required to shut down our manufacturing units, from time to time, for capacity expansions, enhancements and equipment upgrades. We have enhanced the production capacities at our manufacturing units in the past and we seek to maintain high capacity utilization at each of our manufacturing units. However, there is no assurance that we will be able to utilize the production capacities of our manufacturing units to the fullest. While, there has not been any instances of underutilisation of manufacturing capacity in the past, however occurrence of any such events may have an adverse impact on our business, results of operations and financial condition.

Moreover, any disruptions in the operations of our manufacturing unit, technical or otherwise, may have a material adverse impact on our business, financial condition and results of operations. While we take precautions to minimize the risk of any significant operational problems at our manufacturing units, there can be no assurance that our business, financial condition and results of operations will not be adversely affected by disruptions caused by operational problems at our manufacturing units.

8. *Manufacturing of glass involve hazardous processes that can cause personal injury and loss of life, severe damage to and destruction of property and equipment, which could result in incurring material liabilities, loss of revenues and increased expenses.*

Owing to the risks associated with the glass manufacturing process carried out at the manufacturing units, our operations are prone to accidents which may involve moving glass shreds, glass waste, raw glass, machinery, on-site transport, forklifts and overhead cranes, fires in control rooms, electrical switch rooms, extreme temperatures, vibration and noise and exposure to, through inhalation or contact with, hazardous chemicals, *etc.* Occurrence of any accidents may result in destruction of property and equipment, injuries and even fatalities to employees interrupting our operations, damaging our reputation and brand name. We have continuously in the past taken efforts to monitor, safeguard and strengthen safety measures and reduce accidents at our manufacturing units. However, there have not been any instances in the past where fatal accidents occurred at our manufacturing units, however occurrence of any such accidents could adversely affect our operations. Our aggrieved employees, members of the public or government authorities may bring claims or initiate criminal proceedings/public interest litigation, class action against us and/or our Directors in relation

to accidents at our manufacturing units. If it is determined by the appropriate authorities that provisions and measures for safety within our premises are inadequate or non-compliant of stipulated guidelines/directions, the licenses granted to us for operations at such premises may be revoked or suspended, thereby adversely affecting our business, operations financial condition and results of operations.

9. *We have experienced growth in the previous years on account of diversified product mix, which may not continue in the future and accordingly, our revenues may decline.*

We have experienced a steady growth in the previous years on account of our diversified product mix. For details, please see “*Our Business – Details of our product portfolio*” at page 118 of this Prospectus. There can be no assurance that we will be able to continue to expand or further diversify our products in the future and the absence of such positive contributing factors, may have an adverse impact on our growth and profitability as compared to past periods. Conditions such as decline in the demand of our products or emergence of competitive products may have an impact on our revenue and financial condition. Absence of favourable factors may have an adverse impact on our growth and profitability in future as compared to past periods. Owing to a decline in revenue, we may not be able to maintain profitability and may incur losses in the future. Accordingly, our future results of operations, financial conditions, including growth in profitability, may not be comparable to the Restated Financial Information included in this Prospectus and any reliance placed on the same should be accordingly limited.

10. *Our Company is yet to place orders for 100% towards purchase of plant and machinery. Any delay in placing orders or procurement of such plant and machinery may further delay the schedule of implementation and increase the cost of commissioning the manufacturing unit.*

Our Company proposes to deploy an amount of Rs. 966.81 Lakhs from the Net Proceeds towards purchase of machinery for our existing factory unit. Keeping in the growing demand for toughened glasses in market, our Company proposes to add one more advance production line machine / advance tempering machine (with Upper Forced Fan Convection through Steel Tubes) to the existing line of production. Our Company has received third party quotations for purchase of plant and machinery, for details please refer to the chapter titled “*Objects of the Issue*” on page 83 of this Prospectus. Although, we have identified the vendors and type of equipment to be purchased for the existing manufacturing unit, we are yet to place order for 100% of the orders for purchase of plant and machinery. Further, the cost of the purchase of plant and machinery is based on the quotations received from suppliers and such quotations are subject to change due to various factors such as, change in supplier of equipment, change in the government regulation and policies, change in management’s view of desirability of the current plans, possible cost overruns, etc. Since, we have not yet placed orders for the said purchase of plant and machinery we cannot assure that we will be able to procure the same in a timely manner and at the same price at which the quotations have been received. Delay in procurement of the same can cause time and cost overrun in the implementation of our proposed project and can also compel us to buy such machineries at a higher price, thus causing the budgeted cost to vary. As a result, our business, financial condition, results of operations and prospects could be materially and adversely affected.

11. *Any failure in our quality control processes may adversely affect our business, results of operations and financial condition. We may face product liability claims and legal proceedings if the quality of our products does not meet our customers’ expectations.*

Our products may contain certain quality issues or undetected errors, due to defects in manufacture of products or raw materials which are used in the products. We undertake various tests for our products including human impact, ball drop, design & visual examinations, annealing assessments (residual stress), glass thickness and weight measurements etc. We have implemented quality control processes for our raw materials and finished goods, however, we cannot assure you that our quality control processes or our product will pass the quality tests and inspections conducted by various agencies as per their prescribed standards will not fail. Any shortcoming in the raw materials procured by us or in the production of our products due to failure of our quality control procedures, negligence and human error or otherwise, may damage our products and result in deficient products. It is imperative for us to meet the regulatory quality standards set by regulatory agencies and our customers as deviation from the same can cause them to reject our products and can also cause damage to our reputation, market standing and brand value.

In the event the quality of our products is sub-standard or our products suffer from defects and are returned by our customers due to quality complaints, we might be compelled to take back the sub-standard products and reimburse the cost paid by our customers. Such quality lapses could strain our longstanding relationship with our customers and our reputation and brand image may suffer, which in turn may adversely affect our business, results of operations and financial condition. Our customers may lose faith in the quality of our products and could in turn refuse to further deal in our products, which could have a severe impact on our revenue and business operations. We also face the risk of

legal proceedings and product liability claims being brought against us by our customers for defective products sold. We cannot assure you that we will not experience any material product liability losses in the future or that we will not incur significant costs to defend any such claims. A product liability claim may adversely affect our reputation and brand image, as well as entail significant costs.

12. Any delays and/or defaults in payments could result in increase of working capital investment and/or reduction of our Company's profits, thereby affecting our operation and financial condition. Our Company requires significant amount of working capital for a continuing growth. Our inability to meet our working capital requirements may adversely affect our results of operations.

We are exposed to payment delays and/or defaults by our customers. Our financial position and financial performance are dependent on the creditworthiness of our customers. As per our business network model, we majorly supply our products directly to our customers without taking any advance payment or security deposit against the orders placed by them. Such delays in payments may require our Company to make a working capital investment. We cannot assure you that payments from all or any of our customers will be received in a timely manner or to that extent will be received at all. If an intermediary defaults in making its payments on an order on which our Company has devoted significant resources, or if an order in which our Company has invested significant resources is delayed, cancelled or does not proceed to completion, it could have a material adverse effect on our Company's results of operations and financial condition. There is no guarantee on the timeliness of all or any part of our customers' payments and whether they will be able to fulfil their obligations, which may arise from their financial difficulties, deterioration in their business performance, or a downturn in the global economy. If such events or circumstances occur, our financial performance and our operating cash flows may be adversely affected.

Our business requires a significant amount of working capital. Further, we are also required to meet the increasing demand and for achieving the same, adequate stocks have to be maintained which requires sufficient working capital. In the event, we are unable to source the required amount of working capital for addressing such increased demand of our products, we might not be able to efficiently satisfy the demand of our customers. Even if we are able to source the required amount of funds, we cannot assure you that such funds would be sufficient to meet our cost estimates and that any increase in the expenses will not affect the price of our products.

Further, one of the objects of this Issue include funding of working capital requirements of our Company, which is based on management estimates and certain assumptions. For more information in relation to such management estimates and assumptions, please see "*Objects of the Issue*" on page 83. Our working capital requirements may be subject to change due to factors beyond our control including force majeure conditions, an increase in defaults by our customers, non-availability of funding from banks or financial institutions. Accordingly, such working capital requirements may not be indicative of the actual requirements of our Company in the future and investors are advised to not place undue reliance on such estimates of future working capital requirements.

Any delay in processing our payments by our customers may increase our working capital requirement. Further, if an intermediary defaults in making payments for a product on which we have devoted significant resources, it could affect our profitability and liquidity and decrease the capital reserves that are otherwise available for other uses. We may file a claim for compensation of the loss that we incurred pursuant to such defaults but settlement of disputes generally takes time and financial and other resources, and the outcome is often uncertain. In general, we take provisions for bad debts, including those arising from such defaults based primarily on ageing and other factors such as special circumstances relating to special customers. There can be no assurance that such payments will be remitted by our clients to us on a timely basis or that we will be able to effectively manage the level of bad debt arising from defaults. We may also have large cash outflows, including among others, losses resulting from environmental liabilities, litigation costs, adverse political conditions, foreign exchange risks and liability claims.

All of these factors may result in increase in the amount of receivables and short-term borrowings. If we decide to raise additional funds through the incurrence of debt, our interest and debt repayment obligations will increase, and could have a significant effect on our profitability and cash flows and we may be subject to additional covenants, which could limit our ability to access cash flows from operations. Any issuance of equity, on the other hand, could result in a dilution of your shareholding. Accordingly, continued increases in our working capital requirements may have an adverse effect on our financial condition and results of operations.

13. There have been instances of delayed filings and erroneous filings of certain forms which were required to be filed as per the reporting requirements under the Companies Act, 2013 to ROC.

In the past, there have been certain instances of delays in filing statutory forms which have been subsequently filed by payment of an additional fee as specified by ROC.

Materiality of incorrect filing: No show cause notice in respect to the above has been received by our Company till date and no penalty or fine has been imposed by any regulatory authority in respect to the same. It cannot be assured, that there will not be such instances in the future or our Company will not commit any further delays in relation to its reporting requirements, or any penalty or fine will not be imposed by any regulatory authority in respect to the same. The happening of such event may cause a material effect on our results of operations and financial position.

14. Our Group Companies have conflicts of interest as they are engaged in similar business and may compete with us.

Our Group Companies, Agarwal Float Glass India Limited and Agarwal Fortune India Limited are engaged in the same line of business as our Company. We have not entered into any non-compete agreement with our Group Companies, and there can be no assurance it will not compete with our existing business or that we will be able to suitably resolve any such conflict without an adverse effect on our business and financial performance.

As a result, conflicts of interests may arise in allocating business opportunities amongst our Company and our Group Companies in circumstances where our respective interests conflict. In cases of conflict, our Promoters may favour their companies in which our Promoters have interest. We cannot assure that our Promoters will not favour the interests of such Companies over our interest or that the said entities will not expand which may increase our competition, this dependency may adversely affect our growth, business operations and the financial condition of our Company.

There can be no assurance that our Promoters or our Group Companies will not compete with our existing business or any future business that we may undertake or that their interests will not conflict with ours. Our Company depends on the management skills and guidance of our Promoters for the development of the business strategies, monitoring of its successful implementation and meeting of future challenges. Our Promoters may become involved in ventures that may potentially compete with our Company. The interests of our Promoters may conflict with the interests of our other Shareholders, and our Promoter may, for business considerations or otherwise, cause our Company to take actions, or refrain from taking actions, in order to benefit their interests instead of our Company's interests or the interests of its other Shareholders. Any such present and future conflicts could have a material adverse effect on our reputation, business, results of operations and financial condition which may adversely affect our profitability and results of operations. For further details, please see "*Our Promoters and Promoter Group - Other ventures of our Promoters*" on page 167 of this Prospectus.

15. Our Promoters and Directors have extended personal guarantees with respect to various loan facilities availed by our Company. Revocation of any or all of these personal guarantees may adversely affect our business operations and financial condition.

Our Promoters and Directors, Mahesh Kumar Agarwal, Uma Shankar Agarwal and Sharda Agarwal have extended certain personal guarantees in favour of certain banks / financial institutions with respect to various facilities availed by our Company from them. In the event any of these guarantees are revoked, our lenders may require us to furnish alternate guarantees or may demand a repayment of the outstanding amounts under the said facilities sanctioned or may even terminate the facilities sanctioned to us. There can be no assurance that our Company will be able to arrange such alternative guarantees in a timely manner or at all. If the guarantees is invoked or our manufacturing unit is foreclosed, the ability of our Company to continue its business operations could be adversely affected. Further, if our lenders enforce any of the restrictive covenants or exercise their options under the relevant debt financing arrangement, our operations and use of assets may be significantly hampered and lenders may demand the payment of the entire outstanding amount and this in turn may also affect our further borrowing abilities thereby adversely affecting our business and operations. For further details please refer to the chapter titled "*Financial Indebtedness*" on page 176 of this Prospectus.

16. If we are not able to obtain, renew or maintain our statutory and regulatory licenses, registrations and approvals required to operate our business, it may have a material adverse effect on our business, results of operations and financial condition.

We require certain statutory and regulatory licenses, registrations and approvals to operate our business some of which are granted for a fixed period of time and need to be renewed from time to time. Further, in future, we may also be required to obtain new licenses, registrations and approvals for any proposed operations, including any expansion of existing operations. There can be no assurance that the relevant authorities will renew such licenses, registrations and approvals in a timely manner or at all. As of date, we have obtained all the necessary approvals for operating our manufacturing units. However, we cannot assure you that in future we shall our licenses will be granted in a timely manner or renewed in time or at all. Further, these licenses, registrations and approvals are subject to several conditions, and our Company cannot assure that it shall be able to continuously meet such conditions or be able to prove compliance with such conditions to statutory authorities, and this may lead to cancellation, revocation or suspension of relevant licenses, approvals and registrations. We may be subject to penalties or suffer a disruption in our business activities, any of which could adversely affect our results of operations. Further, our Company will be responsible for bearing any and all liabilities arising out of this non-compliance. If we are unable to renew, maintain or obtain the required registrations or approvals, it may result in the interruption of our operations and may have a material adverse effect on our revenues and operations. Failure by our Company to renew, maintain or obtain the required licenses or approvals, or cancellation, suspension, or revocation of any of the licenses, approvals and registrations may result in the interruption of our Company's operations and may have a material adverse effect on

our business. For further details on the licenses obtained by our Company and licenses for which renewal applications have been made, kindly refer the chapter titled “**Government and Other Approvals**” beginning on page 195 of this Prospectus.

17. We are dependent on information technology systems in carrying out our business activities and it forms an integral part of our business. Further, if we are unable to adapt to technological changes and successfully implement new technologies or if we face failure of our information technology systems, we may not be able to compete effectively which may result in higher costs and would adversely affect our business and results of operations.

We are dependent on information technology system in connection with carrying out our business activities and such systems form an integral part of our business. Any failure of our information technology systems could result in business interruptions, including the loss of our customers, loss of reputation and weakening of our competitive position, and could have a material adverse effect on our business, financial condition and results of operations. Additionally, our information technology systems, specifically our software may be vulnerable to computer viruses, piracy, hacking or similar disruptive problems. Computer viruses or problems caused by third parties could lead to disruptions in our business activities. Fixing such problems caused by computer viruses or security breaches may require interruptions, delays or temporary suspension of our business activities, which could adversely affect our operations. Breaches of our information technology systems may result in unauthorized access to confidential information. Such breaches of our information technology systems may require us to incur further expenditure to put in place advanced security systems to prevent any unauthorised access to our networks. In the event, any breach of our systems or software leads to the leaking of our trade secrets or any inventive techniques devised by our Company, it might lead to loss of our originality in the market and increase the chance of our products being substituted by the products of our competitors.

Our future success depends in part of our ability to respond to technological advancements and emerging standards and practices on a cost-effective and a timely basis. Our failure to successfully adopt such technologies in a cost-effective manner could increase our costs thereby compelling us to bid at lower margins which might lead to loss of bidding opportunities vis-à-vis such competitors. Additionally, the government authorities may require adherence with certain technologies and we cannot assure you that we would be able to implement such technologies in a timely manner or at all. The cost of upgrading or implementing new technologies or upgrading our existing equipment or expanding our capacity could be significant, less cost effective and therefore could negatively impact our profitability, results of operations, financial condition as well as our future prospects.

18. We are dependent on third party transportation providers for delivery of raw materials to us from our suppliers and delivery of our products to our customers. We have not entered into any formal contracts with our transport providers and any failure on part of such service providers to meet their obligations could adversely affect our business, financial condition and results of operation.

To ensure smooth functioning of our manufacturing operations, we need to maintain continuous supply and transportation of the raw materials required from the supplier to our manufacturing units and transportation of our products from our units to our customers, which may be subject to various uncertainties and risks. While, we maintain one vehicle for transportation of raw materials and finished products, however, we are also dependent on third party transportation providers for the delivery of raw materials to us and delivery of our products to our customers. Uncertainties and risks such as transportation strikes or delay in supply of raw materials and products could have an adverse effect on our supplies and deliveries to and from our customers and suppliers. Additionally, raw materials and products may be lost or damaged in transit for various reasons including occurrence of accidents or natural disasters. A failure to maintain a continuous supply of raw materials or to deliver our products to our distribution customers in a timely, efficient and reliable manner could adversely affect our business, results of operations and financial condition.

Further, we have not entered into any long term agreements with our transporters for our manufacturing unit and the costs of transportation are generally based on mutual terms and the prevailing market price. In the absence of such agreements, we cannot assure that the transport agencies would fulfil their obligations or would not commit a breach of the understanding with us. In the event that the finished goods or raw materials suffer damage or are lost during transit, we may not able to prosecute the agencies due to lack of formal agreements. Further, the transport agencies are not contractually bound to deal with us exclusively, we may face the risk of our competitors offering better terms or prices, which may cause them to cater to our competitors alongside us or on a priority basis, which could adversely affect our business, results of operations and financial condition.

19. We do not own the premises in which our registered office and factory units are located and the same are on lease arrangement. Any termination of such lease/license and/or non-renewal thereof and attachment by Property Owner could adversely affect our operations.

Our registered office, both our factory units are on leased and our Company has entered into an agreement with Lessors for leasing the said premises. The detail of our property leased by us is as follows:

Agreement Date; Lease Period	Name of the Lessor	Leased	Location of the Property	Lease Fee (in Rs.)	Purpose
27-06-2010; for 99 years w.e.f. 27-06-2010	Rajasthan State Industrial Development & Investment Corporation Limited, Jaipur – 302005, Rajasthan, India	Leased	F-2264, RIICO Industrial Area, Ramchandrapura, Sitapura (Ext.), Jaipur - 302022, Rajasthan, India	20,870 p.a.	Used as Registered office & Factory Unit – 1
27-10-2017; for 99 years w.e.f. 27-10-2017	Rajasthan State Industrial Development & Investment Corporation Limited, Jaipur – 302005, Rajasthan, India	Leased	F-2236, RIICO Industrial Area, Ramchandrapura, Sitapura (Ext.), Jaipur - 302022, Rajasthan, India	37,800 p.a.	Used as Factory – nit - 2

For details, please refer to “**Our Business Overview- Our Properties**” page 141 of this Prospectus.

Our business operations are also conducted from the said premises. As per the lease agreement, if there are any non-compliance by us in relation to any term of lease, lease fee and any other terms and conditions, the lease may result in the termination of the lease agreement and consequently we have to vacate the said premises. We also cannot assure you that lessor will not terminate the lease agreement, which would require us to locate to another premise and may have an adverse effect on our conducting our business operations. In case, we may have to re-locate to another premise and/or agree to pay the extra amount for using the same premises. Increase in lease structure will lead to increase of our expenditure which in turn may affect our revenue and increase of operational cost. Also, searching for the suitable location, setting the branch from the scratch and relocating the inventory from location to another, may lead to loss of clients, reduction in sales thereby affecting our profitability.

20. We have working capital requirements. If we experience insufficient cash flows to make required payments on our debt or fund working capital requirements, there may be an adverse effect on our results of operations.

Our business requires significant amount of working capital and major portion of our working capital is utilized towards debtors and inventories. Our Trade Receivables for the six months period ending September 30, 2024 and financial year ended March 31, 2024, March 31, 2023, March 31, 2022 were ₹ 1,271.79, ₹ 1,072.54 Lakhs, ₹ 896.89 Lakhs and ₹ 749.98 Lakhs, respectively and our inventories for the six months period ending September 30, 2024 and financial year ended March 31, 2024, March 31, 2023, March 31, 2022 were ₹ 1,454.54, ₹ 1,492.53 Lakhs, ₹ 973.42 Lakhs and ₹ 844.78 Lakhs.

The results of operations of our business are dependent on our ability to effectively manage our inventory and trade receivables. To effectively manage our trade receivables, we must be able to accurately evaluate the credit worthiness of our customers and ensure that suitable terms and conditions are given to them in order to ensure our continued relationship with them. However, if our management fails to accurately evaluate the terms and conditions with our customers, it may lead to write-offs bad debts and/ or delay in recoveries which could lead to a liquidity crunch, thereby adversely affecting our business and results of operations. A liquidity crunch may also result in increased working capital borrowings and, consequently, higher finance cost which will adversely impact our profitability.

Our inability to maintain sufficient cash flow, credit facility and other sourcing of funding, in a timely manner, or at all, to meet the requirement of working capital or pay out debts, could adversely affect our financial condition and result of our operations. In the event we are not able to recover our dues from our trade receivables or sell our inventory, we may not be able to maintain our Sales level and thus adversely affecting our financial health.

21. Information relating to our installed capacities and the historical capacity utilization of our factory units included in this Prospectus is based on various assumptions and estimates and future production and capacity utilization may vary.

Information relating to our historical installed capacities and capacity utilization of our both factory units included in this Prospectus is disclosed based on certificate dated November 12, 2024 as provided by the Management of the Company. For details, see “**Our Business –Capacity and Capacity Utilization**” on page 135 of this Prospectus. The fluctuation-increase or decrease in capacity utilization in any financial year is mainly dependent on the size of the projects, production cycle and the technical parameters of manufacturing the glass. Actual utilization rates may differ significantly from the estimated installed capacities or historical estimated capacity utilization information of our facilities. In addition, we are unable to present the average estimated annual installed capacity for our other products category due to the nature of and the range of products included in our other products category.

22. Some of our Group Companies are engaged in the same line of business to that of our Company and may have incurred losses in the past. There are no non-compete agreements between our Company and Promoter Group Entities and/ Promoter Group Members. However, we cannot assure that our Promoter and Promoter Group members will not favour the interests of such entities over our interest or that the said entities will not expand which may increase our competition and may adversely affect business operations and financial condition of our Company.

Some of our Group Companies namely, Agarwal Float Glass India Limited and Agarwal Fortune India Limited have objects that are broadly similar to our Company although specifically our company is manufacturing specifically toughen glass only and our group companies are manufacturing specifically float glass only. For detail on our Group Companies, please refer to “**Our Group Companies**” beginning on page 171 of this Prospectus. We have not entered into any non-compete agreement with the said entities. We cannot assure that our Promoter/ Promoter Group who has common interest in said entities will not favour the interest of the said entity. As a result, conflicts of interests can arise on account of common suppliers/ customers and in allocating business opportunities amongst our Company and our Promoter Group entity in circumstances where our respective interests diverge. Any such present and future conflicts could have a material adverse effect on our reputation, business, results of operations and financial condition which may adversely affect our profitability and results of operations.

Further, except for Agarwal Fortune India Limited incurring loss of Rs. 31.52 Lakhs and Rs. 17.42 Lakhs in FY 2021-22 and FY 2020-21, respectively, none of our other group companies have incurred loss in the past. The loss incurred by group companies do not have any impact on overall revenue of our company. There can be no assurance that our group companies will not incur losses in the future, which may have an adverse effect on our reputation and business.

23. We may be able to sufficiently protect, or continue our intellectual property and other proprietary rights.

We have registered trademarks of our Company, details of which have been provided below:

Trademark No.	Description	Issuing authority	Applicant	Status	Date of Application	Date of expiry	Trademark
	GLASS, LAYERED GLASS UNDER CLASS 19.						

Note: the above-mentioned trademarks are under the name of Agarwal Toughened Glass India Private Limited. Our Company is yet to make application for changing the name from “Agarwal Toughened Glass India Private Limited” to “Agarwal Toughened Glass India Limited”

**Agarwal Float Glass India Limited, a member of our group company, has received non-objections certificate from Our Company to use our logo in their communications and other uses vide non-objections certificate dated April 04, 2018.*

We cannot guarantee that any of our registered or unregistered intellectual property rights or our know-how, or claims thereto, will now or in the future successfully protect what we consider to be the intellectual property underlying our products and business, or that our rights will not be opposed or otherwise challenged. While we endeavour to ensure that we comply with the intellectual property rights, there can be no assurance that we will not face any intellectual property infringement claims brought by third parties. Any claims of infringement, regardless of merit or resolution of such claims, could force us to incur significant costs in responding to, defending and resolving such claims and may divert the efforts and attention of our management away from our business. Further, our registered trademark was registered and owned by our company and one of our Group Entity i.e. Agarwal Float Glass India Limited also uses the said logo. Our company has its logo and we have provided them the NOC for using the said logo. We could be required to change the name of our Company which carry the prefix "Ag"rwal", pay third party infringement claims or obtain fresh licenses resulting from a name change. The occurrence of any of the foregoing could result in unexpected expenses.

24. Unsecured loans taken by our Company can be recalled by the lenders at any time.

Our Company has currently availed unsecured loans from certain lenders. These loans may be recalled by the lenders at any time. In the event that, any lender seeks a repayment of any such loan, our Company would need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all and this may affect our Company's liquidity. If we are unable to procure such financing, we may not have adequate working capital to maintain the desired inventory level. As a result, any such demand may materially and adversely affect our business, cash flows, financial condition and results of operations. For further details on financing arrangements entered into by our Company, "see ***Financial Indebtedness***" on page 176 of this Prospectus.

25. Industry related data is taken from online sources and therefore may be incorrect or inaccurate.

Industry and related data contained in this Prospectus may be produced on a different basis from comparable information compiled with regards to other countries. Therefore, discussions of matters relating to India, its economy or the industries in which we operate that is included herein are subject to the caveat that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete, inaccurate or unreliable. Due to incorrect or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, we cannot assure you that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

26. Our financing agreements contain covenants that limit our flexibility in operating our business. Our inability to meet our obligations, including financial and other covenants under our debt financing arrangements could adversely affect our business, results of operations and financial condition.

As on September 30, 2024, our total outstanding indebtedness was ₹ 3,055.39 Lakhs which includes secured and unsecured borrowings. For details on our borrowings, please refer to chapter titles "***Financial Indebtedness***" beginning from page 176 of this Prospectus. Our ability to meet our debt service obligations and repay our outstanding borrowings will depend primarily on the cash generated by our businesses. Further, our financing agreements contain certain restrictive covenants that limit our ability to undertake certain types of transactions, any of which could adversely affect our business and financial condition. We are required to obtain prior approval from our lenders for, among other things, but not limited to effecting any change in the management/Board of the Company, declaration of dividend, capital structure of the Company; undertake any new project, implement any scheme of expansion or acquire fixed assets, enter into borrowing arrangement either secured or unsecured with any other bank/financial institution/Company or otherwise, formulate any scheme of amalgamation, acquisition, merger, or reconstruction etc.

Additionally, our financing agreements are secured by our movable, immovable or intangible assets (whether existing or future), goods and work-in-progress (whether existing or future) and by personal guarantees of our Promoter. Such financing agreements enable the lenders to cancel any outstanding commitments, accelerate the repayment, exercise cross default provisions and enforce their security interests on the occurrence of events of default such as a breach of financial covenants, failure to obtain the proper consents, failure to perfect security as specified and such other covenants that are not cured. It is possible that we may not have sufficient funds upon such an acceleration of our financial obligations to pay the principal amount and interest in full. Further, if we are forced to issue additional equity to the lenders, ownership interest of the existing shareholders in our Company will be diluted. It is also possible that future financing agreements may contain similar or more onerous covenants and may also result in higher interest cost. If any of these events were to occur, our business, results of operations and financial condition may be adversely affected.

27. We have in the past entered into related party transactions and may continue to do so in the future.

Our Company has entered into related party transactions with our Promoters, Directors, Promoter group members in the past. While our Company believes that all such transactions have been conducted on an arm's length basis and are accounted as per Ind AS 18 and are in compliance with the provisions of the Companies Act, 2013 and other applicable laws, however there can be no assurance that we could not have achieved more favourable terms had such transactions not been entered into with related parties. Furthermore, it is likely that we may enter into related party transactions in the future. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operations. For details, please refer to "the **Annexure -XXXVII-Related Party Transaction**" under chapter titled **"Restated Financial Information"** on page 174 of this Prospectus.

28. Our insurance coverage may not be adequate.

Our Company has obtained insurance coverage in respect of certain risks. For further details in relation to our Insurance, please refer to the section titled – Insurance in the chapter titled **"Our Business"** beginning on page 114 of this Prospectus. The insurance policies are renewed periodically to ensure that the coverage is adequate, however, our insurance policies do not cover all risks. There can be no assurance that our insurance policies will be adequate to cover the losses in respect of which the insurance has been availed. If we suffer a significant uninsured loss or if insurance claim in respect of the subject-matter of insurance is not accepted or any insured loss suffered by us significantly exceeds our insurance coverage, our business, financial condition and results of operations may be materially and adversely affected. For further details, please refer chapter titled **"Our Business"** beginning on page 114 of this Prospectus.

29. Our Company had negative cash flow from certain activity in stub period and recent fiscals, details of which are given below.

Sustained negative cash flow could adversely impact our business, financial condition and results of operations. The detailed break up of cash flows is summarized in below table and our Company has reported negative cash flow from operating activity in the financial years is as mentioned below, which could affect our business and growth:

(Rs. In lakhs)

Particulars	As on September 30, 2024	As on March 31		
		2024	2023	2022
Net cash flow from operating activities	410.77	695.12	220.45	(99.74)
Net cash flow from investing activities	(411.94)	(512.57)	(181.07)	(66.36)
Net cash flow from financing activities	4.72	(216.60)	16.71	135.12

Cash flow of a company is a key indicator to show the extent of cash generated from operations to meet its capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources. If we are not able to generate sufficient cash flow, it may adversely affect our business and financial operations. For further, details please refer to the section titled **"Financial Information"** and chapter titled **"Management's Discussion and Analysis of Financial Conditions and Results of Operations"** beginning on pages 174 and 180 respectively, of this Prospectus.

30. There have been several instances of delay/ default in payment of statutory dues pertains to Goods Service Tax (GST) and Employees Provident Fund (EPF) and filing of statutory returns by our Company in the past.

32. We intend to use a portion of the Net Proceeds to prepay / repay certain loan facilities.

One of the objects of the Issue is the pre-payment / repayment of certain loan facilities, in full or in part, availed by our Company. Our Company intend to utilize an amount of up to Rs. 600.00 Lakhs from the Net Proceeds, towards the prepayment / repayment of these loan facilities. For details of the outstanding loans proposed for repayment or prepayment, in full or in part from the Net Proceeds, without any obligation to any particular bank or financial institution, see "Objects of the Issue – Details of the Objects – Repayment of certain borrowings" on page 87 of this Prospectus. The amount utilized to prepay / repay these loans will, therefore, not be available for investment in our business and will not result in any immediate increase in the value of your investment in our Equity Shares.

33. We are dependent on a number of key employees, including our senior management, and the loss of or our inability to attract or retain such persons with specialized technical know-how could adversely affect our business, results of operations, cash flows and financial condition.

Our performance depends largely on the efforts and abilities of our senior management and other senior management, including our present officers who have creative minds, specialized technical know-how. The inputs and experience of our senior management and key managerial personnel are valuable for the development of our business and operations strategy. We cannot assure you that we will be able to retain these employees or find adequate replacements in a timely manner, or at all. Our ability to retain experienced staff members as well as senior management will in part depend on

our maintaining appropriate staff remuneration and incentive schemes in accordance with then prevailing private sector industry standards. We cannot assure you that the remuneration and incentive schemes we have in place will be sufficient to retain the services of our senior management and skilled employees.

34. Inability to meet the quality and quantity standard norms prescribed by the central and state governments could adversely impact the sales of our products, in particular our toughen glass products, being banned or suspended or becoming subject to significant compliance costs, which could have a material adverse effect on our business growth and prospects, results of operations, financial condition, and cash flows.

The quality and quantity standard norms of the toughen glass products being manufactured by required the meet the basis quality standards Bureau of Indian Standards (BSI). Our Factory units are ISO 9001-2015 certified. For further details, please see “Government and Other Statutory Approvals” beginning on page 195 of this Prospectus. Our company is following norms as prescribed under BIS standards and there is no violation till date. However, the government authorities could impose fines or issue us show cause notices if the samples are not in conformity with the prescribed quality and quantity norms. Till date our company has not been fined by the government authorities. Failure on our part to adhere to the quality norms prescribed by the government agencies could lead to the recall of those batches and/or the products in the relevant state, or we may be liable to pay a penalty. Any such order passed by the governmental authorities could generate adverse publicity about our Company and our products, which could have a material adverse effect on our business growth and prospects, financial condition, results of operations, and cash flows. Further, the quality of our products is dependent on the effectiveness of our quality control system, which, in turn, depends on a number of factors, including the design of our system, our quality control training program, and the implementation and application of our quality control policies and guidelines. Any significant failure or deterioration of our quality control system could result in defective or sub-standard products, which, in turn, may result in delays in the delivery of our products and the need to replace defective or sub-standard products. Further, any failure on our part to maintain the applicable standards and manufacture products according to prescribed specifications, may also lead to loss of reputation and goodwill of our Company, cancellation of orders and even lead to loss of business associates.

35. Improper storage and handling of raw materials and finished products may cause damage to our inventory leading to an adverse effect on our business, results of operations and cash flows.

Our inventory primarily consists of float glasses (such as clear float glass, tinted float glass, reflective float glass, low-e float glass, and acid-etched float glass etc.) as raw material and the main ingredients of float glasses are silica sand, soda ash and dolomite. Our raw materials, manufacturing processes and finished products if not appropriately stored, handled and processed may affect the quality of the finished product, which could materially and adversely affect our business, financial condition, results of operations, or cash flows. Improper storage may also result in higher than usual spoilage of inventory due to adverse weather conditions or longer than usual storage periods, which may result in cullitization of our inventory consisting of our products, and may also require us to incur additional expenses in replacing that portion of the inventory and/ or incur additional expenses in maintenance and improvement of our storage infrastructure, which may adversely affect our profit margins.

36. If we are unable to establish and maintain an effective system of internal controls and compliances, our business and reputation could be adversely affected.

We manage our internal compliance by monitoring and evaluating internal controls and ensuring all relevant statutory and regulatory compliances. However, there can be no assurance that deficiencies in our internal controls will not arise or that we will be able to implement and continue to maintain adequate measures to rectify or mitigate any such deficiencies in our internal controls, in a timely manner or at all. If we are unable to establish and maintain an effective system of internal controls and compliances, our business and reputation could be adversely affected.

37. We have significant power requirements for continuous running of our manufacturing unit. Any disruption to our operations on account of interruption in power supply or any irregular or significant hike in power tariffs may have an effect on our business, results of operations and financial condition.

Our manufacturing operations require significant amount of electricity and any interruption in the supply of power may temporarily disrupt our operations. Since, our manufacturing process requires high power consumption, any unexpected or unforeseen increase in the tariff rates can increase the operating cost of our manufacturing units and thereby cause an increase in the production cost which we may not be able to pass on to our customers. There are limited number of electricity providers in the areas from where we operate due to which in case of a price hike, we may not be able to find a cost-effective substitute, which may negatively affect our business, financial condition, cash

flows and results of operations. For further details, please refer to the chapter titled “*Our Business*” on page 114 of this Prospectus.

38. *Our Promoters, Directors and Key Managerial Personnel have interests in our Company other than reimbursement of expenses incurred or normal remuneration or benefits.*

Our Promoters, Directors and Key Managerial Personnel, may be deemed to be interested in our Company, in addition to the regular remuneration or benefits, reimbursements of expenses, Equity Shares held by them or their relatives, their dividend or bonus entitlement, benefits arising from their directorship in our Company. Our Promoters, Directors and Key Managerial Personnel may also be interested to the extent of any transaction entered into by our Company with any other company or firm in which they are directors or partners. For further details please refer to the paragraphs titled — “*Interest of our Directors*” in the chapter titled — “*Our Management*”, the paragraphs titled — “*Interest of our Promoters and Other Interests and Disclosures*” in the chapter titled — “*Our Promoters and Promoter Group*”, “*Financial Indebtedness*” and “*Restated Financial Information*” on pages 159, 168, 176 and 174, respectively of this Prospectus.

There can be no assurance that our Promoters, Directors, Key Management Personnel will exercise their rights as shareholders to the benefit and best interest of our Company. Our Promoters and members of our Promoter Group will continue to exercise significant control over our Company, including being able to control the composition of our Board of Directors and determine decisions requiring simple or special majority voting of shareholders, and our other shareholders may be unable to affect the outcome of such voting. Our Directors and our Key Management Personnel may take or block actions with respect to our business, which may conflict with the best interests of our Company or that of minority shareholders.

39. *Our Promoters and members of the Promoter Group have significant control over the Company and have the ability to direct our business and affairs; their interests may conflict with your interests as a shareholder.*

Upon completion of this Issue, our Promoters and members of our Promoter Group will collectively hold 63.94 % of the Equity share capital of our Company. As a result, our Promoters will have the ability to exercise significant influence over all matters requiring shareholders’ approval. Accordingly, our Promoters will continue to retain significant control, including being able to control the composition of our Board of Directors, determine decisions requiring simple or special majority voting of shareholders, undertaking sale of all or substantially all of our assets, timing and distribution of dividends and termination of appointment of our officers, and our other shareholders may be unable to affect the outcome of such voting. There can be no assurance that our Promoters will exercise their rights as shareholders to the benefit and best interests of our Company. Further, such control could delay, defer or prevent a change in control of our Company, impede a merger, consolidation, takeover or other business combination involving our Company, or discourage a potential acquirer from making a tender offer or otherwise attempting to obtain control of our Company even if it is in our Company’s best interest. The interests of our Promoters could conflict with the interests of our other equity shareholders, and our Promoters could make decisions that materially and adversely affect your investment in the Equity Shares.

40. *The average cost of acquisition of Equity Shares held by our Promoters could be lower than the Issue Price.*

Our Promoters’ average cost of acquisition of Equity Shares in our Company may be lower than the Issue Price which is proposed to be determined through book building mechanism. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company and build-up of Equity Shares by our Promoters in our Company, please refer to the chapter titled “*Capital Structure*” on page 69 of this Prospectus.

41. *Our failure to accurately forecast and manage inventory could result in an unexpected shortfall and/or surplus of products, which could harm our business.*

We monitor our inventory levels based on our own projections of future demand. Because of the length of time necessary to produce commercial quantities of our products, we must make production decisions well in advance of sales. An inaccurate forecast of demand for any product can result in the unavailability/surplus of products. This unavailability of products in high demand may depress sales volumes and adversely affect customer relationships. Conversely, an inaccurate forecast can also result in an over-supply of products, which may increase costs, negatively impact cash flow, reduce the quality of inventory, erode margins substantially and ultimately create write-offs of inventory. There may be more than one such inaccurate forecasts in one season. Any of the aforesaid circumstances could have a material adverse effect on our business, results of operations and financial condition.

42. *Orders placed by customers may be delayed, modified, cancelled or not fully paid for by our customers, which may have an adverse effect on our business, financial condition and results of operations.*

We may encounter problems in executing the orders in relation to our imported and exported products, or executing it on a timely basis. Moreover, factors beyond our control or the control of our customers, including delays or failure to obtain necessary permits, authorizations, permissions and other types of difficulties or obstructions, may result in the postponement of the delivery of products or cause its cancellation. Further, even though we execute orders with our customers, the order could be cancelled or there could be changes in scope and / or scheduled delivery of the products. Accordingly, it is difficult to predict with certainty if, when, and to what extent the delivery of the orders placed will be made. Failure to deliver products on time could lead to customers delaying or refusing to pay the amount, in part or full, which may adversely affect our business.

43. *We have not made any alternate arrangements for meeting our capital requirements for the Objects of the Issue. Further, we have not identified any alternate source of financing the ‘Objects of the Issue’. Any shortfall in raising / meeting the same could adversely affect our growth plans, operations and financial performance.*

As on date, we have not made any alternate arrangements for meeting our capital requirements for the Objects of the Issue. We meet our capital requirements through our bank finance, unsecured loans, owned funds and internal accruals. Any shortfall in our net owned funds, internal accruals and our inability to raise debt in future would result in us being unable to meet our capital requirements, which in turn will negatively affect our financial condition and results of operations. Further, we have not identified any alternate source of funding and hence any failure or delay on our part to raise money from this issue or any shortfall in the issue proceeds may delay the implementation schedule and could adversely affect our growth plans. For further details, please refer to the chapter titled “*Objects of the Issue*” beginning on page 83 of this Prospectus.

44. *Our success largely depends upon the knowledge and experience of our Promoters, Directors, our Key Managerial Personnel and our Senior Management. Loss of any of our Directors, key managerial personnel and our Senior Management or our ability to attract and retain them could adversely affect our business, operations and financial condition.*

The growth and success of our Company’s future significantly depends upon the experience of our Promoters and continued services and the management skills of our Key Managerial Personnel and our Senior Management and the guidance of our Promoters and Directors for development of business strategies, monitoring its successful implementation and meeting future challenges. We believe the expertise, experience and continued efforts of our Key Managerial Personnel and our Senior Management and their inputs are valuable to for the operations of our Company. Our future success and growth depend largely on our ability to attract, motivate and retain the continued service of our highly skilled management personnel. Our Company has never been faced with a challenge of high rate of attrition of our Key Management Personnel and our Senior Management in the past, however, any attrition of our experienced Key Managerial Personnel and our Senior Management, would adversely impact our growth strategy. We cannot assure you that we will be successful in recruiting and retaining a sufficient number of personnel with the requisite skills to replace those Key Managerial Personnel and our Senior Management who leave. In the event we are unable to motivate and retain our Key Managerial Personnel and our Senior Management and thereby lose the services of our highly skilled Key Managerial Personnel and our Senior Management may adversely affect the operations, financial condition and profitability of our Company and thereby hampering and adversely affecting our ability to expand our business. For further details on our Directors, Key Managerial Personnel and our Senior Management, please refer to the chapter titled — “*Our Management*” on page 155 of this Prospectus.

45. *We operate in a highly competitive industry, which could limit our ability to grow.*

The product line in which we operate is marketed by45tilized45nised and unorganized players. We sell our products in highly competitive markets, and competition in these markets is based primarily on the quality, design, range and specifications servicing, availability and pricing of such products. To remain competitive in our markets, we must continuously strive to reduce our procurement, production and distribution costs and improve our operating efficiencies. If we fail to do so, others may be able to sell their products at prices lower than our prices, which would have an adverse affect on our market share and results of operations. Also, we compete with various established players in our line of business. Some of our current and potential competitors, including MNCs, have an edge over us, on account of global expertise, longer operating histories, greater brand recognition, existing customer relationships, and significantly greater financial, marketing and other resources, all of which could have a material adverse effect on our results of operations and financial condition. They may also benefit from greater economies of scale and operating efficiencies.

There can be no assurance that we can continue to effectively compete with such competitors in the future, and failure to compete effectively may have an adverse effect on our business, financial condition and results of operations.

46. *We could be harmed by employee misconduct or errors that are difficult to detect and any such incidences could adversely affect our financial condition, results of operations and reputation.*

Employee misconduct or errors could expose us to business risks or losses, including regulatory sanctions and cause serious harm to our reputation and goodwill of our Company. There can be no assurance that we will be able to detect or deter such misconduct. Moreover, the precautions we take to prevent and detect such activity may not be effective in all cases. Our employees and agents may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as regulatory actions on account of which our business, financial condition, results of operations and goodwill could be adversely affected.

47. *The industry in which we operate, requires labour/ manpower and our operations may be materially adversely affected by strikes, work stoppages or increased wage demands by our employees or any other kind of disputes with our employees.*

The industry in which we operate being labour intensive depends on labour force for carrying out its activity. Although, we have not experienced any labour unrest, as our manpower requirement is not more, we cannot assure you that we will not experience disruptions in work due to disputes or other problems with our work force, which may adversely affect our ability to continue our business operations. Any labour unrest directed against us, could directly or indirectly prevent or hinder our normal operating activities, and, if not resolved in a timely manner, could lead to disruptions in our operations. These actions are impossible for us to predict or control and any such event could adversely affect our business, results of operations and financial condition.

48. *Delay in raising funds from the IPO could adversely impact the implementation schedule.*

The proposed expansion, as detailed in the section titled "Objects of the Issue" is to be mainly funded from the proceeds of this IPO. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule. We therefore, cannot assure that we would be able to execute the expansion process within the given timeframe, or within the costs as originally estimated by us. Any time overrun, or cost overrun may adversely affect our growth plans and profitability.

49. *There is no monitoring agency appointed by our Company and the deployment of funds is at the discretion of our Management and our Board of Directors, though it shall be monitored by our Audit Committee.*

The deployment of the funds towards the objects of the issue is entirely at the discretion of the Board of Directors/Management and is not subject to monitoring by external independent agency. As per SEBI (ICDR) Regulations, 2018, as amended from time to time, appointment of monitoring agency is required only for Issue size above Rs. 10,000 Lakhs. Since this Issue Size is less than Rs. 10,000 Lakhs, our Company has not appointed any monitoring agency for this Issue. Hence, we have not appointed a monitoring agency to monitor the utilization of Issue proceeds. However, the audit committee of our Board will monitor the utilization of Issue proceeds in terms of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the Stock Exchange and shall also simultaneously make the material deviations / adverse comments of the audit committee public. Any inability on our part to effectively utilize the Issue proceeds could adversely affect our financials.

50. *Any variation in the utilization of the Net Proceeds as disclosed in this Prospectus shall be subject to certain compliance requirements, including prior Shareholders' approval.*

Our Company intends to deploy and utilize Net Proceeds raised pursuant to the Initial Public Issue in the manner set out in the section titled "Objects of the Issue" on page 83 in this Prospectus. In accordance with SEBI LODR Regulations, Section 13(8) and Section 27 of the Companies Act, 2013 and other applicable provisions, we cannot undertake any variation in the utilization of the Net Proceeds as disclosed in this Prospectus without obtaining the approval of shareholders of our Company through a special resolution. In the event of any such, we may not be able to obtain the approval of the shareholders of our Company in a timely manner, or at all. Any delay or inability in obtaining such approval of the shareholders of our Company may adversely affect our business or operations and it may also lead to delay in deployment of funds as per the schedule of implementation as disclosed in objects section titled "Objects of the Issue" on page 83 in this Prospectus. In light of these factors, we may not be able to undertake variation of objects of the Issue to use any unutilized proceeds of the Issue, if any, even if such variation is in the interest of our Company.

This may restrict our Company's ability to respond to any change in our business or financial condition by redeploying the unutilized portion of Net Proceeds, if any, which may adversely affect our business and results of operations.

Further, pursuant to the Companies Act 2013, the Promoters or controlling shareholders will be required to provide an exit opportunity to the shareholders who do not agree to such proposal to vary the Objects of the Issue at the fair market value of the Equity Shares as on the date of the resolution of our Board recommending such variation in the terms of the contracts or the objects referred to in this Prospectus, in accordance with such terms and conditions as may be specified on this behalf by SEBI.

Accordingly, prospective investors in the Issue will need to rely upon our management's judgment with respect to the use of Net Proceeds. If we are unable to enter into arrangements for utilization of Net proceeds as expected and assumed by us in a timely manner or at all, we may not be able to derive the expected benefits from the proceeds of the Issue, our business and financial results may suffer.

51. *The requirements of being a listed company may strain our resources.*

We are not a listed Company and have not, historically, been subjected to the increased scrutiny of our affairs by shareholders, regulators and the public at large that is associated with being a listed company. As a listed company, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur as an unlisted company. We will be subject to the listing agreements with the Stock Exchanges and compliances of SEBI (LODR) Regulations which will require us to file audited annual and unaudited half yearly results and limited review reports with respect to our business and financial condition. If we experience any delays, we may fail to satisfy our reporting obligations and/or we may not be able to readily determine and accordingly report any changes in our results of operations as promptly as other listed companies which may adversely affect the financial position of the Company.

As a listed company, we will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, including keeping adequate records of daily transactions to support the existence of effective disclosure controls and procedures, internal control over financial reporting and additional compliance requirements under the Companies Act, 2013. In order to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, significant resources and management oversight will be required. As a result, management's attention may be diverted from other business concerns, which could adversely affect our business, prospects, financial condition and results of operations. In addition, we may need to hire additional legal and accounting staff with appropriate listed company experience and technical accounting knowledge and we cannot assure you that we will be able to do so in a timely manner.

52. *The Equity Shares have never been publicly traded and the Issue may not result in an active or liquid market for the Equity Shares.*

Prior to the Issue, there has been no public market for the Equity Shares, and an active trading market on the Stock Exchanges may not develop or be sustained after the Issue. Listing and quotation does not guarantee that a market for the Equity Shares will develop, or if developed, the liquidity of such market for the Equity Shares. Although we currently intend that the Equity Shares will remain listed on the Stock Exchanges, there is no guarantee of the continued listing of the Equity Shares. Failure to maintain our listing on the Stock Exchanges or other securities markets could adversely affect the market value of the Equity Shares.

The Issue Price of the Equity Shares is proposed to be determined through a fixed price process in accordance with the SEBI ICDR Regulations and may not be indicative of the market price of the Equity Shares at the time of commencement of trading of the Equity Shares or at any time thereafter. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results of our Company, market conditions specific to the industry we operate in, developments relating to India, volatility in securities markets in jurisdictions other than India, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, and changes in economic, legal and other regulatory factors. You may not be able to resell your Equity Shares at a price that is attractive to you.

53. *There is no guarantee that the Equity Shares issued pursuant to the Issue will be listed on the SME Platform of National Stock Exchange of India Limited in a timely manner or at all.*

In accordance with Indian law and practice, permission for listing and trading of the Equity Shares issued pursuant to the Issue will not be granted until after the Equity Shares have been issued and allotted. Approval for listing and trading will require all relevant documents authorizing the issuance of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on the SME Platform of National Stock Exchange of India Limited due to delay in

submission of required documents/ completion of formalities/compliance with required laws by the issuer. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

54. There is no existing market for our Equity Shares, and we do not know if one will develop to provide you with adequate liquidity. Further, an active trading market for the Equity Shares may not develop and the price of the Equity Shares may be volatile.

An active public trading market for the Equity Shares may not develop or, if it develops, may not be maintained after the Issue. Our Company, in consultation with the lead manager, will determine the Issue Price. The Issue Price may be higher than the trading price of our Equity Shares following this Issue. As a result, investors may not be able to sell their Equity Shares at or above the Issue Price or at the time that they would like to sell. The trading price of the Equity Shares after the Issue may be subject to significant fluctuations in response to factors such as, variations in our results of operations, market conditions specific to the sectors in which we operate economic conditions of India and volatility of the securities markets elsewhere in the world.

55. The price of the Equity Shares may be highly volatile after the Issue.

The price of the Equity Shares on the Indian stock exchanges may fluctuate after this Issue as a result of several factors, including, volatility in the Indian and global securities market; our operations and performance; performance of our competitors and the perception in the market about investments in the our industry; adverse media reports on us or the industry; changes in the estimates of our performance or recommendations by financial analysts; significant developments in India's economic liberalization and deregulation policies; and significant developments in India's fiscal and environmental regulations. There can be no assurance that the prices at which the Equity Shares are initially traded will correspond to the prices at which the Equity Shares will trade in the market subsequently.

56. You will not be able to sell immediately on the Stock Exchanges any of the Equity Shares you purchase in the Issue.

The Equity Shares will be listed on the Emerge Platform of National Stock Exchange of India Limited. Pursuant to Indian regulations, certain actions must be completed before the Equity Shares can be listed and trading may commence. Upon receipt of final approval from the Stock Exchanges, trading in the Equity Shares is to commence within six (6) working days of the date of closure of the Issue or such other time as may be prescribed by SEBI. However, SEBI pursuant to its circular bearing reference number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 has reduced the time taken for listing of specified securities after the closure of public issue to 3 working days (T+3 days) as against the present requirement of 6 working days (T+6 days); 'T' being issue closing date. The provisions of this circular shall be applicable, on voluntary basis for public issues opening on or after September 1, 2023 and on mandatory basis for public issues opening on or after December 1, 2023. Our Company shall close this Issue in accordance with the timeline provided under the aforementioned circular.

We cannot assure that the Equity Shares will be credited to investors' demat accounts, or that trading in the Equity Shares will commence, within the time period prescribed by law. Further, there can be no assurance that the Equity Shares to be Allotted pursuant to this Issue will be listed on the Stock Exchanges in a timely manner or at all.

57. There are restrictions on daily movements in the trading price of the Equity Shares, which may adversely affect a shareholder's ability to sell Equity Shares or the price at which Equity Shares can be sold at a particular point in time.

Our listed Equity Shares will be subject to a daily "circuit breaker" imposed on listed companies by the Stock Exchanges, which does not allow transactions beyond certain volatility in the trading price of the Equity Shares. This circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by SEBI on Indian stock exchanges. The percentage limit on the Equity Shares' circuit breaker will be set by the Stock Exchanges based on historical volatility in the price and trading volume of the Equity Shares. The Stock Exchanges are not required to inform our Company of the percentage limit of the circuit breaker, and they may change the limit without our knowledge. This circuit breaker would effectively limit the upward and downward movements in the trading price of the Equity Shares. As a result of this circuit breaker, there can be no assurance regarding the ability of shareholders to sell Equity Shares or the price at which shareholders may be able to sell their Equity Shares.

58. The price of the Equity Shares may be volatile, which could result in substantial losses for investors acquiring the Equity Shares in the Issue.

The market price of the Equity Shares may be volatile and could fluctuate significantly and rapidly in response to, among others, the following factors, some of which are beyond our control:

- volatility in the Indian and global securities market or in the value of the Rupee relative to the U.S. Dollar, the Euro and other foreign currencies;
- our profitability and performance;
- changes in financial analysts' estimates of our performance or recommendations;
- perceptions about our future performance or the performance of Indian companies in general;
- performance of our competitors and the perception in the market about investments in the steel sector;
- adverse media reports about us or the Indian steel sector;
- significant developments in India's economic liberalization and deregulation policies;
- significant developments in India's fiscal and environmental regulations;
- economic developments in India and in other countries; and
- any other political or economic factors.

These fluctuations may be exaggerated if the trading volume of the Equity Shares is low. Volatility in the price of the Equity Shares may be unrelated or disproportionate to our results of operations. It may be difficult to assess our performance against either domestic or international benchmarks.

Indian stock exchanges, including the Stock Exchanges, have experienced substantial fluctuations in the prices of listed securities and problems such as temporary exchange closures, broker defaults, settlement delays and strikes by brokers. The governing bodies of Indian stock exchanges have also, from time to time, imposed restrictions on trading in certain securities, limitations on price movements and margin requirements. Further, disputes have occurred between listed companies, stock exchanges and other regulatory bodies, which in some cases may have had a negative effect on market sentiment. If such or similar problems were to continue or recur, they could affect the market price and liquidity of the securities of Indian companies, including the Equity Shares.

59. Any future issuance of Equity Shares, or convertible securities or other equity-linked securities by our Company may dilute your shareholding and any sale of Equity Shares by our Promoters or members of our Promoter Group may adversely affect the trading price of the Equity Shares.

Any future issuance of the Equity Shares, convertible securities or securities linked to the Equity Shares by our Company may dilute your shareholding in our Company; adversely affect the trading price of the Equity Shares and our ability to raise capital through further issue of our securities. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of the Equity Shares. We cannot assure you that we will not issue additional Equity Shares. The disposal of Equity Shares by any of our Promoters and Promoter Group, or the perception that such sales may occur may significantly affect the trading price of the Equity Shares. We cannot assure you that our Promoters and Promoter Group will not dispose of, pledge or encumber their Equity Shares in the future.

60. Sale of Equity Shares by our Promoters or other significant shareholder(s) may adversely affect the trading price of the Equity Shares.

Any instance of disinvestments of Equity Shares by our Promoters or by other significant shareholder(s) may significantly affect the trading price of our Equity Shares. Further, our market price may also be adversely affected even if there is a perception or belief that such sale of Equity Shares might occur.

61. *Rights of shareholders under Indian laws may be more limited than under the laws of other jurisdictions.*

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights including in relation to class actions, under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as shareholder in an Indian company than as shareholder of a corporation in another jurisdiction.

EXTERNAL RISK FACTORS

62. *Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws, may adversely affect our business and financial performance.*

The regulatory and policy environment in which we operate is evolving and subject to change. Such changes may adversely affect our business, results of operations and prospects, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy. For example, the Government of India implemented a comprehensive national goods and services tax ("GST") regime with effect from July 1, 2017, that combined multiple taxes and levies by the Central and State Governments into a unified tax structure. Our business and financial performance could be adversely affected by any unexpected or onerous requirements or regulations resulting from the amendment of GST or any changes in laws or interpretation of existing laws, or the promulgation of new laws, rules and regulations relating to GST. The Government has enacted the GAAR which have come into effect from April 1, 2017.

The Government of India has announced the union budget for Fiscal 2024 and the Ministry of Finance has notified the Finance Act, 2023 ("**Finance Act**"). There is no certainty on the impact that the Finance Act may have on our business and operations or on the industry in which we operate. We cannot predict whether any amendments made pursuant to the Finance Act would have a material adverse effect on our business, financial condition and results of operations. Unfavorable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment and stamp duty laws governing our business and operations could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals. For instance, the Supreme Court of India has, in a decision clarified the components of basic wages, which need to be considered by companies while making provident fund payments. Our Company has not made relevant provisions for the same, as on date. Any such decisions in future or any further changes in interpretation of laws may have an impact on our results of operations. Further, the Personal Data Protection Bill, 2019 ("**PDP Bill**") was introduced to propose a legal framework governing the processing of personal data. However, the PDP Bill has been withdrawn on August 3, 2022 and the Ministry of Electronics and Information Technology, Government of India ("**MoEIT**") has submitted a new Digital Personal Data Protection Bill, 2022 before the Parliament.

We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current businesses or restrict our ability to grow our businesses in the future.

63. *Our business is substantially affected by prevailing economic conditions in India.*

We perform all of our activities in India, and the predominant portions of our customers are Indian nationals. As a result, we are highly dependent on prevailing economic conditions in India and our results of operation are significantly affected by factors influencing the Indian economy. Factors that may adversely affect the Indian economy, and hence our results of operations, include:

- any increase in Indian interest rates or inflation;
- prevailing income conditions among Indian consumers and Indian corporations;

- changes in India's present tax, trade, fiscal or monetary policies;
- natural disasters, political instability, communal disturbances, riots, civil unrest, terrorism or military conflict in India or in countries in the region or globally, including in India's various neighboring countries; and
- prevailing national, regional or global economic conditions, including in India's principal export markets.

In addition to the factors set forth above, our business may be affected by adverse changes specific to the industries in which we operate.

64. Foreign investors are subject to foreign investment restrictions under Indian law.

Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection or a tax clearance certificate from the income tax authority. We cannot assure you that any required approval from the RBI or any other Government agency can be obtained on any particular terms or at all.

65. Any downgrading of India's debt rating by an independent agency may harm our ability to raise financing.

Any adverse revisions to India's credit ratings international debt by international rating agencies may adversely affect our ability to raise additional overseas financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our ability to fund our growth on favourable terms or at all, and consequently adversely affect our business and financial performance and the price of our Equity Shares.

66. Political instability or a change in economic liberalization and deregulation policies could seriously harm business and economic conditions in India generally and our business in particular.

The Government of India has traditionally exercised and continues to exercise influence over many aspects of the economy. Our business and the market price and liquidity of our Equity Shares may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. The rate of economic liberalization could change, and specific laws and policies affecting the information technology sector, foreign investment and other matters affecting investment in our securities could change as well. Any significant change in such liberalization and deregulation policies could adversely affect business and economic conditions in India, generally, and our business, prospects, financial condition and results of operations, in particular.

67. Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance of our business. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in markets, consumer debt levels, unemployment trends and other matters that influence consumer confidence and spending. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

68. Natural calamities could have a negative impact on the Indian economy and cause our business to suffer.

India has experienced natural calamities such as earthquakes, tsunami, floods etc. In recent years, the extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

69. *Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.*

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks, other incidents such as those in US, Indonesia, Madrid and London, and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade as well as the global equity markets generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

BOOK BUILDING PROCESS

Book Building, with reference to the Issue, refers to the process of collection of Bids on the basis of the Red Herring Prospectus within the Price Band. The Price Band was determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process and advertised in English editions of Financial Express (a widely circulated English daily national newspaper), Hindi editions of Jansatta (a widely circulated Hindi daily national newspaper) and all editions of Nafa Nuksan (a widely circulated Hindi regional daily newspaper, Hindi being the regional language of Rajasthan, where our Registered Office is located), each with wide circulation at least two working days prior to the Bid/Issue Opening Date and was made available to the Stock Exchange for the purpose of uploading on its website. The Issue Price was determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process after the Bid/Issue Closing Date.

Principal parties involved in the Book Building Process were-

- Our Company;
- The Book Running Lead Manager, in this case being Cumulative Capital Private Limited;
- The Syndicate Member(s) who are intermediaries registered with SEBI / registered as brokers with National Stock Exchange of India Limited and eligible to act as Underwriters.
- The Registrar to the Issue, in this case being KFIN Technologies Limited;
- The Escrow Collection Banks/ Bankers to the Issue and
- The Designated Intermediaries and Sponsor bank

The SEBI ICDR Regulations have permitted the Issue of securities to the public through the Book Building Process, wherein allocation to the public shall be made as per Regulation 253 of the SEBI ICDR Regulations.

The Issue was made through the Book Building Process wherein 50% of the Net Issue was made available for allocation on a proportionate basis to QIBs, provided that our Company in consultation with the BRLM allocated 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI (ICDR) Regulations (the “**Anchor Investor Portion**”), out of which one third was reserved for domestic Mutual Funds, subject to valid Bids received from domestic Mutual Funds at or above the Anchor Investor Issue Price. 5% of the Net QIB Portion was made available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion was made available for allocation on a proportionate basis to all QIB Bidders, including Mutual Funds. Further, not less than 15% of the Net Issue was made available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35% of the Net Issue was made available for allocation to Retail Individual Bidders, in accordance with the SEBI Regulations, subject to valid Bids received at or above the Issue Price.

All potential Bidders participated in the Issue through an ASBA process by providing details of their respective bank account which will be blocked by the SCSBs. All Bidders were mandatorily required to utilize the ASBA process to participate in the Issue..

All Bidders, other than Anchor Investors were mandatorily required to use the ASBA process by providing the details of their respective ASBA Account in which the corresponding Bid Amount was blocked by the SCSBs or, in the case of UPI Bidders, by using the UPI Mechanism. Anchor Investors were not permitted to participate in the Issue through the ASBA process.

In accordance with the SEBI ICDR Regulations, QIB and Non-Institutional Bidders were not allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Anchor Investors were not allowed to revise and withdraw their Bids after the Anchor Investor Bidding Date. Retail Individual Bidders could revise their Bids during the Bid/Issue Period and withdraw their Bids until the Bid/Issue Closing Date.

Subject to valid Bids received at or above the Issue Price, allocation to all categories in the Net Issue, shall be made on a proportionate basis, except for Retail Portion where allotment to each Retail Individual Bidders shall not be less than the minimum bid lot, subject to availability of Equity Shares in Retail Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis.

In terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public issue were required to use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which was blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public issue may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application. For details in this regards, specific attention is invited to the chapter titled “*Issue Procedure*” beginning on page 218 of this Prospectus.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors were advised to make their own judgment about investment through this process prior to making a Bid or application in the Issue.

For further details on the method and procedure for Bidding, please see section entitled “*Issue Procedure*” on page 218 of this Prospectus.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20/- to ₹ 24/- per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Company in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Steps that were required to be taken by the Bidders for Bidding:

- Check eligibility for making a Bid (see section titled “*Issue Procedure*” on page 218 of this Prospectus);
- Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid cum Application Form;
- Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Issue will obtain the Demographic Details of the Bidders from the Depositories.
- Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values

ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depository Participant's verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims.

- Ensure that the Bid cum Application Form is duly completed as per instructions given in this Prospectus and in the Bid cum Application Form;

Bid/Issue Program:

Event	Indicative Dates
Bid/Issue Opening Date [^]	Thursday, November 28, 2024
Bid/Issue Closing Date	Monday, December 2, 2024
Finalization of Basis of Allotment with the Designated Stock Exchange	On or before Tuesday, December 3, 2024
Initiation of Allotment / Refunds / Unblocking of Funds from ASBA Account or UPI ID linked bank account	On or before Tuesday, December 3, 2024
Credit of Equity Shares to Demat accounts of Allottees	On or before Wednesday, December 4, 2024
Commencement of trading of the Equity Shares on the Stock Exchange	On or before Thursday, December 5, 2024

[^]Our Company, in consultation with the Book Running Lead Manager, considered participation by Anchor Investors in accordance with the SEBI ICDR Regulations. The Anchor Investor Bid/Issue Period was one Working Day prior to the Bid/ Issue Opening Date.

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 3 Working Days of the Bid/Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/ Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws. SEBI pursuant to its circular bearing reference number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 has reduced the time taken for listing of specified securities after the closure of public issue to 3 working days (T+3 days).

Bid Cum Application Forms and any revisions to the same was accepted only between 10.00 a.m. to 5.00 p.m. (IST) during the Issue Period (except for the Bid/Issue Closing Date). On the Bid/ Issue Closing Date, the Bid Cum Application Forms was accepted only between 10.00 a.m. to 3.00 p.m. (IST) for retail and non-retail Bidders.

Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid/ Issue Closing Date, Bidders were advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 p.m. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Prospectus is IST. Bidders were cautioned that, in the event a large number of Bid Cum Application Forms were received on the Bid/Issue Closing Date, as is typically experienced in public Issue, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be uploaded were not considered for allocation under this Issue. Applications were accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid Cum Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Applicants were not allowed to withdraw or lower the size of their Application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Applicants can revise or withdraw their Bid Cum Application Forms prior to the Bid/ Issue Closing Date. Allocation to Retail Individual Applicants, in this Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Applicant, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSBs / RTAs / DPs / stock brokers, as the case may be, for the rectified data.

WITHDRAWAL OF THE ISSUE

If our Company withdraw the Issue any time after the Issue Opening Date but before the allotment of Equity Shares, a public notice within 2 (two) working days of the Issue Closing Date, providing reasons for not proceeding with the Issue shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre-Issue advertisements have appeared and the Stock Exchange will also be informed promptly. The BRLM, through the Registrar

to the Issue, will instruct the SCSBs to unblock the ASBA Accounts within 1 (one) working Day from the day of receipt of such instruction.

If our Company withdraw the Issue after the Bid/Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will have to file a fresh Draft Red Herring Prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Issue is subject to obtaining the final listing and trading approval of the Stock Exchange with respect to the Equity Shares Issued through the Prospectus, which our Company will apply for only after Allotment.

Contact Person: Mr. Anshul Aggarwal

Website: www.nikunjonline.com

SEBI Registration No. INZ000169335

In accordance with Regulation 261 of the SEBI ICDR Regulations, we have entered into an agreement with the Book Running Lead Manager and the Market Maker (duly registered with National Stock Exchange of India Limited to fulfil the obligations of Market Making) dated November 15, 2024 to ensure compulsory Market Making for a minimum period of three years from the date of listing of equity shares offered in this Issuer.

Nikunj Stock Brokers Limited, registered with EMERGE Platform of National Stock Exchange of India Limited will act as the Market Maker and agreed to receive or deliver the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI ICDR Regulations.

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI ICDR Regulations, as amended from time to time and the circulars issued by National Stock Exchange of India Limited and SEBI in this matter from time to time.

Following is a summary of the key details pertaining to the Market Making Arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. Further, the Market Maker shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker.
2. The minimum depth of the quote shall be ₹ 1,00,000. However, the investors with holdings of value less than ₹ 1,00,000 shall be allowed to Issue their holding to the Market Maker in that scrip provided that he sells his entire

holding in that scrip in one lot along with a declaration to the effect to the selling broker.

3. The Inventory Management and Buying/ Selling Quotations and its mechanism shall be as per the relevant circulars issued by SEBI and Emerge Platform of National Stock Exchange of India Limited from time to time.
4. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker, for the quotes given by him.
5. There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
6. There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, National Stock Exchange of India Limited may intimate the same to SEBI after due verification.
7. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems or any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
8. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. In case equilibrium price is not discovered the price band in the normal trading session shall be based on Issue price.
9. The Marker Maker may also be present in the opening call auction, but there is no obligation on him to do so.
10. The Market Maker shall have the right to terminate the said arrangement by giving one month - notice or on mutually acceptable terms to the Book Running Lead Manager, who shall then be responsible to appoint a replacement Market Maker.

In case of termination of the above-mentioned Market Making Agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Book Running Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018. Further the Company and the Book Running Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five (5) or as specified by the relevant laws and regulations applicable at that particulars point of time.

11. **Risk containment measures and monitoring for Market Maker:** Emerge Platform of National Stock Exchange of India Limited will have all margins which are applicable on the NSE Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
12. **Punitive Action in case of default by Market Maker:** Emerge Platform of National Stock Exchange of India Limited will monitor the obligations on a real-time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two- way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.
13. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines/ suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.
14. Price Band and Spreads: SEBI Circular bearing reference no: *CIR/MRD/DP/02/2012* dated *January 20, 2012*, has laid down that for Issue size up to ₹ 250 Crores, the applicable price bands for the first day shall be:
 - In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.

- In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Issue price.

15. Additionally, the securities of the Company will be placed in SPOS and would remain in Trade for Trade settlement for first 10 days from commencement of trading. The following spread will be applicable on the SME platform.

Sr. No.	Market Price Slab (in ₹)	Proposed Spread (in % to sale price)
1	Up to 50	9
2	50 to 75	8
3	75 to 100	6
4	Above 100	5

All the above-mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.

16. Pursuant to SEBI Circular number *CIR/MRD/DSA/31/2012* dated *November 27, 2012*, limits on the upper side for Markets Makers during market making process has been made applicable, based on the issue size, and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to ₹ 20 Crore	25%	24%
₹ 20 Crore to ₹ 50 Crore	20%	19%
₹ 50 Crore to ₹ 80 Crore	15%	14%
Above ₹ 80 Crore	12%	11%

All the above-mentioned conditions and systems regarding the Market Making Arrangement, trading and other related aspects are subject to the applicable provisions of law, changes or additional regulations and guidelines from SEBI / Stock Exchange from time to time..

The fund requirements, the deployment of funds and the intended use of the Net Proceeds as described herein are based on our current business plan, management estimates, and other commercial and technical factors. However, such fund requirements and deployment of funds have not been appraised by any bank, or financial institution. We may have to revise our funding requirements and deployment on account of a variety of factors such as our financial and market condition, business and strategy, competition, negotiation with vendors, variation in cost estimates on account of factors, and other external factors such as changes in the business environment and interest or exchange rate fluctuations, which

may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of our management, subject to compliance with applicable laws.

In the event that the estimated utilization of the Net Proceeds in a scheduled financial year is not completely met, due to the reasons stated above, the same shall be utilised in the next financial year, as may be determined by our Company, in accordance with applicable laws. Subject to applicable laws, in the event of any increase in the actual utilization of funds earmarked for the purposes set forth above, such additional funds for a particular activity will be met by way of means available to us, including from internal accruals and any additional equity and/or debt arrangements. Further, if the actual utilisation towards any of the Objects is lower than the proposed deployment such balance will be used towards general corporate purposes to the extent that the total amount to be utilised towards general corporate purposes will not exceed 25% of the Net Proceeds in accordance with the SEBI ICDR Regulations

Means of finance

Since the entire fund requirement of ₹ ₹ 5,563.57 lakhs will be met from the Net Proceeds hence, no amount is proposed to be raised through any other means of finance. Accordingly, we are in compliance with the requirements prescribed uIr Paragraph 9(C)(1) of Part A of Schedule VI and Igulation 230 (1)(e) of the SEBI ICDR Regulations which require firm arrangements of finance to be made through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised through the Issue and existing identifiable internal accruals. In case of a shortfall in the Net Proceeds or any increase in the actual utilisation of funds earmarked for the Objects, our Company may explore a range of options including utilizing our internal accruals.

DETAILS OF THE OBJECTS

I. PURCHASE OF MACHINERY AT OUR EXISTING MANUFACTURING UNIT

Our company is engaged in the business of manufacturing Toughened Glasses. As on date of filing this Prospectus, we have two operational factory units that is operated by us and is located in Jaipur (Rajasthan). For details on our factory unit, please refer to “*Our Manufacturing Infrastructure*” on page 127 of this Prospectus.

Our Company proposes to deploy an amount of ₹ 966.81 lakhs from the Net Proceeds towards purchase of machinery for our existing factory unit and as approved by the Board at its meeting held on July 13, 2024. Keeping in the growing demand for toughened glasses in market, our company proposes to add one more advance Production Line Machine / advance Tempering Machine (with Upper Forced Fan Convection through Steel Tubes) to the existing line of production which will increase the capacity by 10,80,000 SQMT p.a. The unit will be installed at the F-2236, RIICO Ramchandrapura Industrial Area Sitapura Ext. Jaipur-302022 (Unit-II) where the facility of storage of raw materials, handling, manpower, electricity connection are already available which are necessary for the production. Also, the floor related work is under process at the place where the plant is to be installed.

Operational Readiness:

It signifies that the site is already outfitted with critical infrastructure, implying that production may begin immediately. This reduces the risk of operational disruptions and facilitates planning and forecasting.

Cost Efficiency:

Having storage, handling, and power connections in place can drastically minimize initial costs. It minimizes or decreases the need for extra investment in certain areas’ lowering the project's overall cost.

Resource Availability:

It emphasizes that vital resources are readily available, ensuring that the manufacturing process is not delayed by shortages or logistical challenges with raw materials or power supply.

Risk Mitigation:

By certifying the availability of appropriate facilities and resources, the statement helps to reduce the risks associated with supply chain disruptions, operational inefficiencies, or the need for unexpected and possibly costly infrastructure developments.

In summary, such a statement reassures stakeholders of the ’roduction environment's readiness and stability, which may result in smoother operations and a higher possibility of project success.

Our Company has identified the machinery to be purchased and obtained quotations from respective vendors / suppliers and is yet to place any orders or enter into definitive agreements for purchase of such machinery. Notes:

- The actual cost of procurement and actual supplier/dealer may vary.
- We have considered the above quotations for the budgetary estimate purpose and have not placed orders for them. The above costs is excluding taxes such as GST, TCS, Import duty etc.
- We are not acquiring any second-hand machinery.

- All quotations received from the vendors mentioned above are valid as on the date of this Prospectus. However, we have not entered into any definitive agreements with any of these vendors and there can be no assurance that the same vendors would be engaged to eventually supply the machineries/equipment's or at the same costs.
- The machinery/equipment models and quantity to be purchased are based on the present estimates of our management. The Management shall have the flexibility to revise such estimates (including but not limited to change of vendor or any modification/addition/deletion of machineries or equipment's) at the time of actual placement of the order. In such case, the Management can utilize the surplus of proceeds, if any, arising at the time of actual placement of the order, to meet the cost of such other machinery, equipment's or utilities as required. Furthermore, if any surplus / deficit of the proceeds for meeting the total cost of machineries shall be used / adjusted in General Corporate Purposes, subject to limit of 25% of the amount raised by our Company through this Issue.
- The order for 100% of equipment's having basic value of ₹ 966.81 lakhs are yet to be placed. Placing the order will require the company to pay the taxes related to the order, certain advance payment and commitment for balance payment.
- The quotations relied upon by us in arriving at the above cost are valid for a specific period and may lapse after the expiry of the said period. Consequent upon which, there could be a possible escalation in the cost of machineries proposed to be acquired by us at the actual time of purchase, resulting in increase in the estimated cost. Any extra cost above the cost mentioned would be met out of our internal accruals.

We have not entered into any definitive agreements with the suppliers and there can be no assurance that the same suppliers would be engaged to eventually supply the machinery and material at the same costs. The quantity of the machinery and material to be purchased is based on the estimates of our management. Our Company shall have the flexibility to deploy the machinery according to the business requirements which are dynamic, which may evolve with the passage of time and based on the estimates of our management.

Above quotations are very short duration quotation and are used only for the purpose of price estimation. The above prices are subject to change without any notice and final applicable prices will be as per prevailing prices at the time of invoicing of machinery. Our Management does not have any intention of purchasing the above-mentioned proposed machinery as second-hand machinery.

Our Promoters, Directors, Key Management Personnel or Group Entities have no interest in the proposed procurements, as stated above. If the Net Proceeds are insufficient to the extent required for purchase of plant and machinery and/or other any material required for setting up the manufacturing unit, such excessive amount shall be met from our internal accruals and/ or from borrowing from banks/ financial institutions.

Our company has two factory unit viz., Unit-1 – Doing commercial production since FY 2016 and Unit -2 – Doing commercial production from FY 2023, our both units are fully operational and run in a single shift, because earlier we do not have any backup plant if any kind of breakdown in Unit-I but now we have both units operational so we are planning to shift production under multiple shifts.

At present we are running single shift production at both the units. Our machinery utilisation schedule will depend upon availability of raw material i.e. float glass from various float glass manufacturers depend upon its technical specifications and all such technical specification will vary according to customer demands and accepting our terms and conditions. It is our endeavour to use the production facility at Unit-1 to its installed capacity during the FY 2024-25 as our company is planning to use the capacity of the same plant with middle scale and lower scale projects under multiple shifts of timings and convert the retail as well as short duration projects rapidly. In same manner at Unit-II our production capacity will fully utilise in F.Y. 2024-2025 as we planned to use the production capacity of said plant with dedicated projects which will be mainly large-scale projects and run the plant 24 X 7 accordingly, and with this change the supply time will reduce and project will complete in shorter duration compare with current scenario.

II. REPAYMENT OF CERTAIN BORROWINGS

Our Company has entered into various financing arrangements from time to time, with banks and financial institutions. The loan facilities availed by our Company includes borrowing in the form of, inter alia, short term loans, GECL and overdraft facilities, term loans amongst others. As at September 30, 2024, the total outstanding indebtedness was ₹ 3,055.39 Lakhs (included secured and unsecured borrowings). For details on the same, please refer to “*Financial Indebtedness*” beginning on page 176 this Prospectus.

Our Company proposes to utilize approximately ₹ 600.00 Lakhs from the Net Proceeds of the Issue towards full or partial repayment or pre-payment of certain of such outstanding borrowings availed by our Company. Our Company may from time to time, repay, refinance, enter into further financing arrangements and/or draw down further funds under existing

loans from time to time. Therefore, our Company may choose to repay or pre-pay or part prepayment certain borrowings, other than those identified in the table below, which may include additional borrowings availed after the filing of this Prospectus. However, the aggregate amount to be utilised from the Net Proceeds towards repayment and/or prepayment, in part or full, of certain borrowings, would not exceed ₹ 600.00 Lakhs. In light of the above, at the time of filing the Prospectus, the table below shall be suitably updated to reflect the revised amounts or additional loans, as the case may be.

We believe that such repayment/ pre-payment will help reduce our outstanding indebtedness, debt serviced and enable utilisation of our internal accruals for further investment in the growth and expansion of our business. Such reduction of our outstanding indebtedness will also help us to improve our ability to raise further resources in the future to fund our potential business development opportunities and plans to grow and expand our business.

The following table provides details of outstanding borrowings availed by our Company, which we have identified to repay or prepay, in full or in part, from the Net Proceeds:

In accordance with Clause 9(A) (2)(b) of Part A of Schedule VI of the SEBI ICDR Regulations, we have obtained a certificate dated November 12, 2024 from the Statutory Auditors Jethani & Associates, Chartered Accounts (ICAI Firm Registration No.: 010749C) (UDIN: 24400485BKACQE9426), certifying that the borrowings have been utilized towards the purposes for which such borrowings were availed by us. For further details, see "Financial Indebtedness" on page 176 of this Prospectus.

In the event that there are any prepayment penalties required to be paid under the terms of the relevant financing agreements, such prepayment penalties and other related costs shall be made from the Net Proceeds. If the Net Proceeds are insufficient to the extent required for making payments for such prepayment penalties, such excessive amount shall be met from our internal accruals.

No portion of the Net Proceeds that will be utilised for repayment / prepayment, in full or part, of certain borrowings availed by our Company, will be directly or indirectly routed to our Promoters, members of the Promoter Group, Directors, Key Managerial Personnel, Senior Management or Group Companies.

Other Current Assets

The other current asset envisaged while plotting the business projections in the FY 2025 and FY 2026 is shown as ₹ 6.40 crores and ₹ 8.80 crores was shown as Advance to suppliers for the purchase of the raw material as required for the production in order to get preferred beneficial pricing from the suppliers as the Company would have optimal resources after the Issue.

Current tax assets (Net)

We hereby clarify that the Company had envisaged while plotting the business projections to pay the advance tax for FY 2026 as a result of the anticipated cashflow that will be generated and the same is reflected under Current tax assets (Net) that the advance tax paid by the company for the FY 2026 is ₹ 2.00 crores along with the provision of ₹ 373.15 lakhs which is in line with the anticipated profit that the company is forecasting to earn. Further, the Company has created the provision of ₹ 339.23 lakhs in FY 2025 for the tax to be paid and not shown in Current tax assets (Net) as the Company has planned the optimal utilization of the cash flows considering the business projections as generally in the glass industry the business is better in the H2 vis-à-vis H1 of a Financial Year.

As part of our expansion plan to produce toughened glass, we are investing in a new plant and machinery, specifically a Glass Tempering Unit, which will increase our capacity by 1.08 million SQMT per year. To optimize entire capacity, we will need additional working capital to procure the necessary raw materials and ensure smooth operations.

The business model of our company predominantly revolves around project-based business. The project base business requires us to procure the raw material for the entire project requirement and utilize those raw materials over the period of the project which inductively ranges from 8 to 12 months. Considering this, we would have a requirement of the additional working capital.

Currently, our Company operates both units on a single-shift basis due to the limitation of the working Capital. The scheduling of our machinery utilization depends on the availability of float glass, which varies in technical specifications based on customer requirements and our terms and conditions. Further, additional working capital will help the company in fulfilling the multiple projects simultaneously once the company operates above multiple shifts which will lead to efficient use of the resources.

For FY 25 and going forward, we plan to optimally utilize the production capacity at Unit-1 by transitioning to multiple shifts. This will allow us to efficiently handle middle and lower-scale projects, including retail and short-duration projects. Concurrently, Unit-2 will be dedicated to large-scale projects, operating across multiple shifts to optimally utilize its capacity. This approach will reduce average project delivery timelines and improve efficiency compared to the current setup.

As we focus on large-scale, long-duration projects with low volume but high margins, we will need to maintain higher inventory levels and advance payment to creditors throughout the production cycle to ensure smooth commercial operations.

In view of the above, additional working capital will be required across inventories, receivables and payables to meet the envisaged growth plans of the Company.

Please find below justification for increase in working capital

For FY 2023 as compared to FY2022.

Working Capital requirement was ₹ 1,565.73 lakhs and ₹ 1,756.72 lakhs for FY 2022 and 2023 respectively. The increase in working capital was because of increase in Trade receivable days because of increase in sales. Further, the increase in sales was due to the expansion of the product line i.e.–Lamination plant in unit - II of the company. The Laminated Glass also requires toughened glass as its raw material, thus the company is required to maintain higher levels of inventory to ensure the uninterrupted production and sales. Company, generally maintains the inventory level of around 130-140 days normally to cater to the demand. During FY 2022 and 2023, the company was into the traditional sales of the toughened glass where the requirement to store the inventory is not on the higher side and also the margin are on the lower side. The trade receivables of the company has also increased as the company started accepting the long duration of the projects.

For FY 2024 as compared to FY 2023.

Working Capital requirement was ₹ 1,756.72 lakhs in FY 2023 which increased to ₹ 2,230.93 lakhs. The increase in working was because of the increase in inventory and trade receivables of the company. Previously, the company was not required to maintain high level of inventory as most of the orders were either short term or of lower scale. As the company started accepting the longer duration order, the company is required to maintain high level of inventory. Further, the company is looking forward to expand its supply and market geographical area further into tier 2 and tier 3 cities of India and also shift the production cycles under multiple shifts under both operation units which will further add into the requirement of working capital. Our company needs to purchase the raw material from the supplier in bulk and store as the production of single type of glass happens only for specific period during the year to increase the revenue and profitability. In the FY 2024, company revamped the business strategy to focus on enhanced product mix i.e. glasses with better margins along with focus on prompt payments to suppliers, prompt supply to stage-wise completion of projects. The Company is working on the upgrading demand of laminated glass in bigger projects, timely deliveries and faster recoveries upon project completion. In view of the above the Company is expecting a sustainable growth in the business with improved margin.

Basis of estimation of working capital

The incremental working capital requirements of ₹ 2,500.00 lakhs are based on the business plan approved by the board of directors in the board meeting held on July 13, 2024. Accordingly, we have estimated relative increase in Margin Money, Trade Receivables, Other financial / current assets and decrease in trade payables and other current liabilities.

Working capital requirement for FY25 and FY26

The Net Working capital requirements for the FY 2025 (Projected) and FY 2026 (Projected) are estimated to be ₹ 3,761.77 Lakhs and ₹ 5,476.85 Lakhs respectively.

Assumption for future working capital requirements considering holding periods based on Restated Financial Statements:

Particulars	Fiscal 2022	Fiscal 2023	Fiscal 2024	September 30, 2024	Fiscal 2025 (P)	Fiscal 2026 (P)	Justification for Holding period
<i>Current Assets</i>							
Inventories	130	121	251	148	143	99	Holding period level (in days) of Inventories is calculated by dividing average inventories by cost of goods sold

Particulars	Fiscal 2022	Fiscal 2023	Fiscal 2024	September 30, 2024	Fiscal 2025 (P)	Fiscal 2026 (P)	Justification for Holding period
							<p>multiplied by number of days in the year/period.</p> <p>The inventory days of the company were 130, 121, 251 and 148 days in FY 2022, FY 2023, FY 2024 and September 30, 2024 respectively. The company expects the inventory days to come down to 143 days and 99 days in FY 2025 and FY 2026.</p> <p>In FY 2024, the Company started taking up projects on end-to-end basis where margin are slightly on the higher side. In case of bigger project, we need to put up inventory because of the requirement of similar quality of material in a single project. Supply made towards project is as and when the requirement is received. Therefore, we have such high inventory turnover ratio. Over the period, our company expects the inventory holding days to come down because of increase in sales considering the execution of larger projects leading to optimal churn of inventory on an average.</p>
Trade Receivables	71	74	89	96	77	68	<p>Trade receivable days is calculated by dividing average trade receivables by revenue from operations multiplied by number of days in the year/period.</p> <p>The trade receivable days of the company were 71, 74, 89 and 96 in FY 2022, FY 2023, FY 2024 and September 30, 2024 respectively. The company expects the trade receivable days to be 77 days and 68 days in FY 2025 and FY 2026.</p> <p>During the years FY 22, FY 23 and FY 24, the Company was focusing more on acquiring new customers wherein they could supply value added products with the competitive pricing with sustainable credit period of upto 90 days. The Company now expects the average trade receivable days to stay anywhere between 70-75 days. As a part of strategy, the company started acquiring bigger projects which will help increase the profitability along with the stable receivables cycle of ~70-75 days.</p>
Current Liabilities							
Trade Payables	39	19	29	38	13	9	Trade payable days is calculated by dividing average trade payables by purchase of raw material multiplied by number of days in the year/period.

Particulars	Fiscal 2022	Fiscal 2023	Fiscal 2024	September 30, 2024	Fiscal 2025 (P)	Fiscal 2026 (P)	Justification for Holding period
							<p>The trade payable days of the company were 39, 19 and 29 and 38 days for FY 2022, FY 2023, FY 2024 and September 30, 2024. The company expects its trade payable days to come down further to 13 days in FY 2025 and 9 days in FY 2026.</p> <p>Company have limited suppliers as structural cost to set up a glass manufacturing unit is huge. As we acquire glass from manufacturers with whom we have tie up, we get discounts on bulk orders and a separate cash discount schemes from time-to-time basis. The repayment of the trade payables have the direct effect on the profitability of our Company because the advance payment or the payment in short duration to suppliers will result in trade/cash discount of around 2% to 5% which shall directly contribute to the gross margin of the business. As a result of which, our Company prefers to pay the amount to suppliers in shorter duration to increase the profitability.</p>

Pursuant to the certificate dated November 12, 2024, Jethani & Associates, Chartered Accountants, have verified the working capital requirements for the six months period ended September 30, 2024 and financial year ended March 31, 2024, 2023 and 2022 from the Restated Financial Information and working capital estimates for the March 31, 2025 and March 31, 2026 as approved by the Board pursuant to its resolution dated July 13, 2024.

IV. GENERAL CORPORATE EXPENSES

Our Company proposes to deploy the balance proceeds, aggregating to ₹ 1,496.76 lakhs, towards general corporate purposes as approved by our management from time to time, subject to such utilisation not exceeding 25% of the gross proceeds, in compliance with the SEBI ICDR Regulations. The general corporate purposes for which our Company proposes to utilise net proceeds include, business development initiatives, meeting any expense including salaries, rent, administration costs, insurance premiums, repairs and maintenance, payment of taxes and duties, and similar other expenses incurred in the ordinary course of our business or towards any exigencies. The quantum of utilisation of funds towards each of the above purposes will be determined by our board, based on the amount available under this head and the business requirements of our Company, from time to time, subject to compliance with applicable law.

In addition to the above, our Company may utilise the net proceeds towards other purposes considered expedient and as approved periodically by our board, subject to compliance with necessary provisions of the Companies Act. Our Company's management shall have flexibility in utilising surplus amounts, if any. Our management will have the discretion to revise our business plan from time to time and consequently our funding requirement and deployment of funds may change. This may also include rescheduling the proposed utilization of net proceeds. Our management, in accordance with the policies of our Board, will have flexibility in utilizing the proceeds earmarked for general corporate purposes. If we are unable to utilize the entire amount that we have currently estimated for use out of net proceeds in a financial year, we will utilize such unutilized amount in the subsequent financial years.

OVERVIEW OF GLOBAL ECONOMY

A Waxing and Waning Outlook

IMF staff projections are based on upward revisions to commodity prices, including a rise in nonfuel prices by 5 percent in 2024. Energy commodity prices are expected to fall by about 4.6 percent in 2024, less than projected in the April 2024 World Economic Outlook (“WEO”), reflecting elevated oil prices from deep cuts by OPEC+ (the Organization of the Petroleum Exporting Countries, including Russia and other non-OPEC oil exporters) and reduced, but still present, price pressure from the Middle East conflict. Monetary policy rates of major central banks are still expected to decline in the second half of 2024, with divergence in the pace of normalization reflecting varied inflation circumstances

The forecast for growth in emerging market and developing economies is revised upward; the projected increase is powered by stronger activity in Asia, particularly China and India. For China, the growth forecast is revised upward to 5 percent in 2024, primarily on account of a rebound in private consumption and strong exports in the first quarter. In 2025, GDP is projected to slow to 4.5 percent, and to continue to decelerate over the medium term to 3.3 percent by 2029, because of headwinds from aging and slowing productivity growth. The forecast for growth in India has also been revised upward, to 7.0 percent, this year, with the change reflecting carryover from upward revisions to growth in 2023 and improved prospects for private consumption, particularly in rural areas.

Trade makes a recovery. World trade growth is expected to recover to about 3¼ percent annually in 2024–25 (from quasi stagnation in 2023) and align with global GDP growth again. The uptick in the first quarter of this year is expected to moderate as manufacturing remains subdued. Although cross-border trade restrictions have surged, harming trade between geopolitically distant blocs, the global trade-to-GDP ratio is expected to remain stable in the projection.

Future-Proofing the Economy

As output gaps start to close and inflation recedes, policymakers face two tasks: persevering with restoring price stability and addressing the legacies of recent crises, including replenishing lost buffers and durably uplifting growth. In the near term, this will require careful calibration and sequencing of the policy mix. In countries where upside risks to inflation—including those arising through external channels—have materialized, central banks should refrain from easing too early and remain open to further tightening should it become necessary. Where inflation data encouragingly signal a durable return to price stability, monetary policy easing should proceed gradually, which would simultaneously provide room for the required fiscal consolidation to take place. Fiscal slippages over the past year in some countries could require a stance significantly tighter than envisaged. As the space for fiscal maneuver narrows, commitments to achieving fiscal consolidation targets should be earnestly adhered to, aided by sound fiscal frameworks and resource mobilization (see Chapter 1 of the April 2024 Fiscal Monitor).

In emerging market and developing economies, recent policy divergences highlight the need to manage the risks of currency and capital flow volatility. Given that economic fundamentals remain the main factor in dollar appreciation, the appropriate response is to allow the exchange rate to adjust, while using monetary policy to keep inflation close to target. Foreign reserves should be used prudently and preserved to deal with potentially worse outflows in the future, in line

with the IMF's Integrated Policy Framework. To the extent possible, macroprudential policies should mitigate vulnerabilities from large exposures to foreign-currency-denominated debt. Near-term challenges aside, policymakers must act now to revitalize declining medium-term growth prospects. Striking differences in productivity trends across countries since the pandemic suggest that not all factors are cyclical and that decisive policy action is needed to enhance business dynamism and reduce resource misallocation to arrest weaknesses (see Chapter 3 of the April 2024 WEO). Further boosting labor supply, especially by better integrating women and immigrants—key segments contributing to economic resilience in advanced economies—will mitigate demographic pressures, adding to potential growth gains. While emigration of the young and educated population can take a toll on source countries, the costs can be mitigated. Policies that help leverage diaspora networks, maximize the benefits from remittances, and expand domestic labor market opportunities are

Overall, risks to the outlook remain balanced, as in the April 2024 WEO, but some near-term risks have gained prominence. These include upside risks to inflation that stem from a lack of progress on services disinflation and price pressures emanating from renewed trade or geopolitical tensions. Risks of persistent inflation in the services sector are tied to both wage and price setting, given that labor accounts for a high share of the costs in that sector. Higher nominal wage growth, which in some cases reflects the catch-up of real wages, if accompanied by weak productivity, could make it difficult for firms to moderate price increases, especially when profit margins are already squeezed. This could lead to further stickiness in wage and price inflation. The escalation of trade tensions could further raise near-term risks to inflation by increasing the cost of imported goods along the supply chain. Bumpiness along the remaining disinflation path could destabilize the return to price stability if short term expectations spike upward as a result of disappointing inflation data.

OVERVIEW OF INDIAN ECONOMY

Strong economic growth in the first quarter of FY23 helped India overcome the UK to become the fifth-largest economy after it recovered from the COVID-19 pandemic shock. Nominal GDP or GDP at Current Prices in the year 2023-24 is estimated at ₹ 293.90 lakh crores (US\$ 3.52 trillion), against the First Revised Estimates (FRE) of GDP for the year 2022-23 of ₹ 269.50 lakh crores (US\$ 3.23 trillion). The growth in nominal GDP during 2023-24 is estimated at 9.1% as compared to 14.2% in 2022-23. Strong domestic demand for consumption and investment, along with Government's continued emphasis on capital expenditure are seen as among the key driver of the GDP in the first half of FY24. During the period January-March 2024, India's exports stood at US\$ 119.10 billion, with Engineering Goods (25.01%), Petroleum Products (17.88%) and Organic and Inorganic Chemicals (7.65%) being the top three exported commodity. Rising employment and increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers. The contact-based services sector has demonstrated promise to boost growth by unleashing the pent-up demand. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

India's appeal as a destination for investments has grown stronger and more sustainable because of the current period of global unpredictability and volatility, and the record amounts of money raised by India-focused funds in 2022 are evidence of investor faith in the "Invest in India" narrative.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 to 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between same time period. India's current account deficit (CAD) narrowed to 1.2% of GDP in the October-December quarter. The CAD stood at US\$ 10.5 billion for the third quarter of 2023-24 compared to US\$ 11.4 billion or 1.3% of GDP in the preceding quarter. This was largely due to higher service exports.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Minister of Commerce and Industry, Consumer

Affairs, Food and Public Distribution and Textiles Mr. Piyush Goyal, Indian exports are expected to reach US\$ 1 trillion by 2030.

Road Ahead

In the second quarter of FY24, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2023. India's comparatively strong position in the external sector reflects the country's positive outlook for economic growth and rising employment rates. India ranked 5th in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in 2023-24, stood 37.4% higher than the same period last year. In the budget of 2023-24, capital expenditure took lead by steeply increasing the capital expenditure outlay by 37.4 % in BE 2023-24 to ₹10 lakh crore (US\$ 120.12 billion) over ₹ 7.28 lakh crore (US\$ 87.45 billion) in RE 2022-23. The ratio of revenue expenditure to capital outlay increased by 1.2% in the current year, signalling a clear change in favour of higher-quality spending. Stronger revenue generation because of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels. In February 2024, the Finance Ministry announced the total expenditure in Interim 2024-25 estimated at ₹ 47,65,768 crore (US\$ 571.64 billion) of which total capital expenditure is ₹ 11,11,111 crore (US\$ 133.27 billion).

Since India's resilient growth despite the global pandemic, India's exports climbed at the second-highest rate with a year-over-year (YoY) growth of 8.39% in merchandise exports and a 29.82% growth in service exports till April 2023. With a reduction in port congestion, supply networks are being restored. The CPI-C inflation reduction from June 2022 already reflects the impact. In September 2023 (Provisional), CPI-C inflation was 5.02%, down from 7.01% in June 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

Note: Conversion rate used for January 2024 is ₹1 = US\$ 0.012

ASSESSMENT OF THE GLASS INDUSTRY

Glass is an inorganic and transparent product produced by melting a mixture of silica sand, soda ash, limestone and other ingredients by heating the mixture at a very high temperatures and followed by gradual cooling. It differs in colour and density depending upon the addition of several other elements and oxides. Glass is used primarily in the construction sector and automobile sector. In the construction sector, glass is used in exteriors and interiors in residential commercial and industrial buildings, viz. Exteriors: Windows, doors, ventilators, lifts, skylights, curtain walling, structural glazing, owning e Interiors: Cabinets, table tops, shower cubicles, partitions, doors, counter tops, wall panelling etc. Mirrors are another major user of glass. The glass industry comprises four key segments — flat glass, container glass, fibre glass and specialty glass. Flat glass industry is divided into float glass, solar glass, figured glass and sheet glass.

Glass adopts many guises and almost every area of our lives involves products with glass at their heart: from transport to homes and workplaces, from food production to health, leisure activities and communications, from museums to art galleries. Supporting the industry behind these artefacts are academic institutions, professional societies, national laboratories, museums, libraries, journals and glass-themed art studios. All have contributed to making glass one of the most transformative materials in history

OVERVIEW OF FLOAT GLASS INDUSTRY

Due to the COVID-19 pandemic, the global Float Glass market size is estimated to be worth US\$ 24180 million in 2022 and is forecast to a readjusted size of US\$ 32780 million by 2028 with a CAGR of 5.2% during the review period. Fully considering the economic change by this health crisis,

Float glass is produced in wide-ranging dimensions, and is available in sizes of 4 mm to 25 mm thickness. Apart from aesthetic utility, it serves functional utility such as privacy, energy conservation, safety, protection against fire, and noise insulation. Float glass is largely being used as a material in building and construction industry. It directly or indirectly competes with other building materials such as paints, plywood and laminates and ceramic tiles. Float glass is expected to be amongst the fastest growing building materials in India.

TYPES OF THE FLOAT GLASS

Clear glass: Clear glass, is a transparent glass, which allows passage of light. Clear glass offers little protection from heat, fire, physical and chemical impact, and is typically used across various applications, such as windows, furniture, shelves, partitions, doors, bathroom cubicles, balconies, staircases and the front side of commercial shops. Clear glass is also used as a base for further processing of glass to give it desired functional properties.

Value added glass: Value added glass category includes tinted, mirror, reflective, lacquered, frosted and low e-glass. Manufacturing of value added glasses entail value added processes such as inclusion of additives or coating of clear glass.

Tinted glass: Glass is coloured or tinted by adding specific metallic oxides during the manufacturing process. These additives can colour the glass bronze, green, blue or gray in tints, without affecting its basic properties. Tinted glass is used for its aesthetic appeal across facades and partitions. Tinted glass is also manufactured as a combination of reflective and frosted glasses.

Mirrored glass: Mirrored glass is produced by applying an aluminium or silver coating on one side of the glass. Mirrored glass is typically used in residential and commercial building sectors in furniture and automotive applications.

Reflective glass: Reflective glass is glass with a thin layer of metallic or metallic-oxide coating on one side. Reflective coating is applied during the float process to enhance the amount of heat reflected by the glass. The coating absorbs and reflects the sun’s harmful ultraviolet and infrared rays, yet allows natural visible light to pass through, preventing excessive solar glare. It is typically used in doors and windows. Reflective glass is available as a coating on clear as well as tinted glass.

Frosted glass: Frosted glass allows the light to pass through at the same time obscuring the view. Frosted glass is manufactured by turning a clear glass translucent through the process of sandblasting or acid etching. It is used across applications, which demand privacy as well as aesthetics. Frosted glass is used for partitions, door cabinets, bathroom windows, writing boards, other interior decorative applications.

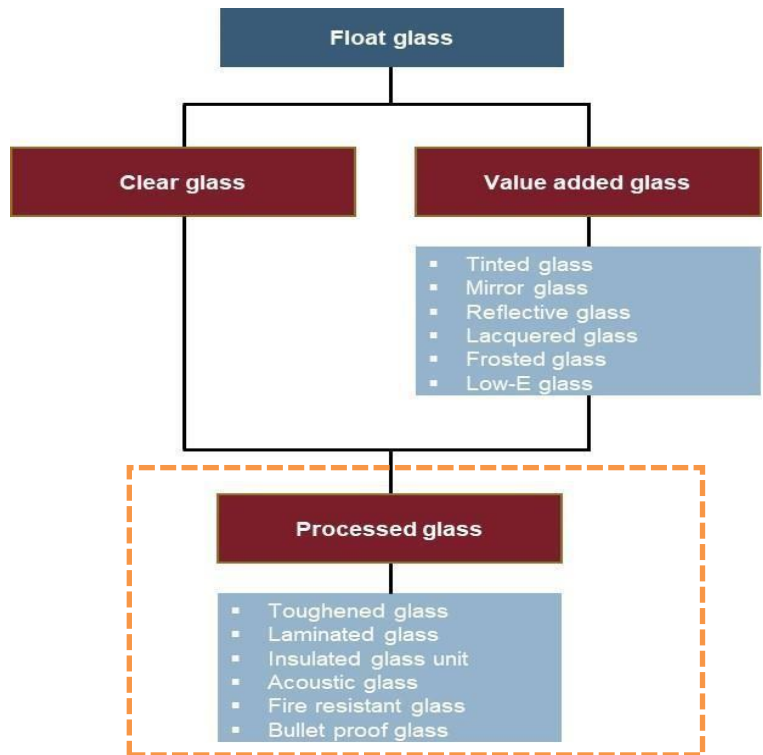

Lacquered glass: Lacquered glass, which is also known as back-painted glass, is manufactured by depositing and baking a lacquer coating on one side of the clear glass. The lacquer gives it a coloured and opaque appearance. The lacquered finish protects the glass from damage, making it highly durable.

Low-E glass: Low- E glass stands for low emissivity glass which is a type of float glass which has low emissivity coating that minimizes the amount of infrared and ultraviolet light that passes through the glass allowing natural sunlight to pass through to receive optimal daylight. Low-E glass allows users to get natural light protecting one from harmful radiation. It also serves as an insulation from outside weather. It keeps indoors cooler in summer and warmer in winter. Both light emitting and insulation property helps user conserve energy.

Laminated glass: Laminated glass is made by joining two or more layers of float glass sheets with an ‘interlayer’ made from poly vinyl butyral (“PVB”) or ethylene-vinyl acetate (“EVA”) between them. Lamination prevents glass from shattering when impacted and is often used for architectural or automotive applications.

Toughened glass: Toughened glass is 4-5 times stronger compared with clear glass. It is manufactured by heating the annealed lehr to 660⁰ C to make it soft. Subsequently, the outer surfaces are cooled down rapidly, while the inner part is cooled slowly. Toughened glass can bear surface compression of over 10,000 pounds per square inch. Toughened glass is used in automotive applications, tabletops, wash basins, shelves, partitions and facades.

Insulating glass unit (“IGU”): Insulating glass unit (IGU), also referred to as double-glazing, consists of two or three glass panes separated by a spacer, with the gap between the glass panes filled with a noble gas. The air space in double

glazing systems acts as a thermal insulation layer that keeps the interiors cool during summers and warm during winters.

Acoustic glass: Acoustic glass is a laminated glass with a specialised PVB interlayer to dampen external sounds and to keep the interiors calm and quiet. This type of glass not only reduces majority of external noise but also offers desired aesthetics and durability.

Fire-resistant glass: Fire-resistant glass is a specialised glass designed to prevent the spread of flames and smoke. Fire-rated glass consists of multiple layers of specially coated glass with a transparent interlayer sandwiched in between.

Bulletproof glass: Bulletproof glass is made of multiple layers of laminated glass with a thickness of over 19 mm and layer(s) of transparent polycarbonate sandwiched in between. Bulletproof glass is used in buildings and is important from a security perspective; it is also used in military and diplomatic vehicles.

FLOAT GLASS MARKET IN INDIA

The Indian float glass market is projected to grow at a CAGR of over 7.5% during the forecast period of 2024-2029. The growing focus on renewable energy is driving the demand for solar glass. Companies are investing in modernizing their manufacturing processes to improve efficiency and product quality. The Indian float glass market is consolidated with major players including Saint-Gobain, Asahi India Glass Limited, Gujarat Guardian Limited, Gold Plus Float Glass, and Şişecam.

Float glass market capacity utilization

The Indian float glass industry is set to expand its capacity by 65% over the current and next fiscal years. This expansion, involving investments between INR 7,200 to 7,500 crore, will increase the industry's total installed capacity from 8,700 to 13,600 tonnes per day (TPD). The capacity utilization of Indian float glass manufacturers has also improved significantly, currently around 90%, up from 75-80% two years ago.

The growth in demand for float glass is driven by several factors, including increased use in the building and construction industry, the automotive sector, and the rise in consumer preference for premium products. India's per capita consumption of float glass is approximately 2.5 kg, compared to 7-10 kg in developed countries, indicating significant growth potential. The float glass demand is expected to grow 10-12% this fiscal year in volume terms.

Value Chain for the Float Glass Industry in India

- **Float glass manufacturers:** Float glass manufacturers are typically engaged in the manufacturing of basic and semi-finished glass. They typically sell through distributors. Distributors sell basic and semi-finished glass through retailers to individual customers, developers and builders. It also sell glass to processors who manufacture different types of

processed glasses. Manufacturers faces a low sales concentration risk, due to a wide customer base ranging from processors, distributors and retailers.

- **Float glass processors:** Float glass processors procure basic or semi-finished glass from float glass manufacturers and manufacture value-added glasses, such as laminated, toughened, insulated gas units and acoustic glasses. The processed glass market is highly scattered in nature, as these entities are located closer to the end-customer markets, thereby catering to customers with tailormade offerings. Processed glass is sold directly to organised buyer segments (viz., white goods appliance manufacturers or automobile OEMs), distributors, retailers, individual customers and builders.
- **Distributors/ wholesalers:** Distributors/ wholesalers procure glass from float glass manufacturers and sell to retailers and processors. Distributors also procure processed glass from processors and further sell it to retailers. All the distributors are multi- brand distributors. Certain distributors also operate in the market as retailers and or processors.
- **Retailers:** Retailers typically procure from distributors and sell to builders / developers and individual customers. Large retailers also procure from distributors and processors. All the retailers are multi-brand retailers. Certain retailers also operate in the market as distributors. Since outbound freight is an important cost component, it is prudent to be closer to the end use market. As a result, glass manufacturers are generally observed to have a relatively strong distribution value chain within ~800 km radius around their manufacturing locations.

GLOBAL DYNAMICS FOR THE FLOAT GLASS INDUSTRY

- **Asia-Pacific:** This region dominates the float glass market, accounting for the largest share in 2023. The growth is fueled by extensive construction and automotive production, especially in China and India. Government initiatives promoting sustainable building practices and infrastructure development are key drivers.
- **North America:** The float glass market is bolstered by significant investments in construction and public infrastructure projects. The U.S., in particular, has seen increased spending in construction, which propels the demand for float glass.
- **Europe:** The market in Europe faces challenges due to the geopolitical impact of the Russia-Ukraine war, affecting the trade of energy-intensive products like float glass. However, there is steady demand from the automotive and construction sectors.
- **Middle East & Africa:** These regions are witnessing growth due to rising investments in construction activities and automotive production facilities.

GROWTH DRIVERS

Boost to an infrastructure development and urbanization Glass is preferred in offices as it helps save space, permeates translucent lighting and facilitates quieter environments. With environmental sustainability becoming increasingly important, demand for green buildings is particularly high among corporates. Glass is seeing more usage in building exteriors, helping users achieve energy efficiency as reflective glass absorbs and reflects a significant amount of the outside heat thereby sustaining the interiors and allowing natural light to pass through.

Growth in urbanization Glass-to-wall ratio per household is expected to further rise as glass is replacing brick, wood and metal usage. For instance, wooden tabletops and cabinet shelves are being replaced with glass for better aesthetics. Glass usage intensity is rising as window sizes are increasing. With the standard of living improving, smaller mirrors are getting replaced with bigger ones. Glasses are finding newer applications in wardrobes, kitchen cabinets, room doors, bathroom cubicles etc. Glass is seen as the material of choice as ongoing innovations in the glass industry increase the products' safety and aesthetics. Some of the products of such innovations include tinted, toughened, lacquered, and laminated glass.

FDI 100% foreign direct investment in the construction industry in India under automatic route is permitted in completed projects for operations and management of townships, malls/shopping complexes, and business constructions.

Rising disposable incomes led to increase in demand for automobiles, not only is passenger vehicle penetration deepening but also consumer preference is shifting towards bigger, premium cars. Traditionally, India has been a small-car market. However; over fiscals 2016 to 2021, demand for small cars declined from 63% to 54% while that for bigger utility vehicles (UVs) increased from 21% to 39%. Demand for glass has, therefore, increased as bigger cars have larger windshields, sidelights and backlites. The per vehicle glass content in a small car is typically 45 kg to 55 kg, whereas for larger size sedans and SUVs, it ranges 60 kg to 75 kg.

Railway coaches: Glass usage intensity in railways is going up due to gradual shift in demand towards preference for air-conditioned travel which necessitates deployment of air-conditioned coaches. Air-conditioned coaches have larger glass content than non-air-conditioned coaches. Growing tourism and introduction of trains meant tourism with panoramic view is a positive for the growth of glass demand from railway application.

HIGHLY SUPPORTIVE POLICY ENVIRONMENT

Imposition of anti-dumping duties on cheaper imports: The government has imposed anti-dumping duties on cheaper imports from several countries such as China, Thailand and Malaysia, and Middle Eastern countries from time to time to protect interests of the domestic glass industry.

Quality Control Order (“QCO”): The government and Bureau of Indian Standards (“BIS”) have ascribed certain quality standards for transparent float glass, flat transparent sheet glass and safety glass. The said act has come into force for transparent float glass and flat transparent sheet glass from April 1, 2022 (on safety glass quality standard date has been extended to April 1, 2023). These rules mandate that these products imported from other countries should get the BIS stamp before they are sold. This is expected to curb imports of sub-standard quality glasses into India, which will provide level-playing field for domestic float glass industry.

Energy Conservation Building Code (“ECBC”): The Bureau of Energy Efficiency (“BEE”) and Ministry of Power introduced the ECBC Rules 2018. These rules are applicable to all commercial buildings with a connected load of 100 kiloWatt (“kW”). These rules specify design norms that will help achieve energy efficiency. Increased usage of reflective glass helps architects and developers meet these norms.

Inclusion of glass and glazing in the National Building Code 2016: A new section on glass and glazing was included in the National Building Code (“NBC”) 2016. It contains specific guidelines (such as thickness) on the type of glass that can be used in buildings depending on the requirements of energy and lighting, rescue and firefighting operations and human safety. Inclusion of glass in the NBC is beneficial for the industry.

OUR BUSINESS

Some of the information in the following discussion, including information with respect to our plans and strategies, contain forward-looking statements that involve risks and uncertainties. You should read “Forward-Looking Statements” on page 21 for a discussion of the risks and uncertainties related to those statements. Our actual results may differ materially from those expressed in or implied by these forward-looking statements. Also read “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on pages 28 and 180 for a discussion of certain factors that may affect our business, financial condition, or results of operations. Our financial year ends on March 31 of each year, and references to a particular financial year are to the twelve months ended March 31 of that year. Unless otherwise indicated or the context otherwise requires, in this section, references to “Company, “Our Company”, “we” or “us” mean Agarwal Toughened Glass India Limited.

Investors are accordingly cautioned against placing undue reliance on such information in making an investment decision and should consult their own advisors and evaluate such information in the context of the Restated Financial Statements and other information relating to our business and operations included in this Prospectus.

BUSINESS OVERVIEW

Our Company was incorporated as “Agarwal Toughened Glass India Private Limited”, Company under the Companies Act, 1956 pursuant to Certificate of Incorporation dated October 30, 2009, issued by the Registrar of Companies, Jaipur, Rajasthan, India. Subsequently, our Company was converted into Public Limited Company and the name of the Company was changed from “Agarwal Toughened Glass India Private Limited” to “Agarwal Toughened Glass India Limited” under the Companies Act, 2013 pursuant to a special resolution passed by our shareholders at the Extra Ordinary General Meeting held on January 30, 2023, and had received Certificate of Incorporation dated March 06, 2023, issued by the Registrar of Companies, Jaipur, Rajasthan, India. For details pertaining to the changes of name of our company and change in the registered office, please refer to the chapter titled ‘History and Certain Corporate Matters’ beginning on page 151 of this Prospectus. The CIN of the Company is U26109RJ2009PLC030153.

Our Company was incorporated with the primary goal of becoming a recognized manufacturer of toughened glass. Choosing and purchasing land from RIICO under a leasing agreement dated June 27, 2010, building a factory by gaining the required approval from many government agencies, authorities, etc., for the period from FY 2010 to FY 2014, is how our company began to take action. During the fiscal years 2014 to 2015, orders were placed for the import of machinery, and work on the construction and installation of plant and machinery began. In the fiscal years 2015 to 2016, our Company began testing various units. It wouldn't be out of place to note that the company needed to dedicate time between 2009 and 2015 in order to accomplish this goal. Our balance sheet for that period shows revenue from glass trade that our company conducted during that time.

We are a company that produces toughened glass by processing several types of glass. We provide a range of thickness and size options for our hardened value-added glasses. Processing the float glass yields the toughened value addition glasses. Following the manufacturing of toughened glass, various types of glasses are produced, including laminated, frosted, tinted, reflecting, clear, and double-glazed toughened glass. Toughened glass is used in many demanding applications because of its strength and safety, such as shower doors, refrigerator trays, mobile screen protectors, bulletproof glass for diving masks, and a variety of plates and cookware. It is also used in architectural glass doors and tables. Toughened glass is also frequently utilized as dividers in buildings housing residential and commercial apartments, hospitals, airports, shopping centers, stairwells, balustrades, and other architectural elements.

Our Company processes a range of toughened glasses that meet the quality criteria set by the Bureau of Indian criteria (BIS) to be used with the ISI label. We can now compare our Quality Management System to the best in the world thanks to our ISO 9001:2015 certification. We only sell our products within India catering to segments such as office buildings, hotels, institutions, banks, insurance firms, shopping centers, diplomatic homes, etc.. Our products are used in a multitude of applications, including as the exterior and interior spaces of residential and commercial structures, and cater to a variety of end use industries, including the construction, automotive, and industrial sectors.

Our business receives orders from both direct clients and our skilled sales and marketing team, who have a wealth of experience in the glass industry. The size, thickness, quantity, and quality of the glasses that our client chooses will determine how long it takes us to manufacture processed & value-added glass.

Our Strengths

Strong brand presence in Indian Market

Over the past few years, our Company has established itself as a reputable, high-quality, and trustworthy brand, for which we have won numerous accolades. As a result, we are now better known as one of the top companies in the Indian glass market. The track record of our business has helped us establish a strong sense of credibility and brand recognition. Our company's development has been greatly aided by the acceptability and recognition of the brand "Agarwal-Glasses for New Era." For further details please refer to the chapters titled "History and Certain Corporate Matters" and "Government Approvals" on pages 151 and 144 of this Prospectus.

A combination of experience and expertise

Our Promoters, who have extensive backgrounds in the glass business, provide directions to our Company. Our promoter's creativity, strategic management of the Company's operations, and well-planned marketing and sales have increased our business's growth and sales, which has improved our financial performance. Please refer to "Our Management" on page 155 of this Prospectus for more information on the backgrounds and experiences of our management team. We think that our management's and promoters' knowledge and experience will help us spot new business possibilities, react quickly to market conditions, adjust to shifting market dynamics, and foster the company's expansion.

Long Standing Relationship with our customers

Having been in the toughened glass production business for the past eight years has allowed us to continuously meet the needs of our customers for a wide range of glass. Our current connections help us draw in new business and receive repeat business from our existing clientele. This has aided us in strengthening our customer retention strategy and preserving long-term working relationships with our clients. Due to our solid client relationships, we frequently receive repeat orders and have developed a competitive edge in attracting new business and growing our clientele. We believe that our current relationships with clientele shall serve as a key differentiator among other players.

Consistent focus on quality

Throughout the whole process from sourcing, processing, packaging, and supply, we uphold a strict quality control. We follow a strict quality standards in the entire process through both our industrial units. Quality, in our opinion, is a need for both a satisfying customer experience and enduring brand loyalty. Our production facilities hold an ISO 9001:2015 certificate. We undertake various tests for our products including human impact, ball drop, design & visual examinations, annealing assessments (residual stress), glass thickness and weight measurements etc. Our success has been largely

attributed to our dedication to strict quality control, which has also helped consumers associate our brand with openness and trust.

Strong Risk Management

Our clients seek for knowledge to help them control their exposure to price risk in today's erratic markets. According to the ISO certification, we have a strong risk management system that assists us in identifying and reducing every risk in our company. We have well defined action plans that address the risks classified as high or medium, as required by the ISO certification. We are well aware of the operational and financial risks in our operations since we have been recognizing, measuring, and managing our own exposure to risk throughout the years. We collaborate closely with every department to recognize, classify, and reduce risks. We've created plans of action to reduce the dangers. We may conduct business properly and uphold a world-class quality management system by professionally managing our risks. Our capacity to offer risk-managed supply chains establishes us as a dependable vendor for customers and dealers in various industries.

Our Business Strategies

Continue to invest in infrastructure

In order to support our business operations and boost efficiency, we want to keep investing in our current infrastructure facilities. We want to add one additional advanced production line machine or advanced tempering machine (with upper forced fan convection through steel tubes) to the current production line in order to improve our capacity to create laminated glasses. Our company's manufacturing capacity will expand with the addition of one more line of production, which will boost sales and operating revenue. Please refer to "Object of the Issue" on page 83 of this Prospectus for information on additions to our manufacturing facilities.

Expand our current business relationships

The foundation of our business is our clientele. Building enduring relationships with both current and potential clients is our aim. By increasing the size and quantity of projects and diversifying our products, we hope to broaden the nature and scope of our partnerships with clients. We aim to deliver value-added solutions to new clients by utilizing our extensive industry knowledge and broadening the range of services we provide. Furthermore, our goal is to keep creating better solutions for underutilized industry segments.

Focus on consistently meeting quality standards

We uphold stringent internal quality control measures in the principal functional and operational domains, encompassing an array of protocols and guidelines that guarantee the systematic and effective implementation of work orders. These encompass compliance with management's directives, asset protection, fraud and error prevention and detection, precision and entirety of accounting documentation, and the prompt generation of dependable financial data. Our organization plans

to concentrate on upholding the products' quality requirements. From the perspective of the client as well as the regulations, the organization places a high value on product quality. The keys to upholding the products' quality standards are regular quality reviews and prompt corrective action in the event of a quality deviation. Encouraging client trust and fostering long-lasting relationships are made easier when we deliver the requested high-quality products.

Improving operational efficiencies

Our company concentrates on increasing operational effectiveness to cut costs and gain a competitive advantage. We constantly work to improve operational output through technological development, quality assurance, and ongoing process improvements. Our staff members receive frequent motivation to work more productively and efficiently while wasting less. Economies of scale are also significant.

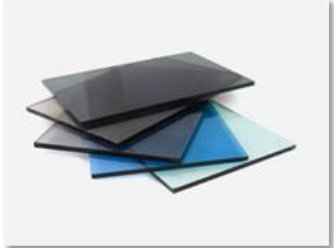

Details of our product portfolio

We provide a variety of thickness and size toughened value addition glasses in our product line. The float glass is processed to produce the toughened value-added glasses. Several types of glasses are produced from toughened glass once it has been processed, including tinted, double-glazed, reflecting, clear, laminated, and frosted toughened glasses. Toughened glass is used in many demanding applications because of its strength and safety, such as shower doors, refrigerator trays, mobile screen protectors, bulletproof glass for diving masks, multiple kinds of plates and cookware, automobile windows, and architectural glass doors and tables. Toughened glass is also frequently utilized in retail centers, hospitals, airports, residential and commercial apartment buildings, balustrades, stairways, and doors. Every one of our many styles of toughened glasses carries the BIS mark. For the period ended September 30, 2024, FY 2024, FY 2023 and FY 2022, respectively, the revenue received from revenue from operation is ₹ 2,228.72 Lakhs (94.85%), ₹ 3,832.78 Lakhs (94.63%), ₹ 3,995.03 Lakhs (98.39%), and ₹ 3340.94 Lakhs (96.23%).

Types of Toughened Glass produced by our company.

A. TOUGHENED GLASSES:

1. Toughened Glass:

 <p style="text-align: center;">Toughened Glass</p>	<p>Toughened Glass - Toughened or tempered glass is a type of safety glass processed by controlled thermal treatments to increase its strength. In this process, glass undergoes a process of controlled thermal treatment to increase its strength. Regular glass is exposed to high heat and then rapidly cooled by a blast of air blown through nozzles on both sides of the glass in the quenching chamber. It is prepared by completing prior to its tempering, all such works in accordance with drawings, sizes and templates. This process of heating and rapid cooling makes it stronger than the annealed glass and enhances safety since it breaks into circular chunks reducing the risk of injury. Further, it does not alter the light transmission and solar radiant heat properties of the glass and cannot be cut, ground, drilled or worked upon.</p>
<p><i>Usage of Toughened Glass:</i></p>	<p><i>Toughened or tempered glass is generally used for façade, curtain walls, railing, shower doors, doors and tables top, shelf glasses, etc.</i></p>

2. Annealed Glass:

 <p style="text-align: center;">Annealed Glass</p>	<p>Annealed Glass - Annealed Glass is formed through the glass-cooling process that is performed at a fabricator's float plant. Annealed glass is also known as float or clear glass. It is a kind of glass that is not quenched after the heating process; it is allowed to cool slowly. Annealed glass is gently cooled in the 'annealing lehr' where the molten glass is subjected to a controlled cooling process that helps free it from internal stress. Post completion of the process, annealed glass is cut and prepared for distribution. Annealed glass can be used for further processing to obtain tempered glass, laminated glass, toughened glass, etc. Apart from</p>

	processing, Annealed glass can also be coated with a metal oxide to make a tinted glass which is utilized in protection against solar glare.
<i>Usage of Annealed Glass:</i>	<i>Annealed glass can be used for making table-tops to provide a sense of modern sensibility; • showcases • shower screens and bathroom windows; • windows and partitions and • diffused lighting.</i>

Glass façade is used to create an exciting façade for building - in architectural designs. Clear annealed glass can act as the perfect front for a building. It will allow optimal sunlight to pass through while giving a crystal-like clarity vision. It will also provide a satisfactory glimpse of the interior of the building. In contemporary times, more and more importance are being paid to appearance.

3. Acid Frosted Glass:

 <p style="text-align: center;">Acid Frosted Glass</p>	<p>Frosted glass has a very neat, clear, and glossy surface. One of the surfaces is frosted or obscured by blasting sand or abrasives under high pressure through a nozzle. A very thin layer of material is removed and the sand or abrasive causes pitting on the surface obscuring its 'see through' property but not obstructing the passage of light. The final glass is known as frosted glass which can then be used across multiple applications and can be added on top of any of the other variants of clear or value-added glass to increase their aesthetic appeal.</p> <p>This technique uses hydrofluoric acid to achieve the frosted look of the glass. The acid reacts with the glass, corroding its surface and therefore providing it with its milky appearance. After the process of acid-etching, the glass experts thoroughly wash the glass, leaving behind permanently etched glass.</p>
Usage of Acid Frosted Glass:	Acid Frosted glass is most commonly used in bathrooms, commercial spaces and on front doors as it is well-known for promoting privacy. Frosted glass is the most favored choice for people wishing for more privacy while not wanting to block out the light.

4. Sand Blasted Glass:

 <p style="text-align: center;">Acid Frosted Glass</p>	<p>Sand Blasted Glass- Sandblasted glass is produced by spraying sand at high velocities over the surface of the glass. This gives the glass a translucent surface, which is usually rougher than that obtained by etching. During sandblasting, areas that are to remain transparent are masked for protection.</p>
Usage of Acid Frosted Glass:	Sandblasted glass or frosted glass is created by blasting particles of sand onto the surface of glass to create a frosting effect. It is used for both decorative purposes and to create privacy without blocking out light. .

5. Sand Blasted Glass:

	<p>Heat-Soaked Glass- Heat-Soaked Glass is a process applied to tempered or toughened glass so that the spontaneous breakage of glass is avoided due to the presence of Nickel Sulphide (NIS). As a precaution the toughened glass is made to go through the process of heat soaking so that it can act as a safety glass. Heat Soaking is a process in which glass is soaked in a heated chamber at 290 degrees centigrade for around two hours. This process accelerates the expansion of Nickel in case there is any Nickel Sulphide is</p>

Heat-Soaked Glass	present and causes the glass to break. For safety reasons it is better that the glass breaks in the factory than at site where the glass is installed.
<i>Usage of Heat-Soaked Glass:</i>	<i>Heat-soaked glass is used in areas where there is high risk of human impact.</i>

6. Lacquered Glass:

 <p>Lacquered Glass</p>	<p>Lacquered Glass - Lacquered glass is a type of decorative glass that possesses a layer of colour coating on one of its surfaces. Hence, it is also known as back-painted glass. It is made by top quality clear float or ultra-clear float glass, through depositing a highly durable and resistant lacquer onto the flat and smooth surface of the glass, then by carefully baking into the furnace, which is constant temperature, permanently bonding the lacquer onto the glass. Lacquered Glass has all the features of the original float glass but also supplies wonderful opaque and colorful decorative applications.</p>
<i>Usage of Lacquered Glass:</i>	<i>Lacquered glass/ back printed glass is for indoor use only. Back Painted Glass can be used in a wide variety of domestic, architectural, and commercial indoor applications -almost anywhere a contemporary and practical solution is required to enhance any interior space, includes: • Kitchens and bathrooms • Wall cladding, • Wardrobes • Tabletops, or countertops • Bars and restaurants • Feature walls • Hospitals and other public areas.</i>

7. Tempered Safety Glass:

 <p>Tempered Safety Glasses</p>	<p>Tempered Safety Glasses- The tempering process of float glass is to change the entire glass properties from its weakness to strengths as annealed glass is weak, poor shock and impact resistance and break into shrapnel like object which may be fatal if strike the humans from height and little force.</p> <p>Tempering process make the annealed glass five stronger for better capable to impact resistance. Tempering Safety Glass is a strong, impact resistance, durable, adaptable, high performance glass glazing which provide the effective protection, reduce light transfer (tinted/ reflective glasses), very good safety against breakage and falling sharp fragments and splinters due to accidental impacts due Windstorms, Cyclone Hurricane and Earthquake besides the unique safety against forced entry and burglary acts.</p>
<i>Usage of Tempered Safety Glasses:</i>	<i>Architectural Glasses used in commercial buildings and high rise residential towers.</i>

LAMINATED GLASSES:

1. Laminated Glass:

 <p>Lacquered Glass</p>	<p>Laminated Glass - Laminated glass is a type of safety that holds together by sandwiching a layer of poly vinyl butyl between pairs of glasses. This glass is constructed by two or more glass panes bonded together with interlayers of polyvinyl butyral (“PVB”) or ionomers between them and then treated and is generally used for safety and security purposes since the PVB layers make the glass layers stick to them so that it does not fall out of the window frame. The glass panes can be annealed float glass, toughened glass, or heat strengthened glass. The most common use of laminated glass is for front windscreens of automobiles and can also be used in architectural applications due to its characteristic of being safe, secure, acting as a barrier to noise, reducing the ultraviolet rays from the sun thereby protecting interior furnishing and fire retardancy.</p>
<p><i>Usage of Lacquered Glass:</i></p>	<p><i>Laminate glass is a sandwich type made of one thin layer of plastic poly vinyl butyral between two or more sheets of glass. The PVB sticks with the glass, forms chemical as well as mechanical bonds. When laminated is used with annealed glass, the layer maintains the geometric integrity of the pane in case of breakage. Also, it gives acoustic insulation to acoustic popular windows as well as providing protection against damage caused due to UV radiation because it cuts almost 99% of UV radiation present in the sunlight. It is also used in Rallings and Skylights. It is also used to increase the sound insulation rating of a window.</i></p>

B. INSULATED/ DOUBLE GLAZING GLASSES:

1. Insulated Glass:

 <p>Insulated Glass</p>	<p>Insulated Glass - Insulated glass combines two or more glass panes that are spaced apart and sealed with a sealant to appear as a single unit. Also known as Double Glazed Unit or Hermetically Sealed Unit or Vacuum Glass or Soundproof Glass, these glasses are designed to improve thermal performance and reduce energy costs and act as a good insulator, reduce sound transmission, prevent condensation of dew, and offer energy conservation. This glass is more commonly known as double glazing or triple glass window panels separated by a vacuum or gas filled space to reduce heat transfer across a part of the building envelope.</p>
<p><i>Usage of Insulated Glass:</i></p>	<p><i>Insulated glass is generally used for façade and partitions, for reducing noise.</i></p>

OUR BUSINESS PROCESS:

1. **Purchase of raw material-** There are several types of float glass, including clear float glass, tinted float glass, reflective float glass, low-e float glass, and acid-etched float glass available in market so, as per the requirement under any particular project and based on other technical specifications the order placed to the glass manufacturer company.
2. **Stock in warehouse-** The project specific glass stored in warehouse as per availability of material by suppliers because the suppliers of glasses are limited and availability of float glass for a particular quality as per particular technical specifications is limited, so it is required to procure the complete raw material in a single order cycle.
3. **Marking Batch Numbers-** The Stored material in warehouse is related with many running orders or projects, so after procurement of material it is required to mentioned batch numbers as per production department policy.
4. **Preparation of CSD report-** The Stored glasses are always in same sizes and required to cut the same as per requirement of any particular project so the Customer Service desk (CSD) will prepare the report as per order and sent for the same for approval, this is required to reduce the wastage of glass during cutting process.
5. **Cutting of Glasses-** The glass is automatically cut lengthwise and crosswise. The sheets of glass are raised by vacuum frames that then place them on glass stillages. The approved Customer Service desk (CSD) report provided to cutting division and the automated glass cutting division will program the parameters in machine and then cut the glasses as per requirement.
6. **Grinding, Polish, Cut, Holes-** This Grinding, Polish, Cut, Holes process is completely project specific and glasses are separately moved under all processes.
7. **Washing of Glasses-** Before process in to toughened plant it is required to wash the same by washing plant/machine and the process is integrated part of plant and each and every glass will go through this process.
8. **Process in toughened Plant-**The washed glasses after all checks moved in to toughened plant in which glass is heated above 720°C, which is the highest annealing point and after the extreme heating procedure, rapid cooling is conducted with air. Taking the surface lower than the annealing point cools off the glass. This causes the surface to become hard and contracts while the core still flows for a while. Finally, the core cools into numerous layers under tensile stress, balanced by compressive surface stresses. Because of these stresses, the toughened glass is strong and tough.
9. **Quality Inspection-** Automatic inspections and regular samples are taken to check the quality of the glass at each step in the glassmaking process. The complete batch of toughened glasses will require to inspect through quality check process and the batch wise quality check will be done during each production cycle.
10. **Packaging & Stacking -** The QC-OK (Quality Check) glasses are ready for dispatch and stored the same in finished stock warehouse.
11. **Dispatch to customer -** As per terms of delivery either company or the buyer will arrange the transport vehicle for site and accordingly the glasses will pack and load into the vehicles.
12. **Invoicing -** The loaded vehicle will go through an inspection by dedicated division and then passes the packing slip into accounts division for invoicing and gate pass.
13. **Recycling:** Use of recycled cullet, installation of pollution abatement systems and closed-circuit management of water: every measure is taken to limit the consumption of energy, extraction of natural resources, production of waste and emissions into the atmosphere.

Toughened Glasses:

1. Toughened glass is about 6 times stronger than normal float glass. Moreover, the process of tempering does not affect any other property of the glass. Hence, with the same visible light transmission as normal float glass comes simply greater strength.
2. Toughened glass is able to withstand massive differences in temperature (of.0.. up to 250°C i.e. 250 degrees Celsius) whereas normal float glass can handle only up to 40°C i.e. 40 degrees Celsius.

3. Tempering of glass renders it difficult to break and even when it does due to whatsoever reasons, it will fall apart into very small, blunt, cube-like pieces that do not cause fatal injuries.
4. Toughened glass is highly resistant to electric and thermal shock.
5. Its high durability makes frequent replacement redundant. Hence, the glass can easily be used for a long time.

Laminated Glasses:

Laminated glass is a type of safety glass that holds together when shattered. In the event of breaking, it is held in place by an interlayer, typically of polyvinyl butyral (PVB), ethylene-vinyl acetate (EVA), or Thermoplastic Polyurethane (TPU), between its two or more layers of glass. The interlayer keeps the layers of glass bonded even when broken, and its high strength prevents the glass from breaking up into large sharp pieces. This produces a characteristic "spider web" cracking pattern when the impact is not enough to completely pierce the glass. In the case of the ethylene-vinyl acetate (EVA), the thermoset ethylene-vinyl acetate (EVA), offers a complete bonding (cross-linking) with the material whether it is glass, polycarbonate (PET), or other types of products. TPU (Thermoplastic polyurethane) is the best choice for Bullet-Resistant Glass (BRG) and for so called E-Glass (Smart Glass).

Laminated glass is normally used when there is a possibility of human impact or where the glass could fall if shattered and also for architectural applications. Skylight glazing and automobile windshields typically use laminated glass. In geographical areas requiring hurricane-resistant construction, laminated glass is often used in exterior storefronts, curtain walls and windows.

Laminated glass is also used to increase the sound insulation rating of a window, where it significantly improves sound attenuation compared to monolithic glass panes of the same thickness. For this purpose, a special "acoustic PVB (polyvinyl butyral)" compound is used for the interlayer. In the case of the EVA (ethylene-vinyl acetate) material, no additional acoustic material is required, since the ethylene-vinyl acetate (EVA) provides sound insulation. TPU (Thermoplastic polyurethane) is an elastic material, so sound absorption is intrinsic to its nature. An additional property of laminated glass for windows is that an adequate TPU Thermoplastic polyurethane (TPU), polycarbonate (PVB) or ethylene-vinyl acetate (EVA) interlayer can block essentially most ultraviolet radiation. A thermoset ethylene-vinyl acetate (EVA) could block up to 99.9% of all Ultraviolet (UV) rays.

1. Using two or more pieces of glass bonded between one or more pieces of adhesives; such as polyvinyl butyral (PVB) or ethylene-vinyl acetate (EVA), using heat and pressure.
2. Using two or more pieces of glass and polycarbonate, bonded together with Thermoplastic polyurethane or aliphatic polyurethane (TPU), or ethylene-vinyl acetate (EVA), interlayer under heat and pressure.
3. Interlaid with a cured resin or ethylene-vinyl acetate (EVA).

Insulated/ Double Glazing Glasses DGU's :

1. Each piece of glass is cut to size on our automatic cutting table. If the glass requires diamond, rectangle or colored leading it is done at this stage.
2. An individual spacer bar is cut to the size of unit, allowing a 23mm (millimeter) overall reduction for the correct sealant depth. If the unit requires Georgian bars it is done at this stage. The hollow spacer bar is then filled with desiccant to absorb any moisture from the air inside the unit.
3. The glass is then put through our washing machine, which washes the glass with hot water then dries the glass using hot air blowers. At this stage the glass is visually inspected for imperfections.
4. The glass is assembled into a unit using the pre-cut spacer bar. The assembled unit is now transferred to the edge sealing section.
5. The edges of the unit are sealed with a warm edge sealant, creating a hermetically sealed double-glazed unit.

Once the glass has been cut and edge worked, the sheets are first washed and dried to remove all dirty particles. Two sheets are separated by an aluminum spacebar or thermally insulating material. They are then sealed around the perimeter using organic seals, and the spacer bar is filled with desiccant to dry the air in the cavity. A secondary seal is then applied to hermetically seal the double-glazed unit.

A DGU (Double Glazed Unit) consists of the following: -

- 2 Pieces of Glass
- Spacer Bar filled with desiccant
- Sealed with either Polysulphide or Silicon

Automatic Glass Cutting Process

Glass Washing Service

Warm Melt Edge Sealing Process

Stained Glass Department

- **Spacer Bar**- The spacer bar creates a gap between the 2 pieces of glass to help with insulation. the spacer bar is typically made of aluminum but can be made of other materials that do not conduct heat/cold as much as aluminum. However, these different materials will offer be more expensive.
- **Spacer Bar Desiccant**- Once the spacer is bent the hollow center is filled with small desiccant beads. This desiccant is used to take away any moisture that may be present inside the sealed DGU.
- **Primary Seal**- The primary seal is heated butyl that is applied to the outside of the spacer bar and is used to attach the spacer bar to both pieces of glass. This seal will stop moisture entering the unit and will stop gasses such as Argon or Krypton leaving the space in the DGU.
- **Secondary Seal**- The secondary seal is the area between the spacer bar and the edges of the glass. In most cases this is filled with polysulphide but on exposed edges, especially with UV exposure, silicon is typically used. This secondary seal gives added protection to the primary seal and gives a nice aesthetic look to the unit.

Use of Double Glazing Glasses DGU's

Double Glazing offers a number of advantages compared to Single Glazed Glass. Double Glazing is a great insulator due to the Air/Argon gap in between the 2 pieces of glass. In Summer your single glazed glass gets hot on the outside and radiates the heat to the inside of your house. During the Winter the opposite can happen, the heat from inside your house is drawn through the glass and radiates to the outside world. With a space in between this is greatly reduced. Air does not conduct heat as well as glass but argon is even better and conducts less heat than air. So a DGU with argon is the best choice to stop this heat transfer, if you then add a spacer bar that doesn't conduct heat, you have the perfect solution.

Also, with a DGU you can add a Low E (emissivity) glass to the unit, this will then reflect away a lot of the solar heat coming from the sun. This solar heat bounces off of the glass and goes back into the atmosphere. But you can have many

different Low E coatings on the glass which can change the performance. More often than not, the higher the performance the more expensive the glass.

By just adding the airgap into the unit you can start to reduce noise transmission. A larger gap gives an improved performance but then you can add a special laminated glass, with a noise reducing interlayer, to further reduce noise transmission.

Finally, just by adding the 2 panes of glass to the DGU, you make the opening more secure and more difficult to break and enter. With the additional of a laminated glass with an interlayer to one of the pieces, further improves the security of the unit. Double Glazed Units are a great addition to any home or office. They have many benefits and can be made to improve your particular circumstances.

Manufacturing Infrastructure

As on the date of filing this Prospectus, our Company has only two operational factory units located at Rajasthan, India. These factory units are operated by us and are ISO 9001:2015 certified. Our factory units are well equipped with modern and fully automated plant & machinery. Within our factory unit 1, float glass is simply converted into architectural glass and toughened glass and within our factory unit 2, architectural glass and toughened glass is then converted to a laminated glass. Further, all our raw materials and finished goods are stored within our own factory units. For details on our factory units, please refer to “*Our Properties*” on page 141 of this Prospectus.

Our products are a unique combination of quality and elegance that has led to the rapid growth and progress of our company. Our company has installed a specific software named “SPY Soft ERP” wherein the specific design, parameter, dimension, cutting in specific size, polishing etc., is being feed in the software as per the client’s need and upon running the said software, our high-tech, modern and fully automatic plant and machinery manufacture and produce the required output. Our company’s R & D team always carries out various research on chalking out the various parameters such as dimensions and tolerances test, roller wave distortion, vertical tong hung process, edge deformation, tolerances on hole diameters etc. which will assist us manufacturing the glass which shall lead to the ultimate client satisfaction.

RAW MATERIAL

PLANT & MACHINERY:

A. Plant & Machinery at factory UNIT – I:

1. Cutting Line:

Cutting Line: LISEC Austria - Max. Size: 3700mm x 2600mm:

Machine Photo

CNC Glass Cutting Line (LISEC) relates to fully mechanized glass loading system for achieving the most accurate (0.2mm Accuracy) and fastest cutting speed of 150 Sq. per Meter per hour which is the best in the industries.

Auto aligning and auto shape reader is means for the fastest production for even or at complex shaped orders.

Edge deletion system (patented) –Cylindrical Diamond Grinding Attachment for the soft coated glass sheets is unique and works in same cutting cycle which is again available only in Lisec Machine for making IGU is unique.

2. Automatic Glass Loader

Automatic Glass Loader : HUMAM China - Max. Size :- 3700mm x 2600mm

Machine Photo

HUMAM China's Automatic Glass Loader is a state-of-the-art solution that provides efficient and reliable loading of glass sheets into the production line. With its advanced technology and precision, this glass loader ensures the safe and accurate handling of glass sheets, minimizing the risk of damage and improving productivity. The Automatic Glass Loader is designed to work seamlessly with various types of glass, and it can handle different sizes and thicknesses of glass sheets. At HUMAM China, we are committed to delivering innovative solutions that meet the evolving needs of our customers, and our Automatic Glass Loader is a testament to our commitment to excellence and customer satisfaction.

3. Automatic Drill Machine :

Automatic Drill Machine : LIFENG China - Size :- Max Dia 200mm, Min. Dia 6mm

Machine Photo

LIFENG China's Automatic Drill Machine is a highly advanced and reliable solution that provides accurate and efficient drilling of glass sheets. With its cutting-edge technology, this drill machine can handle different sizes and thicknesses of glass sheets with precision and speed, minimizing production time and maximizing productivity. The Automatic Drill Machine is designed to operate smoothly and efficiently, providing consistent and high-quality results every time. At LIFENG China, we are committed to delivering innovative solutions that meet the diverse needs of our customers, and our Automatic Drill Machine is a testament to our commitment to excellence and customer satisfaction.

4. Single Edger

Single Edger : LIFENG China

Machine Photo

LIFENG China's Single Edger is a cutting-edge glass processing solution that provides precision edging of glass sheets. With its advanced technology and design, this machine is capable of handling glass sheets of varying thicknesses, providing consistent and high-quality edging results. The Single Edger is designed to operate efficiently, minimizing production time and increasing productivity. The machine is user-friendly, easy to operate, and requires minimal maintenance, making it an ideal solution for glass processing companies of all sizes. At LIFENG China, we are committed to delivering innovative solutions that meet the evolving needs of our customers, and our Single Edger is a testament to our commitment to excellence and customer satisfaction.

5. Double Edger :

Double Edger : HISENG China - Size : Max 4200 mm x 2440 mm - Min. 420 mm x 420mm

Machine Photo

Hiseng China's Automatic Grinding Machine is a highly advanced and reliable solution that provides accurate, efficient and elegant quality of glass sheets. Its PLC control system to set the parameters through the monitor interface to complete the processing at one time. The stable and solid base structure contribute to precise and fast with adjustment system. The polishing spindles can be selected pneumatic polishing or automatic feeding polish which improving the polishing quality and reduce the labor intensity of workers. At HISENG China, we are committed to delivering innovative solutions that meet the diverse needs of our customers, and our Automatic Polishing Machine is a testament to our commitment to excellence and customer satisfaction.

6. Hi-tec Washing Machine :

Hi-tec Washing Machine : LIFENG China - Size : 4270 mm x 244 mm

Machine Photo

LIFENG China's Hi-tec Washing Machine is an advanced solution for cleaning and washing glass sheets. With its cutting-edge technology and design, this machine provides a thorough and efficient cleaning process, removing dirt, grime, and other contaminants from the glass surface. The Hi-tec Washing Machine is designed to work seamlessly with different types of glass, including tempered, laminated, and coated glass. The machine's user-friendly interface and automated features ensure that the washing process is consistent, efficient, and reliable. At LIFENG China, we are committed to delivering innovative solutions that meet the evolving needs of our customers, and our Hi-tec Washing Machine is a testament to our commitment to excellence and customer satisfaction.

7. Horizontal Tempering Line :

Horizontal Tempering Line (LANDGLASS) - Size : 2440mm x 4270mm

Machine Photo

State of Art Horizontal Tempering Line (LANDGLASS) is loaded with full Convection furnace offering wide range of high performance glass (ST, ET, KT & SKN Series of SAINT GOBAIN) and other equivalent glasses producers like AIS and GUARDIAN. We use most energy efficient tempering technologies (30 Kw Blower for 10 to 19 mm full tempered glass) with fully Automatic CNC controlled interface.

8. DGDS Insulating Glass Units:

DGDS Insulating Glass Units (IGU) Line (WEILI)

Machine Photo

State of Art DGDS Insulating Glass Units (IGU) Line (WEILI) is a fully Automatic CNC controlled interface panels line for specially designed for more complexes and latest glazing panels up to 70 mm width. Our innovative IGU line is capable to produced Double, Triple and Step glazing panels for complexes shapes and sizes. We have Latest Bendable Spacer Technology to eliminate the Corner Keys which is an obstacle for long and dependable performance of DGDS panels. We do not use keys as the Spacers and Bended at joints in shapes and sizes and only one straight key is use.

Automatic Desiccant Machine fills the Molecular Sieve (below 1mm Diameter) desired and accurate quantity to guarantee the panel performance and its life.

The Line is placed in Basement and within a sealed air-conditioned enclosure to maintained the temperature and Humidity level for trapped air for best results even the inherent Gasses like Organ not used.

B. Plant & Machinery at factory UNIT – II:

1. Cutting Line:

Cutting Line: Bisse Intermac - Max Size : 3000MM X 6000 MM

Machine Photo

Genius CT-NEXT is the range of 3-axis cutting tables for making straight and shaped cuts on sheets of float glass. They combine perfectly with loading systems and can be interfaced with shearing benches.

It is an Intermac-patented technology that allows three different type of cut (straight, curved, open curve) to be made on a single sheet, using the most appropriate tool each time. This greatly improves the quality of the end result.

2. Automatic Glass Loader:

Automatic Glass Loader: Humam China - Max Size: 3000MM X 6000MM

Machine Photo

HUMAM China's Automatic Glass Loader is a state-of-the-art solution that provides efficient and reliable loading of glass sheets into the production line. With its advanced technology and precision, this glass loader ensures the safe and accurate handling of glass sheets, minimizing the risk of damage and improving productivity. The Automatic Glass Loader is designed to work seamlessly with various types of glass, and it can handle different sizes and thicknesses of glass sheets. At HUMAM China, we are committed to delivering innovative solutions that meet the evolving needs of our customers, and our Automatic Glass Loader is a testament to our commitment to excellence and customer satisfaction.

3. Automatic Drill Machine :

Automatic Drill Machine : Xianya Glass Machinery China - Size :- Max Dia 200mm, Min. Dia 6mm

Machine Photo

XGM China's Automatic Drill Machine is a highly advanced and reliable solution that provides accurate and efficient drilling of glass sheets. With its cutting-edge technology, this drill machine can handle different sizes and thicknesses of glass sheets with precision and speed, minimizing production time and maximizing productivity. The Automatic Drill Machine is designed to operate smoothly and efficiently, providing consistent and high-quality results every time. At XGM China, we are committed to delivering innovative solutions that meet the diverse needs of our customers, and our Automatic Drill Machine is a testament to our commitment to excellence and customer satisfaction.

4. Single Edger:

At LIFENG China, we are committed to delivering innovative solutions that meet the evolving needs of our customers, and our Single Edger is a testament to our commitment to excellence and customer satisfaction.

5. Double Edger:

Double Edger: Golive China - Size : Max 6000 mm x 3000 mm - Min. 420 mm x 420mm

Machine Photo

GOLIVE China's Automatic Grinding Machine is a highly advanced and reliable solution that provides accurate, efficient and elegant quality of glass sheets. Its PLC control system to set the parameters through the monitor interface to complete the processing at one time. The stable and solid base structure contribute to precise and fast with adjustment system. The polishing spindles can be selected pneumatic polishing or automatic feeding polish which improving the polishing quality and reduce the labor intensity of workers. At GOLIVE China, we are committed to delivering innovative solutions that meet the diverse needs of our customers, and our Automatic Polishing Machine is a testament to our commitment to excellence and customer satisfaction.

6. Hi-Tec Washing Machine:

Hi-Tec Washing Machine: SGM China - Size: 6000 mm x 3000 mm

Machine Photo

SGM China's Hi-tec Washing Machine is an advanced solution for cleaning and washing glass sheets. With its cutting-edge technology and design, this machine provides a thorough and efficient cleaning process, removing dirt, grime, and other contaminants from the glass surface. The Hi-tec Washing Machine is designed to work seamlessly with different types of glass, including tempered, laminated, and coated glass. The machine's user-friendly interface and automated features ensure that the washing process is consistent, efficient, and reliable. At SGM China, we are committed to delivering innovative solutions that meet the evolving needs of our customers, and our Hi-tec Washing Machine is a testament to our commitment to excellence and customer satisfaction.

Our company manufactures products on an order-by-order basis, according to the technical parameters, size, cutting, polishing, and so on provided by our end users, i.e. customers, when making an order with us. It is our goal to deliver the same technical specifications and float glass selection that our customer has confirmed from a specific float glass producer. After receiving the order, our firm will get such raw material from a float glass producer in accordance with the technical specifications agreed by our customer. Our procurement of float glass will depend on the availability of material with the float glass producer, as well as the timing of procurement of the float glass manufacturer.

Our company's production will be determined by the size of the order, its technical specifications, the availability of raw materials from float glass producers (thicknesses ranging from 0.4mm to 25mm), and the customer's commitment schedule. Due to a variety of external reasons, our toughened glass process timeline will be tight, with a wide range of orders being completed within that time frame. This will vary depending on the materials available at our factory premises. Our profit margin will also depend on the volume of orders; it is not necessary that our margin remain constant, but it varies according to the size of the order and the usage of our machinery, electricity, personnel, and so on.

Due to variations in demand and supply ratios from float glass manufacturers, our organization must maintain a substantial amount of inventory in order to satisfy our customer's delivery schedule.

Our organization received orders that can be classified into three categories based on their size and kind of work: large scale projects, medium scale projects, and low scale projects. There is a significant disparity in production between the three groups. Large-scale projects that produce the same type of glasses with common technical parameters have a shorter production loss time than middle-scale projects, whereas low-scale projects have a much higher production loss time, which has a direct impact on plant and machinery capacity.

The scaling of orders also directly impact the working capital cycle, because if company want to procure a large scale project it requires large amount of working capital depends on size of project and type of glasses, that's why we required to hold the inventory as per the age of particular project and to complete any order we have to procure complete range on inventory within a short duration cycle from supplier and supply the same as per our own production schedule and requirement by vendor/end user.

Our Company deals with lower and middle scale projects based on working capital availability and profitability. commercial production in unit-I is already underway, and commercial production in unit-II began on August 1, 2022. The production capacity of Unit-I is now being used for middle and low scale projects because we will maximize the production of those float glasses that covered high quality lower volume glasses under middle scale projects.

Quality Control

We place emphasis on quality control. We inspect the raw materials we receive, work-in-progress and final products. We have implemented internal procedures to ensure quality control at various stages of production, from procurement of raw material, production to inventory storage. Our manufacturing unit has one dedicated personnel who are responsible for monitoring the parameters of equipment, technical parameters of materials, reporting any irregularities in the raw material and manufacturing process and making adjustments accordingly.

Our Company has following test equipment's as approved by ISI/ BSI mark

Sr. No.	Test equipment	Pertains to test
1	A visual large board	For a Test of Distribution of allowable defects
2	Vernier calipers, micrometer and measuring tape	For verification of thickness, dimensions, squareness, and edge displacement
3	Hammer, string loaded punch, 50mm ² template marker	Fragmentation test (6.1 of IS 17004)
4	Dual roller wave gauge, zebra board	Flatness
5	Glass frame and bow	Resistance to shock, resistance to human impact
6	Polished edge6	Edge working of glass for toughening

Procurement of clients/ sales and marketing of products

The marketing strategy is the backbone of our organization, so we follow certain practices for promoting our products, such as area-based marketing, which is normal practice in our industry. Our organization has a dedicated marketing team for such campaigns. The marketing team follows the directions supplied by the area sales manager (ASM) and functions accordingly. All area sales managers report to the head of the marketing department on a daily basis using our company's Management Information System (MIS) requirements.

All ASM's are working as per their nomination for particular zone and / or area allocated to them and have been asked to furnish details of each project under constructions and estimated cost of project etc., on finding such details the same will be submitted to ASM who in turn prepare MIS and submit for necessary persuasion and follow up for vital order for the company. On submission of MIS report our professional team will visit such project supervisor and technicians for constant follow up till we get final order for our product to be used for such project. Our management team appreciate such efforts for procurement of business.

Our Company do the procurement of clients/sales in following manner: Our sales / clients covered under four major categories-

- a. Direct Sales/Clients – Customers directly approach the company for the specific requirement of toughened glasses as per their specification of Size and nature on procurement of such order our company process toughened glass and either have it delivered or if clients prefer to take delivery will also be provide on agreed terms.
- b. Through Projects Sales: The customers directly approach to the suppliers of glasses (i.e. Saint Goabin, Gujarat Gurdian, AIS, Sisecam glass etc.) and then supplier will approach to our company to complete the designated projects with pre decided glass category on agreed terms and conditions. On receipt of such order our company will procure the float glass from the particular glass company and our company do the processing and supply of such pre-decided glass to our customer, now in this category the technical parameters are pre decided by supplier of float glasses and we will use the same float glass during the toughening process and supply the same to customer.
- c. Through Fabricators: Mostly fabricators are main agents between end users and our company and in this category the Fabricators will approach to our company for supply of specific glasses as per the orders received from end user of glasses. Our Company will approach to float glass suppliers for supply of glasses as per the technical parameters received /required by end user. Since there are various varieties of float glass is being manufactured by float glass manufacturers, it is our duty to procure such pre-requisite float glass in time from such float glass manufacturer as they have different variety of glass being manufactured and our delivery schedule is required to be maintain as per our commitment under the situation our company may have to procure such float glass in advance to avoid any delay.
- d. Newly added vendors and retail sales: Sometimes companies received the orders from some new vendors or from some retail customers and as per the production schedule and size of orders we will supply for the same because in comparison with others the margin ratio is high and also helpful for adding new vendors and customers.

Sales and Marketing Strategies

The term Business-to-Consumer (B2C) refers to the process of selling products and services directly between Our Company and consumers who are the end-users of procuring toughened glasses or related services from our company. B2C became immensely popular during the ‘‘dotcom’’ boom of the late 1990s when it was mainly used to refer to online retailers who sold products and services to consumers through the internet. As a business model, business-to-consumer differs significantly from the Business-to-Business (B2B) model, which refers to trade between two or more businesses.

Our company accepts B2C orders and usually tries to catch the eye of the consumer and elicit an emotional response to their marketing. Also, any business that relies on B2B sales must maintain good relations with its customers to ensure their frequent orders on satisfaction of material supplied by our company. Our Company do encourage such type of trade and review its possibility to improve our strength in marketing strategy and modify our terms and conditions on its feedback.

Usually, B2C customers cover some direct sales to newly added vendors in the glass sector and some vendors contact us through digital sources like websites or e-mail etc. Our company accepts orders directly from new vendors or startups to increase profitability and sometimes to review the product related feedback and other market related updates. The Company tries to connect directly with the market under the B2C method and total turnover of B2C is less than 5% of total turnover of our Company.

Competition

In Indian markets, we operate in a highly competitive and fragmented industry. We encounter competition from a variety of domestic and foreign players. The major components in our plan to combat tough competition are customer relationships, reputation, employee talents, market coverage, quality, cost, delivery, technical capability, and so on. Our unique selling point is that we offer value at the end of the supply chain. Organized players include Saint-Gobain, Borosil Ltd, Asahi India Glass Ltd, Sejal Glass Ltd, and Triveni Glass Ltd, among others and in the industry, competition is based on producing high-quality, consistent, and timely products and value-added services. However, we have 6 years of expertise in this market, which not only provides us with the capacity to compete effectively, but also helps us to retain and further expand our position in the business where we ensure the sale of high-quality.

Environment, Health and Safety

We are also subject to laws and government regulations, including those pertaining to safety, health, and environmental preservation. These laws and regulations include the Environmental Protection Act of 1986, the Air (Prevention and Control of Pollution) Act of 1981, the Water (Prevention and Control of Pollution) Act of 1974, and other regulations issued by the Ministry of Environment and the relevant state pollution control boards. These environmental protection rules and regulations manage air and water outflow, noise levels, storage handling, employee exposure to dangerous substances, and other areas of our manufacturing.

We strive to comply with all applicable health and safety regulations and other requirements in our operations, and we have implemented an environmental, health, and safety policy aimed at meeting legislative requirements, license, approval, and certification requirements, as well as ensuring the safety of our employees and those working at our facilities or under our management. We conduct periodic assessments of our employees' working conditions to ensure a safe working environment at our manufacturing plant. We routinely and continue to ensure that our operations comply with all applicable environmental, health, and safety standards and requirements. Our production facility is ISO 9001-2015 certified for its quality management system and food safety management system, respectively.

Information Technology

We feel that information technology is a significant tool for running our business, thus we have invested in developing a solid IT system, network, and processes. Our Company has installed a specialized software called "SPY Soft ERP," which allows the specific design, parameter, dimension, cutting in a specific size, polishing, etc., to be fed in according to the needs of the client. Our state-of-the-art, fully automated plant and machinery then run the said software to manufacture and produce the required output. We use a variety of off-the-shelf IT technologies, particularly those related to communication. We have converted to the Tally Prime platform to ensure that our business runs smoothly. The Tally Prime system includes modules such as materials management, sales order processing, store balance, section-wise manufacturing, post-sales complaint handling, accounts, and finance.

INFRASTRUCTURE & UTILITIES

Infrastructure

Our production facility and registered office are well-equipped with computer systems, internet connectivity, other communication equipment, and security, among other things, to support our commercial operations. For more information, see page 127 of this Prospectus, under the heading "Our Manufacturing Infrastructure".

Power

Our organization has suitable power supply systems in place to ensure that our processing unit receives regular, uninterrupted electricity. We obtained a power connection from JVVNL (Jaipur Vidyut Vitran Nigam Limited) for our manufacturing unit's premises, with a sanctioned load of 850 KVA (Unit-1) and 1500 KVA (Unit-2), which is sufficient to suit our plant's needs. In the event of a power outage, we have a power backup facility on our grounds.

Water

Water is mostly necessary for cooling items during the manufacturing process, fire safety, drinking, and sanitary purposes. Bore wells at our processing units provide us with the water we need.

Raw Material

Our Company only sources its raw material "Float Glass" for processing activities from the domestic market and has never used imported raw material in its operations. Currently, the company does not import the raw material as the cost of the same goes higher because of the anti-dumping duty imposed by the government and the supply is adequate to cover the demand. The company requires float glass as a raw material to carry out its processing activities, which are obtained from the below states in the domestic market:

A. INDUSTRY RELATED LAWS AND REGULATIONS

Bureau of Indian Standards Act, 2016 (“BIS Act”)

The BIS Act provides for the establishment of the Bureau of Indian Standards (“BIS”) for the harmonious development of the activities of standardisation, conformity assessment and quality assurance of goods, articles, processes, systems and services. The BIS Act for the functions of the BIS which includes, among others, (a) recognizing as an Indian standard, any standard established for any article or process by any other institution in India or elsewhere; (b) specifying a standard mark which shall be of such design and contain such particulars as may be prescribed to represent a particular Indian standard; and (c) undertake testing of samples for purposes other than for conformity assessment and (d) undertake activities related to legal metrology. The BIS Act empowers the Central Government in consultation with the BIS to order compulsory use of standard mark for any goods or process if it finds it expedient to do so in public interest. The BIS Act also provides the penalties in case there is a contravention of the provisions of the BIS Act.

The Micro, Small and Medium Enterprises Development Act, 2006 r/w Industries (Development and Regulation) Act, 1951

MSME Act was enacted to provide for facilitating the promotion and development and enhancing the competitiveness of micro, small and medium enterprises. Any person who intends to establish (a) a micro or small enterprise, at its discretion; (b) a medium enterprise engaged in providing or rendering of services may, at its discretion; or (c) a medium enterprise engaged in manufacture or production of goods pertaining to any industry specified in the First Schedule to the Industries (Development and Regulation) Act, 1951 is required to file a memorandum before such authority as specified by the State Government or the Central Government. The form of the memorandum, the procedure of its filing and other matters incidental thereto shall be such as may be specified by the Central Government, based on the recommendations of the advisory committee. Accordingly, in exercise of this power under the MSME Act, the Ministry of Micro, Small and Medium Enterprises notification dated September 18, 2015 specified that every micro, small and medium enterprises is required to file a Udyog Adhaar Memorandum in the form and manner specified in the notification.

The Legal Metrology Act, 2009 (“Legal Metrology Act”) and Legal Metrology (Packaged Commodities) Rules, 2011

The LM Act has replaced the Standards of Weights and Measures Act 1976 and the Standards of Weight & Measurement (Enforcement) Act 1985. It seeks to establish and enforce standards of weights and measures, regulate trade and commerce in weights, measures and other goods which are sold or distributed by weight, measure, or number. The LM Act and rules framed thereunder regulate, inter alia, the labelling and packaging of commodities, verification of weights and measures used, and lists penalties for offences and compounding of offences under it. The Controller of Legal Metrology Department is the competent authority to grant the licence under the LM Act. Any manufacturer dealing with instruments for weights and measuring of goods must procure a license from the state department under the LM Act. Any noncompliance or violation under the LM Act may result in, inter alia, a monetary penalty on the manufacturer or seizure of goods or imprisonment in certain cases.

The Static and Mobile Pressure Vessels (Unfired) Rules, 2016 (the “SMPV Rules”)

The SMPV Rules had been introduced for the purpose of regulating the manufacture, filling, delivery, import and repair to pressure vessels. Under the SMPV Rules, any person who desires to store or transport compressed gas needs to obtain a license for storage and transportation of such gas. The SMPV Rules further prescribe conditions under which the licenses can be granted, amended, renewed, suspended or cancelled.

The Indian Contract Act, 1872

The Indian Contract Act codifies the way in which a contract may be entered into, executed, implementation of the provisions of a contract and effects of breach of a contract. A person is free to contract on any terms he chooses. The Contract Act consists of limiting factors subject to which contract may be entered into, executed and breach enforced. It provides a framework of rules and regulations that govern formation and performance of contract. The contracting parties themselves decide the rights and duties of parties and terms of agreement.

Shops and Establishments Legislations

Establishments are required to be registered under the provisions of local shops and establishments legislations applicable in the states where such establishments are set up. Such legislations regulate the working and employment conditions of workers employed in such shops and establishments including commercial establishments and provide for fixation of working hours, rest intervals, overtime, holidays, leave, termination of service, maintenance of shops and establishments and other rights and obligations of the employers and employees. Shops and establishments have to be registered under the shops and establishments legislations of the respective states where they are located.

Sale of Goods Act, 1930

The Sale of Goods Act, 1930 (the “*Sale of Goods Act*”) governs contracts relating to the sale of goods. The contracts for sale of goods are subject to the general principles of the law relating to contracts. A contract for sale may be an absolute one or based on certain conditions. The Sale of Goods Act contains provisions in relation to the essential aspects of such contracts, including the transfer of ownership of goods, delivery of goods, rights and duties of the buyer and seller, remedies for breach of contract and the conditions and warranties implied under a contract for the sale of goods.

The Registration Act, 1908

The Registration Act, 1908 (the “*Act*”) was passed to consolidate all the previous legislations which were enacted in relation to the registration of documents. This Act was promulgated to achieve the purpose of maintaining a proper regulatory record of transactional documents with a recognized officer in order to safeguard the original copies. The Act lays down two types of registration of documents, one being mandatory registration, which has been laid down under Section 17 of the Act and relates to documents such as, *inter alia* gift deed or transfer deed for an immovable property, non-testamentary instruments purporting to an interest in any immovable property, leasing or renting an immovable property. The other type of registration has been laid down under Section 18 of the Act which provides for the category of documents, registration of which is optional or discretionary and include, wills, instrument for transfer of shares, adoption deeds, etc. Failure to register a document under Section 17 of the Act can attract severe consequences, including declaration of invalidity of the transfer in question; however, no such consequence is attracted in case of Section 18 of the Act. Sections 28 and 31 of the Act provide the sub-registrars and other officers, the authority to register documents under this Act. Registration of a document, provides authenticity to a document and also acts as a conclusive proof in relation to the execution of such a document in the court of law.

Municipality Laws

Pursuant to the Constitution (Seventy-Fourth Amendment) Act, 1992, the respective state legislatures in 129 India have power to endow the municipalities with power to implement schemes and perform functions in relation to matters listed in the Twelfth Schedule to the Constitution of India. The respective States of India have enacted laws empowering the municipalities to issue trade license for operating stores and implementation of regulations relating to such license along with prescribing penalties for non-compliance.

Consumer Protection Act, 2019 (the “Consumer Protection Act”) and the rules made thereunder

The Consumer Protection Act, which repeals the Consumer Protection Act, 1986, was designed and enacted to provide simpler and quicker access to redress consumer grievances. It seeks, *inter alia* to promote and protects the interests of consumers against deficiencies and defects in goods or services and secure the rights of a consumer against unfair trade practices, which may be practiced by manufacturers, service providers and traders. The definition of “consumer” has been expanded under the Consumer Protection Act to include persons engaged in offline or online transactions through electronic means or by tele-shopping or direct-selling or multi-level marketing. One of the substantial changes introduced by Consumer Protection Act is inclusion of the e-commerce industry under Consumer Protection Act with “e-commerce” defined to refer to the buying and selling of goods or services over digital or electronic network. Therefore, the Consumer Protection Act aims to cover entities that are involved in the process of selling goods or services online. It provides for the establishment of consumer disputes redressal forums and commissions for the purposes of redressal of consumer

grievances. In addition to awarding compensation and/or passing corrective orders, the forums and commissions under the Consumer Protection Act, in cases of misleading and false advertisements, are empowered to impose imprisonment for a term which may extend to two years and fine which may extend to ten lakhs. In cases of manufacturing for sale or storing, selling, or distributing or importing products containing an adulterant, the imprisonment may vary between six months to seven years and fine between one lakh to ten lakh depending upon the nature of injury to the consumer.

The Consumer Protection (E-Commerce) Rules, 2020 (the “Consumer Protection Rules”)

The Central Government has notified the Consumer Protection (E-Commerce) Rules, 2020, in exercise of its powers conferred by the Consumer Protection Act, 2019. The Consumer Protection Rules primarily envisages the duties & liabilities of ecommerce entities involved in marketing and selling goods and services to the consumer on the online platform. The Consumer Protection Rules will be applicable to all electronic retailers (e-tailers), registered in India or abroad but offering goods and services to Indian consumers. It empowers the Central Government to act against unfair trade practices in e-commerce, direct selling. They require e-tailers to facilitate easy returns, address customer grievances and prevent discriminating against merchants on their platforms. The Consumer Protection Rules will apply to all goods and services bought or sold over any digital platform; all models of e-commerce including marketplace and inventory models of e-commerce; all e-commerce retail, including multi-channel single brand retailers and single brand retailers in single or multiple formats; all forms of unfair trade practices across all models of e-commerce. The Consumer Protection Rules are equally applicable on the foreign registered e-commerce entity offering goods and services to consumers in India.

The Specific Relief Act, 1963 (the “Act”)

The Act is complimentary to the provisions of the Contract Act and the Transfer of Property Act, as the Act applies both to movable property and immovable property. The Act applies in cases where the Court can order specific performance of a contract. Specific relief can be granted only for the purpose of enforcing individual civil rights and not for the mere purpose of enforcing a civil law. ‘Specific performance’ means the Court will ask the party to perform his part of the agreement, instead of asking him to pay damages to the other part.

Negotiable Instruments Act, 1881

In India, cheques are governed by the Negotiable Instruments Act, 1881, which is largely a codification of the English Law on the subject. The Act provides effective legal provision to restrain people from issuing cheques without having sufficient funds in their account or any stringent provision to punish them in the event of such cheque not being honored by their bankers and returned unpaid. Section 138 of the Act, creates statutory offence in the matter of dishonor of cheques on the ground of insufficiency of funds in the account maintained by a person with the banker which is punishable with imprisonment for a term which may extend to two years, or with fine which may extend to twice the amount of the cheque, or with both.

B. INTELLECTUAL PROPERTY LAWS

Intellectual property rights refer to the general term for intangible, intellectual, industrial property rights through patents, copyrights and trademarks and includes geographical indications, trade secrets, and confidential information. These property rights allow the holder to exercise a monopoly on the use of the item for a specified period.

The Trademarks Act, 1999 (the “Trademarks Act”)

Trademarks enjoy protection under both statutory and common law and Indian trademark law permits the registration of trademarks for both goods and services. The Trademarks Act governs the statutory protection of trademarks and the prevention of the use of fraudulent marks in India. Under the provisions of the Trademarks Act, an application for trademark registration may be made before the Trademark Registry by any person claiming to be the proprietor of a trade mark, whether individual or joint applicants, and can be made on the basis of either actual use or intention to use a trademark in the future. Once granted, a trademark registration is valid for 10 years unless cancelled, subsequent to which, it can be renewed. If not renewed, the mark lapses and the registration is required to be restored. The Trademarks Act prohibits registration of deceptively similar trademarks and provides for penalties for infringement, falsifying and falsely applying trademarks. Further, pursuant to the notification of the Trademark (Amendment) Act, 2010 simultaneous protection of trademark in India and other countries has been made available to owners of Indian and foreign trademarks. The Trademark (Amendment) Act, 2010 also seeks to simplify the law relating to transfer of ownership of trademarks by assignment or transmission and to conform Indian trademark law with international practice.

The Designs Act, 2000 (the “Designs Act”)

The Designs Act prescribes for the registration of designs. The Designs Act specifically lays down the essentials of a design to be registered and inter alia, provides for application for registration of designs, copyright in registered designs, etc. A ‘Design’ means only the features of shape, configuration, pattern, ornament or composition of lines or s or combination thereof applied to any article whether two dimensional or three dimensional or in both forms, by any industrial process or means, whether manual, mechanical or chemical, separate or combined, which in the finished article appeal to and are judged solely by the eye, but does not include any mode or principle or construction or anything which is in substance a mere mechanical device, and expressly excludes works accorded other kinds of protection like property marks, trademarks and copyrights. Any person claiming to be the proprietor of a new or original design may apply for registration of the same before the Controller-General of Patents, Designs and Trade Marks. On registration, the proprietor of the design attains a copyright over the same. The duration of the registration of a design in India is initially ten years from the date of registration. No person may sell, apply for the purpose of sale or import for the purpose of sale any registered design, or fraudulent or obvious imitation thereof.

C. TAX LAWS

In addition to the aforementioned material legislations which are applicable to our Company, some of the tax legislations that may be applicable to the operations of our Company include:

- Income-tax Act 1961, the Income-tax Rules, 1962, as amended by the Finance Act in respective years;
- Central Goods and Services Tax Act, 2017, the Central Goods and Services Tax Rules, 2017 and various state-wise legislations made thereunder;
- The Integrated Goods and Services Tax Act, 2017 and rules thereof;
- Professional tax-related state-wise legislations;
- Indian Stamp Act, 1899 and various state-wise legislations made thereunder; and

D. ENVIRONMENTAL LAWS

The Environment (Protection) Act, 1986 (“EPA”)

The EPA has been enacted for the protection and improvement of the environment. It stipulates that no person carrying on any industry, operation or process shall discharge or emit or permit the discharge or emission of any environmental pollutant in excess of such standards as may be prescribed. Further, no person shall handle or cause to be handled any hazardous substance except in accordance with such procedure and after complying with such safeguards as may be prescribed. EPA empowers the Central Government to take all measures necessary to protect and improve the environment such as laying down standards for emission or discharge of pollutants, providing for restrictions regarding areas where industries may operate and generally to curb environmental pollution.

E-Waste Management Rules, 2016 (the “E-Waste Rules”)

The E-Waste Rules apply to every manufacturer, producer, consumer, bulk consumer, collection centres, dealers, e-retailer, refurbisher, dismantler and recycler involved in manufacture, sale, transfer, purchase, collection, storage and processing of e-waste or electrical and electronic equipment as classified under the E-Waste Rules, including their components, consumables, parts and spares which make the product operations. The E-Waste Rules mandate that a manufacturer must obtain an authorisation from the state pollution control board and also submit annual returns to the same Authority. Producers of such e-waste also have extensive responsibilities and obligations and may come under the scrutiny of either the central pollution control board or the state pollution control board. The manufacturer, producer, importer, transporter, refurbisher, dismantler and recycler shall be liable for all damages caused to the environment or a third party due to improper handling and management of the e-waste and may have to pay financial penalties as levied for any violation of the provisions under these rules by the state pollution control board with the prior approval of the central pollution control board.

Water (Prevention and Control of Pollution) Act, 1974 (“Water Act”)

The Water Act aims to prevent and control water pollution and to maintain or restore wholesomeness of water. The Water Act provides for one central pollution control board, as well as state pollution control boards, to be formed to implement its provisions, including enforcement of standards for factories discharging pollutants into water bodies. Any person intending to establish any industry, operation or process or any treatment and disposal system likely to discharge sewage

or other pollution into a water body, is required to obtain the consent of the relevant state pollution control board by making an application.

Air (Prevention and Control of Pollution) Act, 1981 (“Air Act”)

The Air Act aims to prevent, control and abate air pollution, and stipulates that no person shall, without prior consent of the relevant state pollution control board, establish or operate any industrial plant which emits air pollutants in an air pollution control area. Such person also cannot discharge or cause or permit to be discharged the emission of any air pollutant in excess of the standards laid down by the State Boards. The central pollution control board and the state pollution control boards constituted under the Water Act perform similar functions under the Air Act as well. Pursuant to the provisions of the Air Act, any person establishing or operating any industrial plant within an air pollution control area, must obtain the consent of the relevant state pollution control board prior to establishing or operating such industrial plant.

Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 (“Hazardous Waste Rules”) as amended by the Hazardous and Other Wastes (Management and Transboundary Movement) Amendment Rules, 2022

The Hazardous Waste Rules regulate the management, treatment, storage and disposal of hazardous waste by imposing an obligation on every occupier and operator of a facility generating hazardous waste to dispose of such waste without harming the environment. The term “hazardous waste” has been defined in the Hazardous Waste Rules and any person who has, control over the affairs of the factory or the premises or any person in possession of the hazardous waste has been defined as an “occupier”. Every occupier and operator of a facility generating hazardous waste must obtain authorization from the relevant state pollution control board. Further, the occupier, importer or exporter is liable for damages caused to the environment resulting from the improper handling and disposal of hazardous waste and must pay any financial penalty that may be levied by the respective state pollution control board.

E. FOREIGN TRADE REGULATIONS

The Foreign Trade (Regulation and Development) Act, 1992 and the rules framed thereunder (“FTA”)

The FTA is the main legislation concerning foreign trade in India. The FTA, read along with Foreign Trade (Regulation) Rules, 1993, provides for the development and regulation of foreign trade by facilitating imports into, and augmenting exports from, India and for matters connected therewith or incidental thereto. As per the provisions of the FTA, the Government:- (i) may make provisions for facilitating and controlling foreign trade; (ii) may prohibit, restrict and regulate exports and imports, in all or specified cases as well as subject them to exemptions; (iii) is authorised to formulate and announce an export and import policy and also amend the same from time to time, by notification in the Official Gazette; (iv) is also authorised to appoint a 'Director General of Foreign Trade' for the purpose of the FTA, including formulation and implementation of the Export-Import (“EXIM”) Policy.

The FTA prohibits anybody from undertaking any import or export except under an Importer-Exporter Code number (“IEC”) granted by the Director General of Foreign Trade pursuant to Section 7 of the FTA. Hence, every entity in India engaged in any activity involving import/export is required to obtain an IEC unless specifically exempted from doing so. Failure to mention IEC number attracts a penalty of not less than ₹10,000 and not more than five times the value of the goods or services or technology in respect of which any contravention is made or is attempted to be made, whichever is made. The IEC shall be valid until it is cancelled by the issuing authority

Foreign Investment Laws

Foreign investment in India is governed by the provisions of the Foreign Exchange Management (Non-debt Instruments) Rules, 2019 (“FEMA Rules”) along with the Consolidated FDI Policy issued by the DPIIT, from time to time. Further, the RBI has enacted the Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instruments) Regulations, 2019 which regulate the mode of payment and reporting requirements for investments in India by a person resident outside India. Under the FEMA Rules and Consolidated FDI Policy (effective October 15, 2020), 100% foreign direct investment is permitted in single brand product retail trading sector, under the automatic route, subject to certain conditions specified thereunder. Further, in the event of foreign direct investment beyond 51%, the investee entity is also required to comply with certain local sourcing norms as specified in the FEMA Rules and the Consolidated FDI Policy. In terms of the FEMA Rules, the total holding by each FPI, or an investor group shall be below 10% of the total paid-up equity share capital of our Company on a fully diluted basis and the total holdings of all FPIs put together with effect

from April 1, 2020, will be up to the sectoral cap applicable to the sector in which our Company operates (i.e., up to 100%), unless reduced by way of passing a special resolution.

The Central Government has notified certain provisions of this code.

Employees State Insurance Act, 1948, as amended (the "ESIC Act")

The ESI Act, provides for certain benefits to employees in case of sickness, maternity and employment injury. All employees in establishments covered by the ESI Act are required to be insured, with an obligation imposed on the employer to make certain contributions in relation thereto. In addition, the employer is also required to register itself under the ESI Act and maintain prescribed records and registers.

The Employees Provident Fund and Miscellaneous Provisions Act, 1952 ("Act") and the schemes formulated there under ("Schemes")

The Employees Provident Funds and Miscellaneous Provisions Act, 1952 ("EPF Act") was introduced with the object to institute compulsory provident fund for the benefit of employees in factories and other establishments. The EPF Act provides for the institution of provident funds and pension funds for employees in establishments where more than 20 (twenty) persons are employed and factories specified in Schedule I of the EPF Act. Under the EPF Act, the Central Government has framed the "Employees Provident Fund Scheme", "Employees Deposit-linked Insurance Scheme" and the "Employees Family Pension Scheme". Liability is imposed on the employer and the employee to contribute to the funds mentioned above, in the manner specified in the statute. There is also a requirement to maintain prescribed records and registers and filing of forms with the concerned authorities. The EPF Act also prescribes penalties for avoiding payments required to be made under the abovementioned schemes.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 ("SHWW Act") provides for the protection of women at workplace and prevention of sexual harassment at workplace. The SHWW Act also provides for a redressal mechanism to manage complaints in this regard. Sexual harassment includes one or more of the following acts or behavior namely, physical contact and advances or a demand or request for sexual favours or making sexually colored remarks, showing pornography or any other unwelcome physical, verbal or non-verbal conduct of sexual nature. The SHWW Act makes it mandatory for every employer of a workplace to constitute an Internal Complaints Committee, which shall always be presided upon by a woman.

The Maternity Benefit Act, 1961 (the "Act")

The Act provides for leave and right to payment of maternity benefits to women employees in case of confinement or miscarriage etc. The act is applicable to every establishment which is a factory, mine or plantation including any such establishment belonging to government and to every establishment of equestrian, acrobatic and other performances, to every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a state, in which ten or more persons are employed, or were employed, on any day of the preceding twelve months; provided that the state government may, with the approval of the Central Government, after giving at least two months' notice shall apply any of the provisions of this act to establishments or class of establishments, industrial, commercial, agricultural or otherwise.

Payment of Gratuity Act, 1972

Gratuity is a lump sum payment made by an employer as the retrial reward for his past service when his employment is terminated. The provisions of the Act are applicable on all the establishments in which ten or more employees were employed on any day of the preceding twelve months and as notified by the government from time to time. The Act provides that within 30 days of opening of the establishment, it has to notify the controlling authority in Form A thereafter whenever there is any change it the name, address or in the change in the nature of the business of the establishment a notice in Form B has to be filed with authority. An employee who has been in continuous service for a period of five years will eligible for gratuity upon his retirement, superannuation, death or disablement. The maximum amount of gratuity payable shall not exceed ₹ 3.50 Lakhs. Further, every employer has to obtain insurance for his liability towards gratuity payment to be made under payment of Gratuity Act 1972, with Life Insurance Corporation or any other approved insurance fund.

FY 2023 to FY 2024

Below mentioned is the details and rationale about the increase in PAT Margin for the FY 2024:

Toughened Glass - Toughened or tempered glass is a type of safety glass processed by controlled thermal treatments to increase its strength. In this process, glass undergoes a process of controlled thermal treatment to increase its strength.

Laminated Glass - Laminated glass is a type of safety that holds together by sandwiching a layer of poly vinyl butyl between pairs of glasses. This glass is constructed by two or more glass panes bonded together with interlayers of polyvinyl butyral (“PVB”) or ionomers between them and then treated and is generally used for safety and security purposes since the PVB layers make the glass layers stick to them so that it does not fall out of the window frame.

Insulated Glass - Insulated glass combines two or more glass panes that are spaced apart and sealed with a sealant to appear as a single unit. Double Glazing Unit (DGU) and Insulated Glass Unit are types of insulated glass.

Increase in the Profit Margins are due to following reasons:

- Setting up of the Unit II, one of the largest plant in North India for processing jumbo glass having processing capacity to process the glass size of 10 ft by 20 ft which would enhance the aesthetic appeal of the façade of the Infrastructure Project which enable us charge the better pricing for the toughened glass as well as the DGU / IGU glasses
- Focus on the Project based business model
- Vendor advances paid towards the end of FY 2023 yielded a better pricing for the purchases made in the FY 2024 which was advantageous to the Company
- The company was able to offer better pricing to customers as the company started offering credit terms like other players in the market.
- Prompt payment to suppliers and procuring in bulk quantity to supply at each stage of the Project assisting us in supplying regular quantity through out the year on need basis for each project
- Average COGS for the processed glass for FY 2023 is INR 843 per Sq Mtr vis-à-vis INR 750 per Sq Mtr in FY 2024 aggregating to reduction in the average purchase price by ~11-12%
- Average Selling Price for the processed glass for FY 2023 is INR 1,227 per Sq Mtr vis-à-vis INR 1,601 per Sq Mtr in FY 2024 aggregating to increase in the average selling price by ~30-31%
- The Gross Profit improvement from ~ INR 1,250 Lakhs in FY 2023 vis-à-vis ~INR 2,037 Lakhs in FY 2024 aggregating to increase by ~60-62%
- Reduction in the Average COGS per Sq Mtr coupled with the increase in the Average Selling Price due to better utilization of the product mix tilting towards high margin and value added products i.e. DGU and Laminated glass led to the increase in gross profit margins

- Other costs more or less remaining the same thereby improving the overall PAT margins

Conclusion: Increase in profit aggregating to INR 771.55 lakhs in FY 2024 vis-à-vis FY 2023. The bifurcation for the same is as below:

	Particulars in in FY 2024 vis-à-vis FY 2023	Amount
	Increase in Gross Profit	786.92 lakhs
Add	Decrease in expenses	11.16 lakhs
Add	Decrease in Direct expense	75.40 lakhs
Add	Increase in Other Income	152.19 lakhs
Less	Increase in Tax expenses	(254.17 lakhs)
	Net Increase	771.55 lakhs

The main reason attributable to the increase in PAT margin is due to the fact that the purchases made during this period were substantially less as compared to FY 2023. Most of these purchases were made on immediate/advance payments terms which further helped the company to procure at better prices thereby improving the PAT margins. Further, the company was able to get better pricing from customers as the company started offering favorable credit terms like other players in the market. Moreover, other fixed costs remained more or less the same. In the FY 2024, Company revamped the business strategy to focus on enhanced product mix i.e. glasses with better margins along with focus on prompt payments to suppliers, prompt supply to stage-wise completion of projects. The Company is working on the upgrading demand of laminated glass in bigger projects, timely deliveries and faster recoveries upon project completion. All these factors put together improved the margins. Moreover, during financial year 2023-24 the revenue of the company is ₹ 4050.26 Lakhs, of which maximum turnover was covered with low volume high quality glasses and higher margins as well. During the financial year we started procuring material from suppliers in better and competitive terms compared to the earlier period like we offer to suppliers to supply material with lower credit terms or without any credit and accordingly we got some attractive discounts offer from suppliers of approx. 183.14 Lakhs, which in turn contributed in reducing our costing and increase the profit margins.

FY 2022 to FY 2023

Higher PAT margin in FY 2023 as compared to FY 2022 is majorly because of purchases and sales at better pricing. In FY 2023, management introduced capital as well as company has borrowed funds from financial institutions to increase

business activity. Therefore, higher volumes led to an increase in economies of scale leading to higher profitability. Further, as small customers offer better margins. In FY 2023 the Company targeted new projects which have offered better margins. Moreover, during FY 2023 the revenue of company Increased by ~17% vis-à-vis FY 2022 because of high demand in the overall industry and also some government policies like antidumping duty, make in India etc, enhance the demand in local market also after COVID19 pandemic the several long terms stopped projects started and resulting the revenue was increased by ₹ 588.33 Lakhs in FY 2023 accordingly the profitability was increased. Also, during the financial year company expand its product line (i.e. Lamination Plant in Unit-II), resulting in the requirement of toughened glasses increased because the lamination plant also required the toughened glass as a raw material which is the finished product of Unit-I. The Glass supplied by Unit-I to Unit-II (Lamination Plant) as a Raw material is supplied as a pure agent and then the overall margins was increased because the lamination glasses are much valuable compare with toughened glass in the market and lamination glasses are only combination of two toughened glasses along with a lamination film there in, so the sale and demand in volume as well as in value increased and profit margins increased accordingly.

The Application Form contained space for indicating number of specified securities subscribed for in demat form.

Phased implementation of Unified Payments Interface

SEBI issued UPI Circulars in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, UPI has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by RIIs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to upto three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circulars proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

- a) Phase I: This phase was applicable from January 01, 2019 and lasted till June 30, 2019. Under this phase, a Retail Individual Bidder, besides the modes of Bidding available prior to the UPI Circulars, also had the option to submit the Bid cum Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.
- b) Phase II: This phase commenced with effect from July 01, 2019, and will continue for a period of three months or floating of five main board public issues, whichever is later. Under this phase, submission of the Bid cum Application Form by a Retail Individual Investor through intermediaries to SCSBs for blocking of funds has been discontinued and has been replaced by the UPI Mechanism. However, the time duration from public issue closure to listing continues to be six Working Days during this phase. SEBI vide its circular no.

SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice.

- c) Phase III/T+3: This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023, and on a mandatory basis for all issues opening on or after December 1, 2023, vide T+3 Press Release. In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Press Release as applicable, subject to any circulars, clarification or notification issued by SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

Pursuant to the UPI Circular, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked not later than one day from the date on which the Basis of Allotment is finalized. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors complaints in this regard, the relevant SCSB as well as the post – Issue BRLM will be required to compensate the concerned investor.

All SCSBs offering the facility of making applications in public issues shall also provide the facility to make application using UPI. The Company were required to appoint one of the SCSBs as a Sponsor Bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and/ or payment instructions of the Retail Individual Bidders using the UPI.

The processing fees for applications made by Retail Individual Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021.

Bidders were advised to make their independent investigations and ensure that the number of Equity Shares applied for did not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company, in consultation with the BRLM decided the Price Band and the minimum Bid lot size for the Issue and the same was advertised in all editions of Financial Express (a widely circulated English national daily newspaper) Hindi editions of a Jansatta (a widely circulated Hindi national daily newspaper) and all Hindi editions of Nafa Nuksan, a Hindi language newspaper (Hindi, being the regional language of Rajasthan, where our Registered Office is situated) each with wide circulation at least two Working Days prior to the Bid / Issue Opening Date. The BRLM and the SCSBs accepted Bids from the Bidders during the Bid / Issue Period.

- a) The Bid / Issue Period was for a minimum of three Working Days and did not exceed 10 Working Days.
- b) Each Bid cum Application Form gave the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form were treated as optional demands from the Bidder and were not be cumulated. After determination of the Issue Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Issue Price were considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, became automatically invalid.
- c) The Bidder / Applicant could not Bid through another Bid cum Application Form after Bids through one Bid cum Application Form were submitted to a BRLM or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another BRLM or SCSB were treated as multiple Bid and were liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Issue. However, the Bidder could revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”.
- d) The BRLM/the SCSBs entered each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder could receive up to three TRSs for each Bid cum Application Form.
- e) Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB verified if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form, prior to uploading such Bids with the Stock Exchange.
- f) If sufficient funds were not available in the ASBA Account, the Designated Branch of the SCSB were required to reject such Bids and did not upload such Bids with the Stock Exchange.
- g) If sufficient funds were available in the ASBA Account, the SCSB were required to block an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and entered each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS was furnished to the ASBA Bidder on request.
- h) The Bid Amount remained blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

BIDS AT DIFFERENT PRICE LEVELS AND REVISION OF BIDS

- a. Our Company in consultation with the BRLM, finalized the Issue Price within the Price Band, without the prior approval of, or intimation, to the Bidders.
- b. The Bidders were required to Bid at any price within the Price Band. The Bidder had to Bid for the desired number of Equity Shares at a specific price. Retail Individual Bidders were required to Bid at the Cut-off Price. However, bidding at the Cut-off Price is prohibited for QIB and Non-Institutional Bidders and such Bids from

QIB and Non-Institutional Bidders were liable to be rejected.

- c. Retail Individual Bidders, who Bid at Cut-off Price agree that they shall purchase the Equity Shares at any price within the Price Band. Retail Individual Bidders submitted the Bid cum Application Form along with a cheque/demand draft for the Bid Amount based on the Cap Price with the Syndicate. In case of ASBA Bidders (excluding Non-Institutional Bidders and QIB Bidders) bidding at Cut-off Price, the ASBA Bidders instructed the SCSBs to block an amount based on the Cap Price.

Participation by Associates /Affiliates of BRLM and the Syndicate Members

The BRLM and the Syndicate Members, if any, were not allowed to purchase in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLM and the Syndicate Members, if any, may subscribe to Equity Shares in the Issue, either in the QIB Category or in the Non- Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription would be on their own account or on behalf of their clients.

Option to Subscribe in the Issue

- a. As per Section 29(1) of the Companies Act 2013, allotment of Equity Shares shall be made in dematerialized form only. Investors will not have the option of getting allotment of specified securities in physical form.
- b. The Equity Shares, on allotment, shall be traded on the Stock Exchange in demat segment only.
- c. A single application from any investor should not exceed the investment limit/minimum number of Equity Shares that were held by him/her/it under the relevant regulations/statutory guidelines and applicable law.

Eligible NRIs were required to obtain copies of Bid cum Application Form from the Designated Intermediaries. Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRI Bidders bidding on a repatriation basis by using the Non-Resident Forms were required to authorize their SCSB (if they are Bidding directly through the SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident External (“NRE”) accounts, or Foreign Currency Non-Resident (“FCNR”) Accounts, and eligible NRI Bidders bidding on a non- repatriation basis by using Resident Forms should authorize their SCSB (if they are Bidding directly through SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident Ordinary (“NRO”) accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form. Participation of Eligible NRIs in the Issue shall be subject to the FEMA Rules.

In accordance with the Consolidated FDI Policy, the total holding by any individual NRI, on a repatriation or non-repatriation basis, did not exceed 5.00% of the total paid-up equity capital on a fully diluted basis or did not exceed 5.00% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together, on a repatriation or non- repatriation basis, did not exceed 10% of the total paid-up equity capital on a fully diluted basis or did not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10.00% may be raised to 24.00% if a special resolution to that effect is passed by the general body of the Indian company.

NRIs were permitted to apply in the Issue through Channel I or Channel II (as specified in the UPI Circular). Further, subject to applicable law, NRIs may use Channel IV (as specified in the UPI Circular) to apply in the Issue, provided the UPI facility was enabled for their NRE/ NRO accounts.

NRIs applying in the Issue using UPI Mechanism were advised to enquire with the relevant bank whether their bank account is UPI linked prior to making such application. For details of investment by NRIs, see “**Restrictions on Foreign**

Ownership of Indian Securities” beginning on page 246. Participation of eligible NRIs were subject to FEMA NDI Rules.

BIDS BY FPIS

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) must be below 10% of our post-Issue Equity Share capital. Further, in terms of the FEMA NDI Rules, with effect from April 1, 2020, the aggregate FPI investment limit is the sectoral cap applicable to an Indian company as prescribed in the FEMA NDI Rules with respect to its paid-up equity capital on a fully diluted basis. Currently, the sectoral cap for retail trading of food products manufactured and/ or produced in India is 100% under automatic route.

FPIs were permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time. In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserved the right to reject any Bid without assigning any reason. FPIs who wished to participate in the Issue were advised to use the Bid cum Application Form for Non-Residents.

In terms of the FEMA, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs would be included.

The FEMA NDI Rules were enacted on October 17, 2019 in supersession of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2017, except as respects things done or omitted to be done before such supersession. **FPIs were permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.**

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with ‘know your client’ norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing off-shore derivative instruments is also required to ensure that any transfer of off-shore derivative instruments issued by, or on behalf of it subject to, inter alia, the following conditions:

- (i). such offshore derivative instruments are transferred to person subject to fulfilment of SEBI FPI Regulations; and
- (ii). Prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred are pre-approved by the FPI.

Bids by FPIs which finalized the multi-investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of the SEBI FPI Regulations (“Operational FPI Guidelines”), submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs shall not be treated as multiple Bids (“MIM Bids”). It was hereby clarified that FPIs bearing the same PAN would be treated as multiple Bids by a Bidder and would be rejected, except for Bids from FPIs that finalize the multi-investment manager structure in accordance with the Operational FPI Guidelines (such structure referred to as “MIM Structure”). In order to ensure valid Bids, FPIs making MIM Bids using the same PAN and with different beneficiary account numbers, Client IDs and DP IDs, were required to submit a confirmation that their Bids are under the MIM Structure and indicate the name of their investment managers in such confirmation which were submitted along with each of their Bid cum Application Forms. In the absence of such confirmation from the relevant FPIs, such MIM Bids were rejected.

BIDS BY SEBI-REGISTERED AIFS, VCFs AND FVCIS

The SEBI FVCI Regulations, SEBI VCF Regulations and the SEBI AIF Regulations prescribe, inter alia, the investment restrictions on the FVCIs, VCFs and AIFs registered with SEBI respectively. FVCIs could invest only up to 33.33% of the investible funds by way of subscription to an initial public offering. Category I AIF and Category II AIF could not invest more than 25% of the investible funds in one investee company directly or through investment in the units of other AIFs. A Category III AIF could not invest more than 10% of the investible funds in one investee company directly or through investment in the units of other AIFs. AIFs which were authorized under the fund documents to invest in units of AIFs are prohibited from offering their units for subscription to other AIFs. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its investible funds by way of subscription to an initial public offering of a venture capital undertaking. Additionally, a VCF that has not re-registered as an AIF

under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations (and accordingly shall not be allowed to participate in the Issue) until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

There was no reservation for Eligible NRIs, FPIs and FVCIs and all Bidders were treated on the same basis with other categories for the purpose of allocation.

Further, the shareholding of VCFs, category I AIFs or category II AIFs and FVCIs holding Equity Shares prior to Issue, were locked-in for a period of at least one year from the date of purchase of such Equity Shares.

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

The Company or the BRLM were not responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended and Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended, is 10.00% of the paid up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10.00% of the bank's own paid-up share capital and reserves, whichever is lower.

However, a banking company was permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company, subject to prior approval of the RBI if (i) the investee company is engaged in non-financial activities permitted for banking companies in terms of Section 6(1) of the Banking Regulation Act; or (ii) the additional acquisition is through restructuring of debt, or to protect the banking company's interest on loans/investments made to a company. The bank was required to submit a time bound action plan to the RBI for the disposal of such shares within a specified period. The aggregate investment by a banking company along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank; and mutual funds managed by asset management companies controlled by the bank, more than 20% of the investee company's paid up share capital engaged in non-financial services. However, this cap doesn't apply to the cases mentioned in (i) and (ii) above. The aggregate equity investments made by a banking company in all subsidiaries and other entities engaged in financial services and non-financial services, including overseas investments shall not exceed 20% of the bank's paid-up share capital and reserves.

In terms of the Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended (i) a bank's investment in the capital instruments issued by banking, financial and insurance entities should not exceed 10% of its capital funds; (ii) banks should not acquire any fresh stake in a bank's equity shares, if by such acquisition, the investing bank's holding exceeds 5% of the investee bank's equity capital; (iii) equity investment by a bank in a subsidiary company, financial services company, financial institution, stock and other exchanges should not exceed 10% of the bank's paid-up share capital and reserves; (iv) equity investment by a bank in companies engaged in non-financial services activities would be subject to a limit of 10% of the investee company's paid-up share capital or 10% of the bank's paid-up share capital and reserves, whichever is less; and (v) a banking company is restricted from holding shares in any company, whether as pledgee, mortgagee or absolute owner, of an amount exceeding 30% of the paid-up share capital of that company or 30% of its own paid-up share capital and reserves, whichever is less. For details in relation to the investment limits under Master Direction – Ownership in Private Sector Banks, Directions, 2016, see "*Key Regulations and Policies*" beginning on page 144 of this Prospectus.

BIDS BY SCSBS

SCSBs participating in the Issue were required to comply with the terms of the circulars issued by the SEBI dated September 13, 2012 and January 2, 2013. Such SCSBs were required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear

demarcated funds should be available in such account for such applications.

SCSBs will transfer the amount as per the instruction of the Registrar to the Public Issue Account, the balance amount after transfer will be unblocked by the SCSBs.

The Bidders should note that the arrangement with Bankers to the Issue or the Registrar is not prescribed by SEBI and has been established as an arrangement between our Company, Banker to the Issue and the Registrar to the Issue to facilitate collections from the Bidders.

Payment mechanism

The Bidders were required to specify the bank account number in their Bid Cum Application Form and the SCSBs blocked an amount equivalent to the Application Amount in the bank account specified in the Bid Cum Application Form. The SCSB kept the Application Amount in the relevant bank account blocked until withdrawal/ rejection of the Application or receipt of instructions from the Registrar to unblock the Application Amount. However, Non- Retail Bidders could neither withdraw nor lower the size of their applications at any stage. In the event of withdrawal or rejection of the Bid Cum Application Form or for unsuccessful Bid Cum Application Forms, the Registrar to the Issue gave instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount remained blocked in the ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application by the ASBA Bidder, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Issue were required to use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which was blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Issue were required to use UPI as a payment mechanism with Application Supported by Blocked Amount for making application.

Payment into Escrow Account for Anchor Investors

 15. The details uploaded in the online IPO system shall be considered as final and Allotment will be based on such details for applications.

Build of the Book

- a) Bids received from various Bidders through the Designated Intermediaries were electronically uploaded on the Bidding Platform of the Stock Exchange on a regular basis. The book gets built up at various price levels. This information were available with the BRLM at the end of the Bid/ Issue Period.
- b) Based on the aggregate demand and price for Bids registered on the Stock Exchange Platform, a graphical representation of consolidated demand and price as available on the websites of the Stock Exchange was made available at the Bidding centers during the Bid/ Issue Period.

Withdrawal of Bids

- a) RIIs could withdraw their Bids until Bid/ Issue Closing Date. In case a RII wishes to withdraw the Bid during the Bid/Issue Period, the same could be done by submitting a request for the same to the concerned Designated Intermediary who could do the requisite, including unblocking of the funds by the SCSB in the ASBA Account.

- b) The Registrar to the Issue have given instruction to the SCSB for unblocking the ASBA Account on the Designated Date. QIBs and NIIs could neither withdraw nor lower the size of their Bids at any stage.

Price Discovery and Allocation

- a) Based on the demand generated at various price levels, our Company in consultation with the BRLM, shall finalize the Issue Price.
- b) The SEBI ICDR Regulations, 2018 specify the allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the RHP. For details in relation to allocation, the Bidder may refer to the RHP and this Prospectus.
- c) Under-subscription in any category (except QIB Category) is allowed to be met with spillover from any other category or combination of categories at the discretion of the Issuer and the in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations. Unsubscribed portion in QIB Category is not available for subscription to other categories.
- d) In case of under subscription in the Issue, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an undersubscription applicable to the Issuer, Bidders may refer to the RHP and this Prospectus.
- e) In case if the Retail Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue, it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Anchor Investors are not allowed to withdraw their Bids after Anchor Investors bidding date.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The allotment of Equity Shares to Bidders other than Retail Individual Investors may be on proportionate basis. No Retail Individual Investor will be allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be allotted on a proportionate basis.

BASIS OF ALLOTMENT

a. For Retail Individual Bidders

Bids received from the Retail Individual Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Retail Individual Bidders will be made at the Issue Price.

The Issue size less Allotment to Non-Institutional and QIB Bidders were available for allotment to Retail Individual Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to 19,26,000 Equity Shares at or above the Issue Price, full Allotment shall be made to the Retail Individual Bidders to the extent of their valid Bids.

If the aggregate demand in this category is greater than 19,26,000 Equity Shares at or above the Issue Price, the Allotment shall be made on a proportionate basis up to a minimum of 1,200 Equity Shares and in multiples of 1,200 Equity Shares thereafter. For the method of proportionate Basis of Allotment, refer below.

b. For Non-Institutional Bidders

Bids received from Non-Institutional Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all successful Non- Institutional Bidders will be made at the Issue Price.

The Issue size less Allotment to QIBs and Retail was available for allotment to Non- Institutional Bidders who had Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to 8,25,600 Equity Shares at or above the Issue Price, full allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than 8,25,600 Equity Shares at or above the Issue Price, Allotment shall be made on a proportionate basis up to a minimum of 1,200 Equity Shares and in multiples of 1,200 Equity Shares thereafter. For the method of proportionate Basis of Allotment refer below.

c. Allotment To Anchor Investor (If Applicable)

- a) Allocation of Equity Shares to Anchor Investors at the Anchor Investor Allocation Price will be at the discretion of the Issuer, in consultation with the BRLM, subject to compliance with the following requirements:
 - i. not more than 60% of the QIB Portion was allocated to Anchor Investors;
 - ii. one-third of the Anchor Investor Portion was reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the price at which allocation is being done to other Anchor Investors; and
 - iii. allocation to Anchor Investors was on a discretionary basis and subject to:
 - maximum number of two Anchor Investors for allocation up to ₹ 2 crores; a minimum number of two Anchor Investors and maximum number of 15 Anchor Investors for allocation of more than ₹ 2 crores and up to ₹ 25 crores subject to minimum allotment of ₹ 1 crores per such Anchor Investor; and
 - in case of allocation above twenty-five crore rupees; a minimum of 5 such investors and a maximum of 15 such investors for allocation up to twenty-five crore rupees and an additional 10 such investors for every additional twenty-five crore rupees or part thereof, shall be permitted, subject to a minimum allotment of one crore rupees per such investor.

d. For QIBs

Bids received from QIBs Bidding in the QIB Category at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price. Allotment may be undertaken in the following manner: Allotment shall be undertaken in the following manner:

- i. In the first instance, allocation to Mutual Funds for 5% of the Net QIB Portion shall be determined as

follows:

- In the event that Bids by Mutual Fund exceeds 5% of the Net QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for 5% of the Net QIB Portion.
 - In the event that the aggregate demand from Mutual Funds is less than 5% of the Net QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Issue Price.
 - Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below;
- ii. In the second instance, allotment to all QIBs shall be determined as follows:
- In the event of oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Issue Price shall be allotted Equity Shares on a proportionate basis, upto a minimum of 1,200 Equity Shares and in multiples of 1,200 Equity Shares thereafter for 50% of the QIB Portion.
 - Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis, upto a minimum of 1,200 Equity Shares and in multiples of 1,200 Equity Shares thereafter, along with other QIB Bidders.
 - Under-subscription below 5% of the Net QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than 54,000 Equity Shares.

iii. Basis of Allotment for QIBs and NIIs in case of Over Subscribed Issue:

In the event of the Issue being Over-Subscribed, the Issuer may finalise the Basis of Allotment in consultation with the National Stock Exchange of India Limited Emerge (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).
- b) The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
- c) For Bids where the proportionate allotment works out to less than 1,200 equity shares the allotment will be made as follows:
- Each successful Bidder shall be allotted 1,200 equity shares; and
 - The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (b) above.
- d) If the proportionate allotment to a Bidder works out to a number that is not a multiple of 1,200 equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of 1,200 equity shares subject to a minimum allotment of 1,200 equity shares.
- e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of 1,200 Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Issue specified under the Capital Structure mentioned in this Prospectus.

Retail Individual Investor means an investor who applies for shares of value of not more than ₹ 2,00,000/. Investors may note that in case of over subscription, allotment shall be on proportionate basis and will be finalized in consultation with National Stock Exchange of India Limited.

The Executive Director / Managing Director of National Stock Exchange of India Limited – the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

The Allotment of Equity Shares to Bidders other than Retail Individual Investors and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Bidders may refer to RHP. No Retail Individual Investor will be Allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be Allotted on a proportionate basis.

Flow of Events from the closure of bidding period (T DAY) Till Allotment:

- On T Day, RTA to validate the electronic bid details with the depository records and also reconcile the final certificates received from the Sponsor Bank for UPI process and the SCSBs for ASBA and Syndicate ASBA process with the electronic bid details.
- RTA identifies cases with mismatch of account number as per bid file / Final Certificate and as per applicant's bank account linked to depository demat account and seek clarification from SCSB to identify the applications with third party account for rejection.
- Third party confirmation of applications to be completed by SCSBs on T+1 day.
- RTA prepares the list of final rejections and circulate the rejections list with BRLM(s)/ Company for their review/ comments.
- Post rejection, the RTA submits the basis of allotment with the Designated Stock Exchange (DSE).
- The Designated Stock Exchange (DSE), post verification approves the basis and generates drawal of lots wherever applicable, through a random number generation software.
- The RTA uploads the drawal numbers in their system and generates the final list of allottees as per process mentioned below:

Process for generating list of allottees: -

- Instruction is given by RTA in their Software System to reverse category wise all the application numbers in the ascending order and generate the bucket /batch as per the allotment ratio. For example, if the application number is 78654321 then system reverses it to 12345687 and if the ratio of allottees to applicants in a category is 2:7 then the system will create lots of 7. If the drawal of lots provided by Designated Stock Exchange (DSE) is 3 and 5 then the system will pick every 3rd and 5th application in each of the lot of the category and these applications will be allotted the shares in that category.
- In categories where there is proportionate allotment, the Registrar will prepare the proportionate working based on the oversubscription times.
- In categories where there is undersubscription, the Registrar will do full allotment for all valid applications.
- On the basis of the above, the RTA will work out the allottees, partial allottees and non- allottees, prepare the fund transfer letters and advice the SCSBs to debit or unblock the respective accounts.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and Foreign Exchange Management Act, 1999 (“**FEMA**”). While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India (“**RBI**”) and Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“**DIPP**”).

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment (“**FDI**”) through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“**DIPP**”), has issued consolidated FDI Policy Circular of 2017 (“**FDI Policy 2017**”), which with effect from August 28, 2017, consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy issued by the DIPP that were in force. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2017 will be valid until the DIPP issues an updated circular. The RBI also issues Master Circular on Foreign Investment in India every year. Presently, FDI in India is being governed by Master Circular on Foreign Investment dated July 01, 2015 as updated from time to time by RBI. In terms of the Master Circular, an Indian company may issue fresh shares to people resident outside India (who is eligible to make investments in India, for which eligibility criteria are as prescribed). Such fresh issue of shares shall be subject to *inter-alia*, the pricing guidelines prescribed under the Master Circular. The Indian company making such fresh issue of shares would be subject to the reporting requirements, *inter-alia* with respect to consideration for issue of shares and also subject to making certain filings including filing of Form FC-GPR.

Under the current FDI Policy of 2017, foreign direct investment in micro and small enterprises is subject to sectoral caps, entry routes and other sectoral regulations. At present 100 % foreign direct investment through automatic route is permitted in the sector in which our Company operates. Therefore, applicable foreign investment up to 100% is permitted in our company under automatic route.

In case of investment in sectors through Government Route approval from competent authority as mentioned in Chapter 4 of the FDI Policy 2017 has to be obtained by the Company. The transfer of shares between an Indian resident to a non-resident does not require the prior approval of the RBI, subject to fulfilment of certain conditions as specified by DIPP/RBI, from time to time. Such conditions include: (i) where the transfer of shares requires the prior approval of the Government as per the extant FDI policy provided that: a) the requisite approval of the Government has been obtained; and b) the transfer of shares adheres with the pricing guidelines and documentation requirements as specified by the Reserve Bank of India from time to time.; (ii) where the transfer of shares attract SEBI (SAST) Regulations subject to the adherence with the pricing guidelines and documentation requirements as specified by reserve Bank of India from time to time.; (iii) where the transfer of shares does not meet the pricing guidelines under the FEMA, 1999 provided that: a) The resultant FDI is in compliance with the extant FDI policy and FEMA regulations in terms of sectoral caps, conditionalities (such as minimum capitalization, etc.), reporting requirements, documentation etc.; b) The pricing for the transaction is compliant with the specific/explicit, extant and relevant SEBI regulations/guidelines (such as IPO, Book building, block deals, delisting, exit, open offer/substantial acquisition/SEBI SAST); and Chartered Accountants Certificate to the effect that compliance with the relevant SEBI regulations/guidelines as indicated above is attached to the form FC-TRS to be filed with the AD bank and iv) where the investee company is in the financial sector provided that: a) Any ‘fit and proper/due diligence’ requirements as regards the non-resident investor as stipulated by the respective financial sector regulator, from time to time, have been complied with; and b) The FDI policy and FEMA regulations in terms of sectoral caps, conditionalities (such as minimum capitalization, pricing, etc.), reporting requirements, documentation etc., are complied with. As per the existing policy of the Government of India, OCBs cannot participate in this Issue and in accordance with the extant FDI guidelines on sectoral caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of Our Company. Investors will not offer, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

Investment conditions/restrictions for overseas entities

Under the current FDI Policy 2017, the maximum amount of Investment (sectoral cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments, direct and indirect,

regardless of whether it has been made for FDI, FPI, NRI/OCI, LLPs, FVCI, Investment Vehicles and DRs under Schedule 1, 2, 3, 6, 7, 8, 9, and 11 of FEMA (Transfer or Issue of Security by Persons Resident outside India) Regulations, 2017. Any equity holding by a person resident outside India resulting from conversion of any debt instrument under any arrangement shall be reckoned as foreign investment under the composite cap. Portfolio Investment upto aggregate foreign investment level of 49% or sectoral/statutory cap, whichever is lower, will not be subject to either Government approval or compliance of sectoral conditions, if such investment does not result in transfer of ownership and/or control of Indian entities from resident Indian citizens to non-resident entities. Other foreign investments will be subject to conditions of Government approval and compliance of sectoral conditions as per FDI Policy. The total foreign investment, direct and indirect, in the issuing entity will not exceed the sectoral/statutory cap.

i. Investment by FPIs under Portfolio Investment Scheme (PIS):

With regards to purchase/sale of capital instruments of an Indian company by an FPI under PIS the total holding by each FPI or an investor group as referred in SEBI (FPI) Regulations, 2014 shall not exceed 10 % of the total paid-up equity capital on a fully diluted basis or less than 10% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all FPIs put together shall not exceed 24 % of paid-up equity capital on fully diluted basis or paid-up value of each series of debentures or preference shares or share warrants. The said limit of 10 percent and 24 percent will be called the individual and aggregate limit, respectively. However, this limit of 24 % may be increased up to sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body.

ii. Investment by NRI or OCI on repatriation basis:

The purchase/sale of equity shares, debentures, preference shares and share warrants issued by an Indian company (hereinafter referred to as “Capital Instruments”) of a listed Indian company on a recognised stock exchange in India by Non-Resident Indian (NRI) or Overseas Citizen of India (OCI) on repatriation basis is allowed subject to certain conditions under Schedule 3 of the FEMA (Transfer or Issue of security by a person resident outside India) Regulations, 2017 i.e.:

 - (5) Where any declaration under this article is made to a company, the company shall make a note of such declaration in the register concerned and shall file, within thirty days from the date of receipt of declaration by it, a return in the prescribed form with the Registrar in respect of such declaration with such fees or additional fees as may be determined by central government, within the time specified under section 403.
 - (6) No right in relation to any share in respect of which a declaration is required to be made under this article but not made by the beneficial owner, shall be enforceable by him or by any person claiming through him.
 - (7) Nothing in this article shall be deemed to prejudice the obligation of a company to pay dividend to its members under this Act and the said obligation shall, on such payment, stand discharged.

FUNDS OF COMPANY NOT TO BE APPLIED IN PURCHASE OF SHARES OF THE COMPANY

35. No funds of the Company shall except as provided by Section 67 of the Act, be employed in the purchase of its own shares, unless the consequent reduction of capital is effected and sanction in pursuance of provisions of the Companies Act, 2013 as may be applicable at the time of application and these Articles or in giving either directly or indirectly and whether by means of a loan, guarantee, the provision of security or otherwise, any financial assistance for the purpose of or in connection with a purchase or subscription made or to be made by any person of or for any Share in the Company in its holding Company.

ISSUE OF SHARES WITHOUT VOTING RIGHTS

36. In the event it is permitted by law to issue shares without voting rights attached to them, the Directors may issue such share upon such terms and conditions and with such rights and privileges annexed thereto as through fit and as may be permitted by law.

SECTIONS 45 OF ACT NOT TO APPLY

37. Notwithstanding anything to the contrary contained in the Articles,
- (i) Section 45 of the Act shall not apply to the Shares held with a Depository;

TRUST RECOGNIZED

38. Except as ordered, by a Court of competent jurisdiction or as by law required, the Company shall not be bound to recognize, even when having notice thereof, any equitable, contingent, future or partial interest in any Share, or (except only as is by these Articles otherwise expressly provided) any right in respect of a Share other than an absolute right thereto, in accordance with these Articles, in the person from time to time registered as holder

thereof but the Board shall be at liberty at their sole discretion to register any Share in the joint names of any two or more persons (but not exceeding 4 persons) or the survivor or survivors of them.

Shares may be registered in the name of an incorporated Company or other body corporate but not in the name of a minor or of a person of unsound mind (except in case where they are fully paid) or in the name of any firm or partnership.

REGISTRATION OF CHARGES

39. The provisions of the Act relating to registration of charges shall be complied with.

In case of a charge created out of India and comprising solely property situated outside India, the provisions of Section 77 of the Act shall also be complied with.

Where a charge is created in India but comprised property outside India, the instrument, creating or purporting to create the charge under Section 77 of the Act or a copy thereof verified in the prescribed manner, may be filed for registration, notwithstanding that further proceedings may be necessary to make the charge valid or effectual according to the law of the country in which the property is situated, as provided by Section 77 of the Act.

Where any charge on any property of the Company required to be registered to be registered under Section 77 of the Act has been so registered, any person acquiring such property or any part thereof or any share or interest therein shall be deemed to have notice of the charge as from the date of such registration.

Any creditors or member of the Company and any other person shall have the right to inspect copies of instruments creating charges and the Company's Register of Charges in accordance with and subject to the provisions of Section 85 of the Act.

UNDERWRITING AND BROKERAGE COMMISSION MAY BE PAID

40. A company may pay commission to any person in connection with the subscription or procurement of subscription to its securities, whether absolute or conditional, subject to the following conditions, namely: -

- (a) The payment of such commission shall be authorized in the company's articles of association;
- (b) The commission may be paid out of proceeds of the issue or the profit of the company or both;
- (c) The rate of commission paid or agreed to be paid shall not exceed, in case of shares, five percent of the price at which the shares are issued or a rate authorised by the articles, whichever is less, and in case of debentures, shall not exceed two and a half per cent of the price at which the debentures are issued, or as specified in the company's articles, whichever is less;

 - (i) The name of the underwriters;
 - (ii) The rate and amount of the commission payable to the underwriter; and
 - (iii) The number of securities which is to be underwritten or subscribed by the underwriter absolutely or conditionally.
- (e) There shall not be paid commission to any underwriter on securities which are not offered to the public for subscription;
- (f) A copy of the contract for the payment of commission is delivered to the Registrar at the time of delivery of the Draft Prospectus for registration.

BROKERAGE MAY BE PAID

41. The Company may pay a reasonable sum for brokerage on any issue of shares and debentures.

CALLS ON SHARES DIRECTORS MAY MAKE CALLS

42. The Board of Directors may from time to time by a resolution passed at meeting of the Board (and not by circular resolution) make such call as it may think fit upon the members in respect of all moneys unpaid on the shares held by them respectively (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at a fixed time and each member shall pay the amount of every call so made on him to the persons and at the times and place appointed by the Board of Directors. A call may be made payable by instalments.

CALLS ON SHARES OF THE SAME CLASS TO BE MADE ON UNIFORM BASIS

43. Where any calls for further share capital are made on shares, such calls shall be made on a uniform basis on all shares falling under the same class. For the purpose of this Article shares of the same nominal value on which different amounts have been paid up shall not be deemed to fall under the same class.

NOTICE OF CALLS

44. One month notice at least of every call payable otherwise than on allotment shall be given by the Company specifying the time and place of payment and to whom such call shall be paid.

CALLS TO DATE FROM RESOLUTION

45. A call shall be deemed to have been made at the time when the resolution of the Board authorizing such call was passed at a meeting of the Board of Directors and may be made payable by the members on the Register of Members on a subsequent date to be fixed by the Board.

DIRECTORS MAY EXTEND TIME

46. The Board of Directors may, from time to time, at its discretion, extend the time fixed for the payment of any call and may extend such times as to all or any of the members, who from residence at a distance or other cause, the Board of Directors may deem fairly entitled to such extension save as a matter of grace and favour.

CALL TO CARRY INTEREST AFTER DUE DATE

47. If any member fails to pay a call due from him on the day appointed for payment thereof or any such extension thereof as aforesaid, he shall be liable to pay interest on the same from the day appointed for the payment thereof to the time of actual payment at such rate as shall from time to time be fixed by the Board of Directors, but nothing in this Article shall render it compulsory upon the Board of Directors to demand or recover any interest from any such member.

PROOF ON TRIAL IN SUIT FOR MONEY DUE ON SHARES

48. Subject to the provisions of the Act and these Articles, on the trial or hearing of any action or suit brought by the Company against any member or his representatives for the recovery of any debt or money claimed to be due to the Company in respect of his shares, it shall be sufficient to prove that the name of the member in respect of whose shares the money is sought to be recovered, appears, entered on the register of members as the holder at or subsequent to the date at which the money sought to be recovered is alleged to have become due, of the shares in respect of which such money is sought to be received, that the resolution making the call is duly recorded in the minute book and that notice of such call was duly given to the member or his representatives sued in pursuance of these presents and it shall not be necessary to prove the appointment of the Directors who made such call, nor that a quorum was present at the Board at which any call was made, nor that the meeting at which any call was made was duly convened or constituted nor any other matters whatsoever, but the proof of the matters aforesaid shall be conclusive evidence of the debt.

PAYMENT IN ANTICIPATION OF CALL MAY CARRY INTEREST

49. The Directors may, if they think fit, subject to the provisions of Section 50 of the Act, agree to and receive from any member willing to advance the same whole or any part of the moneys due upon the shares held by him beyond the sums actually called for, and upon the amount so paid or satisfied in advance, or so much thereof as from time to time exceeds the amount of the calls then made upon the shares in respect of which such advance has been made, the Company may pay interest at such rate not exceeding 12% unless the company in general

meeting shall otherwise direct, as the member paying such sum in advance and the Directors agree upon provided that money paid in advance of calls shall not confer a right to participate in profits or dividend. The Directors may at any time repay the amount so advanced. The members shall not be entitled to any voting rights in respect of the moneys so paid by him until the same would but for such payment, become presently payable. The provisions of these Articles shall mutatis mutandis apply to the calls on debenture of the Company.

FORFEITURE, SURRENDER AND LIEN

IF CALL OR INSTALLMENT NOT PAID, NOTICE MAY BE GIVEN

50. If any member fails to pay any call or installment of a call in respect of any shares on or before the day appointed for the payment of the same, the Board may at any time hereafter during such time as the call or installment remains unpaid, serve a notice on such member or on the person (if any) entitled to the share by transmission requiring him to pay the same together with any interest that may have accrued and all expenses that may have been incurred by the Company by reason of such non-payment.

FORM OF NOTICE

51. The notice shall name a day (not being earlier than the expiry of fourteen days from the date of service of the notice) and a place or places on and at which such money, including the call or installment and such interest and expenses as aforesaid is to be paid. The notice shall also state that in the event of non-payment on or before the time and at the place appointed, the shares in respect of which the calls was made or installment was payable, will be liable to be forfeited.

IN DEFAULT TO PAYMENT SHARES TO BE FORFEITED

52. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may at any time thereafter, before all the calls or installments and interest and expenses due in respect thereof are paid, be forfeited by a resolution of the Board to that effect. Such forfeiture shall include all dividends and bonus declared in respect of the forfeited shares and not actually paid before forfeiture but provided that there shall be no forfeiture of unclaimed dividends before the claim becomes barred by law.

NOTICE OF FORFEITURE

53. When any share shall have been so forfeited, notice of the resolution shall be given to the member in whose name it stood immediately prior to the forfeiture and an entry of the forfeiture, with the date thereof, shall forthwith be made in the Register of Members provided however that the failure to give the notice of the shares having been forfeited will not in any way invalidate the forfeiture.

FORFEITED SHARES TO BECOME PROPERTY OF THE COMPANY

54. Any shares so forfeited shall be deemed to be the property of the Company and the Board may sell, re-allot otherwise dispose off the same in such manner as it thinks fit.

POWER TO ANNUL FORFEITURE

55. The Board may, at any time before any share so forfeited shall have been sold, re-allotted or otherwise disposed off, annul the forfeiture thereof as a matter of grace and favour but not as of right upon such terms and conditions as it may think fit.

ARREARS TO BE PAID NOTWITHSTANDING FORFEITURE

56. Any member whose shares have been forfeited shall notwithstanding the forfeiture, be liable to pay and shall forthwith pay to the Company all calls, installments, interest and expenses owing upon or in respect of such shares at the time of the forfeiture together with interest thereon from the time of forfeiture until payment at such rate not exceeding fifteen per cent per annum as the Board may determine and the Board may enforce the payment of such moneys or any part thereof if it thinks fit, but shall not be under any obligation so to do.

EFFECT OF FORFEITURE

57. The forfeiture of a share shall involve the extinction of all interest in and also of all claims and demands against the Company, in respect of the share and all other rights, incidental to the share except only such of those rights as are by these Articles expressly saved.

PROCEEDS HOW TO BE APPLIED

58. The net proceeds of any such sale shall be applied in or towards satisfaction of the said debts, liabilities or engagements and the residue (if any) paid to such member, his heirs, executors, administrators or assigns.

DECLARATION OF FORFEITURE

59. (a) A duly verified declaration in writing that the declarant is a Director, the Managing Director of the Manager of the Secretary of the Company, and that share in the Company has been duly forfeited in accordance with these Articles, on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the Share.
- (b) The Company may receive the consideration, if any, given for the Share on any sale, re-allotment or other disposal thereof any may execute a transfer of the Share in favour of the person to whom the Share is sold or disposed off.
- (c) The person to whom such Share is sold, re-allotted or disposed of shall thereupon be registered as the holder of the Share.
- (d) Any such purchaser or allottee shall not (unless by express agreement) be liable to pay calls, amounts, installments, interests and expenses owing to the Company prior to such purchase or allotment nor shall be entitled (unless by express agreement) to any of the dividends, interests or bonuses accrued or which might have accrued upon the Share before the time of completing such purchase or before such allotment.
- (e) Such purchaser or allottee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the Share be effected by the irregularity or invalidity in the proceedings in reference to the forfeiture, sale re-allotment or other disposal of the Shares.
60. The declaration as mentioned in Article 59 (a) of these Articles shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the Share.

TITLE OF PURCHASER AND ALLOTTEE OF FORFEITED SHARES

61. The Company may receive the consideration, if any, given for the share on any sale, re-allotment or other disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed off and the person to whom such share is sold, re-allotted or disposed off may be registered as the holder of the share. Any such purchaser or allottee shall not (unless by express agreement to the contrary) be liable to pay any calls, amounts, installments, interest and expenses owing to the Company prior to such purchase or allotment, nor shall he be entitled (unless by express agreement to contrary) to any of the dividends, interest or bonuses accrued or which might have accrued upon the share before the time of completing such purchase or before such allotment. Such purchaser or allottee shall not be bound to see to the application of the purchase money, if any; nor shall his title to the share be affected by any irregularity or invalidity in the proceedings with reference to the forfeiture, sale, re-allotment or disposal of the share.

PARTIAL PAYMENT NOT TO PRECLUDE FORFEITURE

62. Neither a judgment nor a decree in favour of the Company for calls or other moneys due in respect of any shares nor any part payment or satisfaction thereof nor the receipt by the Company of a portion of any money which shall from time to time be due from any member in respect of any shares either by way of principal or interest nor any indulgence granted by the Company in respect of payment of any such money shall preclude the Company from thereafter proceeding to enforce a forfeiture of such shares as herein provided.

THE PROVISIONS OF THESE ARTICLES AS TO FORFEITURE TO APPLY IN CASE OF NON-PAYMENT OF ANY SUM

63. The provisions of these Articles as to forfeiture shall apply to the case of non-payment of any sum which by the terms of issue of a share becomes payable at a fixed time, whether on account of the nominal value of the Shares or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

BOARD MAY ACCEPT SURRENDER OF SHARES

64. The Board may at any time, subject to the provisions of the Act, accept the surrender of any share from or by any member desirous of surrendering the same on such terms as the Board may think fit.

COMPANY'S LIEN ON SHARE/DEBENTURES

65. The Company shall have a first and paramount lien upon all the shares/debentures (other than fully paid-up shares/debentures) registered in the name of each member (whether solely or jointly with others) and upon the proceeds of sale thereof for all moneys (whether presently payable or not) called or payable at a fixed time in respect of such shares/debentures and no equitable interest in any share shall be created except upon the footing and condition that this Article will have full effect. And such lien shall extend to all dividends and bonuses from time to time declared in respect of such shares/debentures. The registration of a transfer of shares/debentures shall not operate as a waiver of the Company's lien if any, on such shares/debentures unless otherwise agreed by the Board. The Directors may at any time declare any shares/debentures wholly or in part to be exempt from the provisions of this Article.

ENFORCING LIEN BY SALE

66. For the purpose of enforcing such lien, the Board may sell the shares subject thereto in such manner as it thinks fit but no sale shall be made until such time fixed as aforesaid shall have arrived and until notice in writing of the intention to sell, shall have been served on such member his heirs, executors, administrators or other legal representatives as the case may be and default shall have been made by him or them in payment, fulfillment or discharged of such debts, liabilities or engagements for fourteen days after the date of such notice.

APPLICATION OF PROCEEDS OF SALE

67. The net proceeds of any such sale shall be received by the Company and applied in or towards satisfaction of the said debts, liabilities or engagements and the residue, if any, shall be paid to such member, his heirs, executors, administrators or other legal representatives, as the case may be.

VALIDITY OF SALE IN EXERCISE OF LIEN AND AFTER FORFEITURE

68. Upon any sale after forfeiture or for enforcing a lien in purported exercise of the powers herein before given, the Board of Directors may appoint some person to execute an instrument of transfer of the shares sold and cause the purchaser's name to be entered in the register in respect of the shares sold and the purchaser shall not be bound to see to the regularity of the proceedings, nor to the application of the purchase money and after his name has been entered in the Register of members in respect of such shares, the validity of the sale shall not be impeached by any person and the remedy of any person aggrieved by the sale shall be in damages only and against the Company exclusively.

BOARD OF DIRECTORS MAY ISSUE NEW CERTIFICATES

69. Where an shares under the powers in that behalf herein contained are sold by the Board of Directors after forfeiture or for enforcing a lien, the certificate or certificates originally issued in respect of the relative shares shall (unless the same shall voluntarily or on demand by the Company, have been previously surrendered to the Company by the defaulting member) stand cancelled and become null and void and of no effect and the Board of Directors may issue a new certificate or certificates for such shares distinguishing it or them in such manner as it may think fit from the certificate or certificates previously issued in respect of the said shares.

SUM PAYABLE ON ALLOTMENT TO BE DEEMED A CALL

70. For the purpose of the provisions of these Articles relating to forfeiture of Shares, the sum payable upon allotment in respect of a share shall be deemed to be a call payable upon such Share on the day of allotment.

TRANSFER AND TRANSMISSION OF SHARES

REGISTER OF TRANSFER

71. The Company shall keep a book to be called the Register of Transfer and therein shall be fairly and distinctly entered the particulars of every transfer or transmission of any share.

EXECUTION OF TRANSFER

72. Subject to the Provisions of the Act and these Articles, the transfer of shares in or debentures of the Company shall be registered unless a proper instrument of transfer duly stamped and executed by or on behalf of the transferor or on behalf of the transferee and specifying the name, address and occupation, if any, of the transferee has been delivered to the Company along with the certificate if in existence or along with the letter of allotment of the shares or debentures. The transferor shall be deemed to remain the holder of such shares until the name of the transferee is entered in the register in respect thereof. Shares of different classes shall not be included in the same instrument of transfer.

INSTRUMENT OF TRANSFER

73. Every such instrument of transfer shall be signed both by the Transferor and transferee and the transferor shall be deemed to remain the holder of such share until the name of the transferee is entered in the Register of members in respect thereof.

FORM OF TRANSFER

74. The instrument of transfer shall be in writing and all the provisions of Section 56 of the Act and of any statutory modification thereof for the time being shall be duly complied with in respect of all transfers of shares and registration thereof. The Company shall use a common form for transfer.

NO TRANSFER TO A PERSON OF UNSOUND MIND, ETC

75. No transfer shall be made to a minor or a person of unsound mind.

TRANSFER OF SHARES

- 76.
- (i) An application for the registration of a transfer of shares may be made either by the transferor or by the transferee.
 - (ii) Where the application is made by the transferor and relates to partly paid shares, the transfer shall not be registered unless the Company gives notice of the application to the transferee and the transferee makes no objection to the transfer within two weeks from the receipt of the notice.
 - (iii) For the purpose of clause (2) hereof notice to the transferee shall be deemed to have been duly given if it is dispatched by prepaid registered post to the transferee at the address given in the instruments of transfer and shall be deemed to have been duly delivered at the time at which it would have been delivered in the ordinary course of post.

DIRECTORS MAY REFUSE TO REGISTER TRANSFER

77. Subject to the Provisions of Section 58 and 59, these Articles and other applicable provisions of the Act or any other law for the time being in force, the Board may refuse whether in pursuance of any power of the company under these Articles or otherwise to register the transfer of, or the transmission by operation of law of the right to, any Shares or interest of a Member in or Debentures of the Company. The Company shall within one month from the date on which the instrument of transfer, or the intimation of such transmission, as the case may be, was delivered to Company, send notice of the refusal to the transferee and the transferor or to the person giving intimation of such transmission, as the case may be giving reasons for such refusal. Provided that the registration of a transfer shall not be refused person or persons indebted to the Company on any account whatsoever except where the Company has a lien on Shares. If the Company refuses to register the transfer of any share or transmission of right therein, the Company shall within one month from the date on which instrument of transfer or the intimation of transmission, as the case may be, was delivered to the Company, sends notice of the refusal

to the transferee and the transferor or to the person giving intimation of such transmission as the case may be. Nothing in these Articles shall prejudice any power of the Company to register as shareholder any person to whom the right to any shares of the Company has been transmitted by operation of law.

NO FEE ON TRANSFER OR TRANSMISSION

78. No fee shall be charged for registration of transfer, transmission, Probate, Succession, Certificate and Letters of administration, Certificate of Death or Marriage, Power of Attorney or similar other document.

TRANSFER TO BE LEFT AT OFFICE AS EVIDENCE OF TITLE GIVEN

79. Every instruments of transfer duly executed and stamped shall be left at the office for registration accompanied by the certificate of the shares to be transferred and such other evidence as the Company may require to prove the title of the transferor or his right to transfer the shares.

WHEN TRANSFER TO BE RETAINED

80. All instruments of transfer which are registered shall be retained by the Company but any instrument of transfer which the Board declines to register shall, on demand, be returned to the person depositing the same. The Board may cause to be destroyed all transfer deeds lying with the Company after such period not being less than eight years as it may determine.

DEATH OF ONE OR MORE JOINT HOLDERS OF SHARES

81. In the case of death of any one or more of the persons named in Register of Members as joint shareholders of any share, the survivors shall be the only persons recognized by the Company as having any title to or interest in such shares, but nothing herein contained shall be taken to release the estate of a joint shareholder from any liability to the Company on shares held by him jointly with any other person.

TITLE TO SHARES OF DECEASED HOLDER

82. Subject to Article 81 the heir, executor or administrator of a deceased shareholder shall be the only person recognized by the Company as having any title to his shares and the Company shall not be bound to recognize such heir, executor or administrator unless such heir, executor or administrator shall have first obtained probate, letters of administration or succession certificate.

REGISTRATION OF PERSONS ENTITLED TO SHARE OTHERWISE THAN BY TRANSFER

83. Subject to the provisions of Article 90 any person becoming entitled to any share in consequence of the death, lunacy, bankruptcy or insolvency of any member or by any lawful means other than by a transfer in accordance with these present, may with the consent of the Directors (which they shall not be under any obligation to give) upon producing such evidence that the sustains the character in respect of which he proposes to act under this Article or of such titles as the Directors shall think sufficient, either be registered himself as a member in respect of such shares or elect to have some person nominated by him and approved by the Directors registered as a member in respect of such shares. Provided nevertheless that if such person shall elect to have his nominee registered he shall testify his election by executing in favor of his nominee on instrument of transfer in accordance with the provisions herein contained and until he does so, he shall not be free from any liability in respect of such shares.

A transfer of the share or other interest in the Company of a deceased member thereof made by his legal representative shall although the legal representative is not himself a member, be as valid as if he had been a member at the time of the execution of the instrument of transfer.

CLAIMANT TO BE ENTITLED TO SAME ADVANTAGE

84. The person entitled to a share by reason of the death lunacy, bankruptcy or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled as if he were registered holder of the shares except that he shall not before being registered as a member in respect of the share, be entitled in respect of it, to exercise any right conferred by membership in relation to the meeting of the Company provided that the Board may at any time give notice requiring any such persons to elect either to be registered himself or

to transfer shares and if the notice is not complied within sixty days the Board shall thereafter withhold payment of all dividends, interests, bonuses or other moneys payable in respect of the share until the requirements of the notice have been compelled with.

TRANSMISSION OF SHARE

85. Subject to the provisions of the Act and these Articles, any person becoming entitled to a share in consequence of the death, bankruptcy or insolvency of any member or by any lawful means other than by a transfer in accordance with these presents, may with the consent of the Board (which it shall not be under any obligation to give) upon producing such evidence as the Board think sufficient, either be registered himself as the holder of the share or elect to have some person nominated by him and approved by the Board registered as such holder, provided nevertheless that if such person shall elect to have his nominee registered, he shall testify the election by executing to his nominee an instrument of transfer of the share in accordance with the provisions herein contained and until he does so he shall not be freed from any liability in respect of the share.

BOARD MAY REFUSE TO TRANSMIT

86. The Board shall have the same right to refuse on legal grounds to register a person entitled by transmission to any share or his nominee, as if he were the transferee named in any ordinary transfer presented for registration.

BOARD MAY REQUIRE EVIDENCE OF TRANSMISSION

87. Every transmission of share shall be verified in such manner as the Board may require and if the Board so desires, be accompanied by such evidence as may be thought necessary and the Company may refuse to register any such transmission until the same be verified on requisite evidence produced or until or unless an indemnity be given to the Company with regard to such registration which the Board at its absolute discretion shall consider sufficient, provided nevertheless, that there shall not be any obligation on the Company or the Board to accept any indemnity.

TRANSFER BY LEGAL REPRESENTATION

88. A transfer of a share in the Company of a deceased member thereof made by his legal representative shall, although the legal representative is not himself a member be as valid as if he had been a member at the time of the execution of instrument of transfer.

CERTIFICATE OF TRANSFER

89. The Certification by the Company of any instrument of transfer of shares in or debentures of the Company, shall be taken as a representation by the Company to any person acting on the faith of the certification that there have been produced to the Company such documents as on the face of them show a prime facie title to the shares or debentures in the transferor named in the instrument of transfer, but not as a representation that the transferor has any title to the shares or debentures

THE COMPANY NOT LIABLE FOR DISREGARD OF A NOTICE PROHIBITING

REGISTRATION OF TRANSFER

90. The Company shall incur no liability or responsibility whatsoever in consequence of its registering or giving effect to any transfer or transmission of shares made or purporting to be made by any apparent legal owner thereof as shown or appearing in the Register of Members to the prejudice of persons having or claiming any equitable right, title or interest to or in the said shares, notwithstanding that the Company may have had notice of such equitable right, title or interest or notice prohibiting registration of such transfer any may have entered such notice or referred thereto in any book of the Company and the Company shall not be bound or required to regard or attend or give effect to any notice which may be given to it of any equitable right, title or interest or be under any liability whatsoever for refusing or neglecting so to do, though it may have been entered or referred to in some books of the Company but the Company shall nevertheless be at liberty to regard and attend to any such notice and give effect thereto if the Board shall so think fit.

NOMINATION

- 91.

- (i) Every shareholder or debenture holder of the Company, may at any time, nominate a person to whom his shares or debentures shall vest in the event of his death in such manner as may be determined by central government under the Act.
- (ii) Where the shares or debentures of the Company are held by more than one person jointly, joint holders may together nominate a person to whom all the rights in the shares or debentures, as the case may be shall vest in the event of death of all the joint holders in such manner as may be determined by central government under the act.
- (iii) Notwithstanding anything contained in any other law for the time being in force or in any disposition, whether testamentary or otherwise, where a nomination made in the manner aforesaid purports to confer on any person the right to vest the shares of debentures, the nominee shall, on the death of the shareholders or debenture holder or, as the case may be on the death of the joint holders become entitled to all the rights in such shares or debentures or, as the case may be , all the joint holders, in relation to such shares or debentures, to the exclusion of all other persons, unless the nomination is varied or cancelled in the manner as may be determined by central government under the Act.
- (iv) Where the nominee is a minor, it shall be lawful for the holder of the shares or debentures, to make the nomination to appoint any person to become entitled to shares in, or debentures of, the Company in the manner prescribed under the Act, in the event of his death, during the minority.

“Option of Nominee”

92.

- (i) A nominee upon production of such evidence as may be required by the Board and subject as hereinafter provided, elect, either-(a) to register himself as holder of the share or debenture, as the case may be; (b) or to make such transfer of the shares and/or debentures, as the deceased shareholder or debenture holder, as the case may be, could have made.
If the nominee elects to be registered as holder of the shares or debentures, himself, as the case may be, he shall deliver or send to the Company, notice in writing signed by him stating that he so elects and such notice shall be accompanied with death certificate of the deceased shareholder or debenture holder, as the case may be.
- (ii) A nominee shall be entitled to the share dividend/interest and other advantages to which he would be entitled if he were the registered holder of the shares or debentures, provided that he shall not, before being registered as a member, be entitled to exercise any right conferred by membership in relation to the meeting of the Company.

Provided further that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the shares or debentures, and if the notice is not complied within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the shares or debentures, until the requirements of the notice have been complied with.

TRUST NOT RECOGNISED

- 93. Save as herein otherwise provided, the Company shall be entitled to treat the person whose names appears on the Register of Members/Debentures as the holder of any Shares/Debentures in the records of the Company and/or in the records of the Depository as the absolute owner thereof and accordingly shall not (except as may be ordered by a Court of competent jurisdiction or as may be required by law) be bound to recognize any benami trust or equitable, contingent, future or other claim or interest or partial interest in any such shares/debentures on the part of any other person or (except only as is by these Articles otherwise expressly provided) any right in respect of a share other than an absolute right thereto on the part of any other person whether or not it shall have express or implied notice thereof, but the Board shall be at liberty and at its sole discretion decided to register any share/debenture in the joint names of any two or more persons or the survivor or survivors of them.

TRANSFER OF SECURITIES

- 94. Nothing contained in Section 56(1) of the Act or these Articles shall apply to a transfer of securities affected by a transferor and transferee both of whom are entered as beneficial owners in the records of depository.

NOTICE OF APPLICATION WHEN TO BE GIVEN

95. Where, in case of partly paid Shares, an application for registration is made by the transferor, the Company shall give notice of the application to the transferee in accordance with the provisions of Section 56 of the Act.

REFUSAL TO REGISTER NOMINEE

96. Subject to the provisions of the Act and these Articles, the Directors shall have the same right to refuse to register a person entitled by transmission to any Share of his nominee as if he were the transferee named in an ordinary transfer presented for registration.

PERSON ENTITLED MAY RECEIVE DIVIDEND WITHOUT BEING REGISTERED AS A MEMBER

97. A person entitled to a Share by transmission shall subject to the right of the Directors to retain dividends or money as is herein provided, be entitled to receive and may give a discharge for any dividends or other moneys payable in respect of the Share.

BOARD MAY REFUSE TRANSFER TO MORE THAN THREE PERSONS

98. Subject to the provisions of the Act, the Board may refuse to transfer a share or shares in the joint names of more than three persons.

JOINT HOLDERS

99. If any share stands in the name of two or more persons, the person first named in the Register of Members shall, as regards receipt of dividends or bonus or service of notice and/or any other matter connected with the Company, except voting at meeting and the transfer of the share, be deemed the sole holder thereof, but the joint holders of a share be severally as well as jointly, liable for the payment of all installments and calls due in respect of such share and for all incidents thereof subject to the following and other provisions contained in these articles;

JOINT AND SEVERAL LIABILITIES FOR ALL PAYMENTS IN RESPECT OF SHARES

- (a) The joint holders of any share shall be liable severally as well as jointly for and in respect of all calls and other payments which ought to be made in respect of such share.

TITLE OF SURVIVORS

- (b) On the death of any such joint holder, the survivor or survivors shall be the only person or persons recognized by the Company as having any title to the share but the Board may require such evidence of death as it may deem fit and nothing herein contained shall be taken to release the estate of a deceased joint holder from any liability on shares held by him jointly with any other person.

EFFECTUAL RECEIPTS

- (c) Any one of several persons who is registered as joint holder of any share may give effectual receipts for all dividends and payments on account of dividends in respect of such share.

DELIVERY OF CERTIFICATE AND GIVING OF NOTICE TO FIRST NAMED HOLDER

- (d) Only the person whose name stands first in the Register of Members as one of the joint holders of any share shall be entitled to delivery of the certificates relating to such share or to receive documents (which expression shall be deemed to include all documents referred to in Article 29 from the Company and document served on or sent to such person shall be deemed service on all the joint holders).

VOTES OF JOINT HOLDERS

- (e) Any one or two or more joint holders may vote at any meeting either personally or by attorney or by proxy in respect of such shares as if he were solely entitled thereto and if more than one of such joint holders be present at any meeting personally or by proxy or by attorney than that one or such persons so present whose name stands first or higher (as the case may be) on the Register of Members in respect of such shares shall alone be entitled to vote in respect thereof but the others of the joint holders shall be entitled to be present at the meeting; provided always that a joint holder present at any meeting

personally shall be entitled to vote in preference to a joint holder present by attorney or by proxy although the name of such joint holder present by an attorney or by proxy although the name of such joint holder present by an attorney or proxy stands first or higher (as the case may be) in the register in respect of such shares. Several executors or administrators of a deceased members in whose (deceased member's) sole name any shares stand shall for the purpose of this Article, be deemed joint holders.

CONVERSION OF SHARES INTO STOCK SHARES MAY BE CONVERTED INTO STOCK

100. The Board may, pursuant to section 61 with the sanction of a General Meeting, convert any paid up share into stock and when any shares shall have been converted into stock, the several holders of such stock may henceforth, transfer their respective interests therein or any part of such interest in the same manner as and subject to the same regulations, under which fully paid up share in the capital of the Company may be transferred or as near thereto as circumstances will admit, but the Board may, from time to time if it thinks fit, fix the minimum amount of stock transferable and direct that fractions of a rupee shall not be dealt with, power nevertheless at their discretion to waive such rules in any particular case.

RIGHTS OF STOCK-HOLDERS

101. The stock shall confer on the holders thereof respectively the same rights, privileges and advantages as regards participation in the profits and voting at meetings of the Company and for other purposes as would have been conferred by shares of equal amount in the capital of the Company of the same class as the shares from which such stock was converted, but so that none of such privileges or advantages except participation in the profits of the Company or in the assets of the Company on a winding up, shall be conferred by any such equivalent part of consolidated stock as would not, if existing in shares have conferred such privileges or advantages. No such conversion shall effect or prejudice any preference or other special privileges attached to the shares so converted. Save as aforesaid, all the provisions herein contained shall, so far as circumstances will admit, apply to stock as well as to shares. The Company may at any time reconvert any such stock into fully paid up shares of any denomination.

MEETING OF MEMBERS

102. (a) Subject to Section 96 of the Act, the Company shall in each year hold, in addition to any other meetings, a General Meeting as its Annual General Meeting and shall specify the meeting as such in the notices calling it and not more than fifteen months shall elapse between the date of the Annual General Meeting of the Company and that of the next, provided also that the Register may, for any special reason, extend the time within which any annual general meeting shall be held by a period not exceeding three months.
